
STATUTES OF CALIFORNIA
REGULAR SESSION
1970

STATUTES OF CALIFORNIA

Passed at the 1970 Regular Session of the Legislature

CHAPTER 1

An act to validate the Pasadena Area Junior College District maximum tax rate election of October 21, 1969, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 19, 1970. Filed with Secretary of State January 19, 1970.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that special and unique facts and circumstances exist in connection with the maximum tax rate election conducted by and within the Pasadena Area Junior College District on October 21, 1969, pursuant to Section 20803 and other provisions of the Education Code, at which an increase in the maximum rate of school district tax was approved by the electors of the district, and that these facts and circumstances are such as to justify the enactment of a special or local statute rather than a statute of general applicability to establish definitely the maximum rate at which taxes for the support of the district are to be levied and collected upon taxable property within the district.

While the proposal formulated by the governing board of the district, as well as the ballot arguments and the other publications made and publicity given in connection with the election, specified that the proposition to be voted upon was whether or not the maximum rate of tax was to be increased from 58 cents to 75 cents per \$100 of assessed valuation of property, the proposal, as expressed on the election ballot, was ambiguous in form. The proposal was there expressed without reference to an assessed valuation base as one to increase the maximum rate "from .5800¢ to .7500¢."

The Legislature has determined that the electors of the Pasadena Area Junior College District were not in fact misled by the ambiguous expression of the tax rate proposal on the election ballot.

SEC. 2. The proposal presented to the electors of the Pasadena Area Junior College District at the maximum tax rate election conducted on October 21, 1969, shall be deemed to have been a proposal for the increase of the maximum rate of school district tax from fifty-eight cents (\$.58) to seventy-five cents (\$.75) on each one hundred dollars (\$100) of as-

essed valuation of property within the district. The maximum rate of school district tax applicable in the Pasadena Area Junior College District is seventy-five cents (\$0.75) for each one hundred dollars (\$100) of assessed valuation of taxable property within the district. Such rate shall be deemed to have been the rate approved by the electors of the district at the maximum tax rate election held on October 21, 1969, and shall continue in effect and shall be subject to such other terms and conditions as specified in the proposal formulated by the governing board and presented to the electors of the district at that election.

The maximum tax rate election of October 21, 1969, held in the Pasadena Area Junior College District is otherwise hereby ratified, confirmed, validated and declared to be legally effective for all purposes.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The peace, health, and safety of the citizens of the state require the orderly and unhampered functioning of public bodies such as the Pasadena Area Junior College District and such functioning depends upon the validity of proceedings such as the district's maximum tax rate election of October 21, 1969. An ambiguity in the ballot proposition presented to the district electorate at the election, which in no way misled the voters, has, nevertheless, raised a legal question, and in order that the district may proceed with budget planning for the 1970-1971 fiscal year without fear of legal attack, it is necessary that this act take effect immediately.

CHAPTER 2

An act to amend Section 9 of Chapter 1544 of the Statutes of 1969, relating to the University of California Health Science Facilities Construction Program Bond Act of 1969, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 11, 1970. Filed with
Secretary of State February 11, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 9 of Chapter 1544 of the Statutes of 1969 is amended to read:

Sec. 9. The bonds authorized by this act shall be prepared, executed, issued, sold, paid and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3, Division 4, Title 2 of the Government Code), and all of the provisions of said law are ap-

plicable to said bonds and to this act and are hereby incorporated in this act as though set forth in full herein.

If Resolution Chapter 299 (Senate Constitutional Amendment No. 26) of the Statutes of 1969 is approved by the electors, the provisions thereof shall be applicable to bonds authorized by this act.

SEC. 1.5. The amendment effected by this act shall be incorporated in Chapter 1544, Statutes of 1969 when that measure is submitted to the voters on June 2, 1970. Within five days after the effective date of this act, the authors of ballot arguments on Chapter 1544 of the Statutes of 1969 shall, if necessary, revise such arguments to reflect the provisions of this act. The Legislative Counsel and the Attorney General, within such five-day period, shall revise their ballot pamphlet analyses and ballot title, respectively, to reflect the provisions of this act.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to assure that this amendment of the University of California Health Science Facilities Construction Program Bond Act of 1969 will become effective prior to the special election to be held on June 2, 1970, at which election said bond act will be submitted to the people for approval, it is necessary that this act go into immediate effect.

CHAPTER 3

An act relating to conflicts of interest, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 18, 1970 Filed with
Secretary of State February 18, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of law, a candidate required to file a financial disclosure statement pursuant to Section 3702 of the Government Code, may file such a statement up to and including April 6, 1970 without violating the provisions of Chapter 2 (commencing with Section 3700), Division 4.5, Title 1 of the Government Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Under the provisions of Section 3702 of the Government Code certain candidates for office are required to disclose ex-

tensive financial data within 10 days after they file for office. This date is rapidly approaching and due to the comprehensive nature of the financial disclosure law and uncertainty regarding its application these candidates must have additional time in which to prepare their financial disclosure statements.

SEC. 2. All public bodies heretofore organized or existing under, or under color of, any law are hereby declared to have

been legally organized and to be legally functioning as such public body. Every such public body shall have all the rights, powers, and privileges, and be subject to all the duties and obligations of such a public body regularly formed pursuant to law.

SEC. 4. All acts and proceedings heretofore taken by any public body or bodies under any law, or under color of any law, for the annexation or inclusion of territory into any such public body or for the annexation of any such public body to any other such public body or for the withdrawal or exclusion of territory from any such public body or for the consolidation, merger or dissolution of any public bodies are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of any such public body and of any person, public officer, board or agency heretofore done or taken upon the question of the annexation or inclusion or of the withdrawal or exclusion of such territory or the consolidation, merger or dissolution of such public bodies.

SEC. 5. All acts and proceedings heretofore taken by or on behalf of any public body under any law, or under color of any law, for the authorization, issuance, sale, or exchange of bonds of any such public body for any public purpose are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of such public body and of any person, public officer, board or agency heretofore done or taken upon the question of the authorization, issuance, sale, or exchange of such bonds.

All bonds of any public body heretofore issued shall be, in the form and manner in which issued and delivered, the legal, valid and binding obligations of the public body. All bonds of any public body heretofore authorized to be issued by ordinance, resolution, order or other action adopted or taken by or on behalf of the public body and hereafter issued and delivered in accordance with such authorization shall be the legal, valid and binding obligations of the public body. All bonds of any public body heretofore authorized to be issued at an election and hereafter issued and delivered in accordance with such authorization shall be the legal, valid and binding obligations of the public body. Whenever an election has heretofore been called for the purpose of submitting to the voters of any public body the question of issuing bonds for any public purpose, such bonds, if hereafter authorized by the required vote and in accordance

with the proceedings heretofore taken, and issued and delivered in accordance with such authorization, shall be the legal, valid and binding obligations of the public body.

SEC. 6. (a) The foregoing provisions of this act shall operate to supply such legislative authorization as may be necessary to validate any such acts and proceedings heretofore taken which the Legislature could have supplied or provided for in the law under which such acts or proceedings were taken.

(b) The foregoing provisions of this act shall be limited to the validation of acts and proceedings to the extent to which the same can be effectuated under the State and Federal Constitutions.

(c) The foregoing provisions of this act shall not operate to confirm, validate, or legalize any act, proceeding, or other matter the legality of which is being contested or inquired into in any legal proceeding now pending and undetermined or which may be pending and undetermined during the period of 30 days from and after the effective date of this act, and shall not operate to confirm, validate, or legalize any act, proceeding, or other matter which has heretofore been determined in any legal proceeding to be illegal, void or ineffective.

(d) This act shall not operate to confirm, validate, or legalize a contract between any district and the United States.

SEC. 7. Any action or proceeding contesting the validity of any action or proceeding heretofore taken under any law, or under color of any law, for the formation, organization or incorporation of any public body, or for any annexation thereto, exclusion therefrom or other change of boundaries thereof, or for the consolidation, merger or dissolution of any public bodies, or for the authorization, issuance, sale or exchange of bonds thereof upon any ground involving an alleged defect or illegality not effectively validated by the prior provisions of this act and not otherwise barred by any statute of limitations or by laches must be commenced within six months of the effective date of this act; otherwise each and all of said matters shall be held to be valid and in every respect legal and incontestable. This section shall not extend the period in which any action may be brought beyond the period in which it would be barred by any presently existing valid statute of limitations.

SEC. 8. Nothing contained in this act shall be construed to render the creation of any city or district, or any change in the boundaries of any city or district, effective for purposes of assessment or taxation unless the statement, together with the map or plat, required to be filed under Sections 54900 to 54904, inclusive, of the Government Code, is filed within the time and substantially in the manner required by said sections.

SEC. 9. As used in this act, the word "now" means the date this act takes effect; the word "heretofore" means any time prior to such effective date; and the word "hereafter" means any time subsequent to such effective date.

SEC. 10. This act may be cited as the First Validating Act of 1970.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The peace, health and safety of the citizens of the state require the orderly and unhampered functioning of public bodies and such functioning depends upon the validity of the organization, boundaries, and governing officers or boards of public bodies, and upon the validity of acts, proceedings, and bonds of public bodies, and it is therefore imperative and essential that such matters be validated so that during the period before this act would otherwise become effective:

(1) Citizens of the state can be afforded the protection of the police, fire, safety, sanitary, and other regulations and protections provided by public bodies;

(2) Public works and construction by public bodies can be commenced and continued without delay or restriction, to provide sewers, waterworks, schools, storm drains, flood control works, sanitary facilities, electric and other utility works, firehouses and facilities, police stations and facilities, streets, hospitals, and other works, structures, improvements, and facilities required for the public peace, health and safety, and immediately needed to provide for an increased population;

(3) Public bodies can issue and sell bonds heretofore authorized for the purpose of providing sewers, waterworks, schools, storm drains, flood control works, sanitary facilities, electric and other utility works, firehouses and facilities, police stations and facilities, streets, hospitals, and other works, structures, improvements, and facilities required for the public peace, health, and safety and immediately needed to provide for an increased population, which cannot now be sold because of defects in the organization or boundaries of some public body or in the authorization of such bonds, which defects will be cured by this act.

CHAPTER 5

An act to authorize cities to refund excess taxes levied on property by reason of the fixing of tax rates, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 27, 1970. Filed with Secretary of State February 27, 1970.]

The people of the State of California do enact as follows:

SECTION 1. (a) If the legislative body of any city has failed to make the election provided for in Section 13908 of the Health and Safety Code but included an item in the city's

annual operating budget for the 1969-1970 fiscal year for fire protection and has included such item within its tax levy for such year, the legislative body may, by ordinance, appropriate from any funds available for such purpose a sum sufficient to refund to taxpayers who have paid one or both installments of tax an amount equal to the amount of taxes attributable to such item for the 1969-1970 fiscal year, plus any penalties and interest paid which are attributable to the tax imposed for such item.

(b) If an ordinance is adopted pursuant to subdivision (a) of this section, the legislative body of the city shall contract, on such terms as the parties may agree, with the county which assesses and collects the city's taxes to reduce the rate of the city's tax for the first installment on tax delinquent property on the secured roll and for the second installment on property on the secured roll in an amount equal to the amount of city taxes attributable to the budgetary item described in subdivision (a). Interest and penalties attributable to the tax to finance such item on such property shall be canceled. The ordinance shall specify the amount of the rate reduction and the contract shall provide that the city shall be liable for the reasonable costs incurred by the county pursuant to this subdivision.

(c) If an ordinance is adopted pursuant to subdivision (a) of this section, it shall provide for the time and manner in which the refunds shall be made. Such refunds shall be made to the person who paid the tax or to his guardian, executor, or administrator. As used in this subdivision, "person" includes any person, firm, partnership, association, corporation, company, syndicate, estate, trust, business trust, or organization of any kind.

SEC. 2. (a) In lieu of adopting the ordinance authorized by Section 1 of this act, if the legislative body determines that a tax has been imposed on property within the city to finance the budgetary item described in Section 1, it may, by ordinance, appropriate from any funds available for such purpose a sum sufficient to refund to taxpayers an amount equal to the total amount of taxes attributable to such item for the 1969-1970 fiscal year, plus any penalties and interest paid which are attributable to the tax imposed for such item.

(b) If an ordinance is adopted pursuant to subdivision (a) of this section, it shall specify the amount of tax rate reduction and shall provide for the time and manner in which the refunds shall be made. Such refunds shall be made to the person who paid the tax or to his guardian, executor, or administrator. As used in this subdivision, "person" includes any person, firm, partnership, association, corporation, company, syndicate, estate, trust, business trust, or organization of any kind.

(c) If an ordinance is adopted pursuant to subdivision (a) of this section, a county, as soon as is practicable following

receipt of the certified copy of such ordinance described in Section 3 of this act, shall reduce the rate of the city's tax on tax delinquent property on the secured roll in an amount equal to the amount of city taxes attributable to the budgetary item described in Section 1. Interest and penalties attributable to the tax to finance such item on such property shall be canceled.

SEC. 3. As soon as is practicable after the adoption of an ordinance pursuant to Section 1 or 2 of this act, the clerk of the legislative body of the city shall transmit a certified copy of the ordinance to the county which assesses and collects the city's taxes. The county auditor shall adjust the rate of tax on property within the city on the unsecured roll for the 1970-1971 fiscal year in an amount which reflects the amount attributable to the budgetary item described in Section 1 for the 1969-1970 fiscal year.

SEC. 4. The legislative body of a city adopting an ordinance pursuant to this act may provide that the ordinance shall take effect immediately.

SEC. 5. This act shall remain in effect until the 61st day after the final adjournment of the 1971 Regular Session of the Legislature, and shall have no force or effect on or after that date.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Legislature finds that at least one city in California was recently annexed to a fire protection district and the city initially agreed with the district for the years 1967-1968 and 1968-1969 to pay from its general funds to the district a sum to compensate the district for a pro rata share of the amount of revenue the district would have received if property within the city had been on the district's tax rolls. For the 1969-1970 fiscal year, the county which levies and collects taxes for the fire protection district included the property within the city on the district's tax rolls and levied the district's tax on such property since the city did not make an election as provided in Section 13908 of the Health and Safety Code. The city, not realizing that an election was required for the year 1969-1970, also included the item in its annual 1969-1970 operating budget to fund this particular service and this amount is reflected in the city's general tax rate. Thus, property owners in the city are being called upon to pay twice in the same fiscal year for fire protection service. It is necessary that this act go into immediate effect to provide a remedy for this type of situation for all cities similarly situated.

CHAPTER 6

An act to establish procedures for the assessment of open-space lands, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 27, 1970. Filed with Secretary of State February 27, 1970]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of law to the contrary, the assessment procedures specified under Section 423 of the Revenue and Taxation Code shall be effective with respect to land subject to taxation for the 1970-1971 fiscal year, if such land is subject to an instrument meeting the requirements of Section 422 of the Revenue and Taxation Code and such instrument is signed and recorded on or before May 15, 1970.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some counties and cities have inadvertently failed to file the instruments reflecting the true status of property as being eligible for the assessment authorized by the Constitution for open-space lands, and in some cases negotiations to sign such instruments were not completed by the lien date in 1970. As a result, some individuals now are confronted with obligations which, if met, will substantially impair their ability to function effectively. This act will remedy the situation by, in effect, removing the procedural bar to the proper valuation of such property for tax purposes. In so doing, the public policy of the state as expressed in the Constitution will be entirely fulfilled and the state as a whole will benefit.

CHAPTER 7

An act to amend Section 6412 of the Financial Code, relating to savings and loan associations, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 27, 1970. Filed with Secretary of State February 27, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 6412 of the Financial Code is amended to read:

6412. No gift or premium shall be given by an association as an inducement to investment in its shares or investment certificates where the cost of such gift or premium is in excess

of three dollars and fifty cents (\$3.50), provided that the commissioner may, by regulation, increase such limitation. The commissioner may exercise such authority only if, and to the extent that, federally chartered associations doing business in this state are permitted to exceed such limitation by federal law or regulation.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Federal agencies with jurisdiction to regulate the monetary value of premiums payable to depositors by savings and loan associations have determined to raise the permissible monetary value of such premiums beyond the amount now permitted by law to be paid to depositors by state-chartered savings and loan associations. It is contemplated that the effective date of such change will be approximately March 1, 1970. Unless this action is made effective immediately and operative as of this time, depositors in state-chartered savings and loan associations in California may be deprived of the opportunity to receive premiums on the same basis as depositors in federal savings and loan associations in California and elsewhere.

CHAPTER 8

An act to amend Section 7262 of the Revenue and Taxation Code, relating to district use taxes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 3, 1970 Filed with
Secretary of State March 3, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 7262 of the Revenue and Taxation Code is amended to read:

7262. The use tax portion of any transactions and use tax ordinance adopted under this part shall impose a complementary tax upon the storage, use or other consumption in the district of tangible personal property purchased from any retailer for storage, use or other consumption in the district. Such tax shall be at a rate of one-half of 1 percent of the sales price of the property whose storage, use or other consumption is subject to the tax, and the ordinance shall include provisions in substance as follows:

(a) Provisions identical to those contained in Part 1 (commencing with Section 6001) of this division, excepting Section 6376, insofar as they relate to use taxes and are not inconsistent with this part, except that the name of the district as the taxing agency shall be substituted for that of the state.

The name of the district shall be substituted for the word "state" in the phrase "retailer engaged in business in this state" in Section 6203 and in the definition of that phrase.

An additional provision shall be included that a retailer engaged in business in the district shall not be required to collect use tax from the purchaser of tangible personal property unless the retailer ships or delivers the property into the district or participates within the district in making the sale of the property, including, but not limited to soliciting or receiving the order, either directly or indirectly, at a place of business of the retailer in the district or through any representative, agent, canvasser, solicitor, subsidiary or person in the district under authority of the retailer.

(b) A provision that all amendments subsequent to the effective date of this part to the provisions of Part 1 (commencing with Section 6001) of this division relating to the use tax and not inconsistent with this part shall automatically become a part of the ordinance; provided, however, that no such amendment shall operate so as to affect the rate of tax imposed by the district's board.

(c) A provision that the amount subject to tax shall not include the amount of any sales tax or use tax imposed by the State of California or by any city, city and county, or county pursuant to the Bradley-Burns Uniform Local Sales and Use Tax Law, or the amount of any state-administered transactions or use tax.

(d) A provision that the storage, use or other consumption of tangible personal property, the gross receipts from the sale of which have been subject to a transactions tax under any state-administered transactions and use taxes ordinance shall be exempt from the tax.

(e) A provision that the storage or use of tangible personal property in the transportation or transmission of persons, property, or communications or in the generation, transmission or distribution of electricity or in the manufacture, transmission or distribution of gas in intrastate, interstate or foreign commerce by public utilities which are regulated by the Public Utilities Commission of the State of California shall be exempt from the tax.

(f) A provision that the storage, use, or other consumption in the district of tangible personal property is exempt from tax if purchaser is obligated to purchase the property for a fixed price pursuant to a contract entered into prior to the operative date of the ordinance. The possession of, or the exercise of any right or power over, tangible personal property under a lease which is a continuing purchase of such property is exempt from tax for any period of time for which the lessee is obligated to lease the property for an amount fixed by a lease prior to the operative date of the ordinance. For the purposes of this subdivision, storage, use, or other consumption, or possession, or exercise of any right or power over, tangible personal property shall be deemed not to be obli-

gated pursuant to a contract or lease for any period of time for which any party to the contract or lease has the unconditional right to terminate the contract or lease upon notice, whether or not such right is exercised.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to provide for needed changes in district use taxes prior to the time that the use tax ordinances of the San Francisco Bay Area Rapid Transit District and the Southern California Rapid Transit District become operative, it is necessary that this act go into immediate effect.

CHAPTER 9

An act to amend Section 24001 of the Government Code, relating to adult probation officers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 3, 1970. Filed with
Secretary of State March 3, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 24001 of the Government Code is amended to read:

24001. Except as otherwise provided in Sections 27550.1 and 27641.1 of this code or in this section, a person is not eligible to a county or district office, unless at the time of his election or appointment he is of the age of 21 years or over, a citizen of the state, and an elector of the county or district in which the duties of the office are to be exercised. However, if a duly qualified health officer is not available within a county or district, then it shall not be necessary that any person appointed to any such position be a citizen of the state or an elector of the county or district at the time of his appointment.

The assessor, tax collector, or treasurer of a district formed under the Irrigation District Law (commencing with Section 20500 of the Water Code) need not be a resident of the district in which the duties of the office are to be exercised.

The board of supervisors of any county may, if it finds that the best interests of the county will be served, waive the requirement that the administrative officer be an elector of the county.

The board of supervisors or any other legally constituted appointing authority in a county that is consolidated with a city may, if it finds that the best interests of the county will be served, waive the requirements of this section for an appointment to the office of chief juvenile probation officer or chief

adult probation officer that the appointee be a citizen of the state and an elector of the county.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The position of adult probation officer in San Francisco will be vacated effective March 1, 1970.

CHAPTER 10

SECTION 1. The unexpended balance of the appropriation made by Section 1 of Chapter 52 of the Statutes of 1969 shall be available for expenditure by the Department of Finance for the purposes of the Emergency Flood Relief Law (Article 6 (commencing with Section 54150), Chapter 5, Part 1, Division 2, Title 5, Government Code) for damage or destruction to public real property, other than the repair, restoration, or replacement of streets, roads, and bridges, by storm and flood or flood conditions, including damage or destruction by flood conditions arising from tidal waves, which occurred between December 1, 1969, and July 1, 1970; provided that the local agency has applied to the Department of Finance for an allocation of funds on or before July 31, 1970.

SEC. 2. The funds made available by Section 1 of this act may also be expended for the purposes described in Section 54155 of the Government Code.

SEC. 3. Allocations of funds under Section 1 of this act may be expended, if the local agency so elects, for the repair, restoration, or replacement of a public building to present-day standards; provided, that the square footage of such building is not increased thereby.

SEC. 4. Notwithstanding the provisions of Section 54157 of the Government Code, whenever the Department of Finance determines that a local agency to which funds available pursuant to Section 1 of this act are proposed to be allocated is financially unable to meet the matching requirements set forth in Section 54157 of the Government Code due to exhaustion of its financial resources because of disaster expenditures, the provisions of Section 54157 of the Government Code shall not apply, and the Department of Finance may allocate funds

available pursuant to Section 1 of this act to pay all of the cost of repairing, restoring, or replacing public buildings of such local agency or such portion of such cost as the department determines is necessary to accomplish the project, taking into consideration the financial ability of the local agency to meet the matching requirements of Section 54157 of the Government Code, less any money provided by the United States or any agency thereof for any portion of the cost of the project; provided, that the total amount of state funds allocated for any one project pursuant to this section shall not exceed the sum of two hundred thousand dollars (\$200,000).

The money in the Street and Highway Disaster Fund under subdivision (b) of Section 186.95 of the Streets and Highways Code shall be available for expenditure for allocation by the State Allocation Board for the purposes of the Emergency Flood Relief Law, including the purposes provided for in Section 54160 of the Government Code, for the repair, restoration, or replacement of any local street, road, or bridge damaged or destroyed by storm and flood or flood conditions, including damage or destruction by flood conditions arising from tidal waves, occurring between December 1, 1969, and July 1, 1970; provided, that the local agency has applied to the State Allocation Board for an allocation of funds on or before July 31, 1970.

SEC. 6. Whenever the Department of Finance determines that a local agency which would otherwise be eligible for an allocation under the formula of Section 54157 of the Government Code is unable to finance the work due to exhaustion of its financial resources because of disaster expenditures, the State Allocation Board may allocate funds available pursuant to Section 5 of this act to pay such portion of the cost of repairing, restoring, or replacing the streets, roads and bridges of such local agency as the department has determined is necessary to accomplish such work; provided, that if the local agency is a county, the amount contributed by each local agency shall not be reduced to less than an amount of money equal to the amount allocated to such local agency for the 1968-69 fiscal year pursuant to Section 2110.5 of the Streets and Highways Code; and provided, further, that if the local agency is a county, the Department of Finance, in determining whether the county's financial resources are exhausted shall ascertain whether the county has levied during the then current year, the maximum property tax for highway purposes authorized by Section 1550 of the Streets and Highways Code in the road district in which the work is proposed, and if such tax is being levied at less than the maximum rate authorized by Section 1550, the amount to be allocated by the State Allocation Board under this section shall be reduced by an amount equivalent to the difference between the revenue derived from the property tax being levied for highway purposes in such road district and the revenue which would have been

derived from such tax at the maximum rate authorized by Section 1550. In determining if a county has levied sufficient taxes, amounts to be received from other taxes levied by that county and used for road purposes shall be included.

SEC. 7. The unexpended balance of the money transferred to the Street and Highway Disaster Fund pursuant to subdivision (a) of Section 17 of Chapter 52 of the Statutes of 1969 shall be available for expenditure for allocation by the State Allocation Board for the purposes of the Emergency Flood Relief Law, including the purposes provided for in Section 54160 of the Government Code, for the repair, restoration, or replacement of any local street, road, or bridge damaged or destroyed by storm and flood or flood conditions, including damage or destruction by flood conditions arising from tidal waves, occurring between December 1, 1969, and July 1, 1970; provided, that the local agency has applied to the State Allocation Board for an allocation of funds on or before July 31, 1970.

SEC. 8. The unexpended balance of the money transferred to the State Highway Fund pursuant to subdivision (b) of Section 17 of Chapter 52 of the Statutes of 1969 shall be available for expenditure, without regard to the provisions of Sections 188, 188.8, and 188.9 of the Streets and Highways Code, for the repair, replacement, or restoration of highways and bridges in the state highway system damaged or destroyed by storm and flood or flood conditions which have occurred between December 1, 1969, and July 1, 1970, to present-day standards and to accommodate present traffic.

All moneys which are made available by the various provisions of this act for expenditure or allocation for the repair, restoration, or replacement of public real property damaged or destroyed by storm and flood or flood conditions are hereby appropriated for expenditure, without regard to fiscal years for the particular purposes specified by the respective provisions.

Sec. 8. The board of trustees must keep an office in or near the district for the transaction of the business thereof, and the books, maps, papers, records, contracts and other documents pertaining to the affairs of the district must be open for inspection to any person interested at all times. From and after the election and qualification of said trustees said district shall be deemed organized and shall have power to sue or be

sued. The board of trustees shall have power to elect one of its members president thereof, to employ engineers and others, to survey, plan, locate and estimate the cost of the works and improvements necessary, in the way of erection or repair of levees, dikes and other works for the benefit of said district; to thereafter and at any time in its discretion modify or change said original plan or plans or to adopt any new supplemental or additional plan or plans, when in its judgment the same shall become necessary; to acquire by purchase, condemnation or otherwise, rights-of-way, and the right to take material for the construction of all works necessary for the accomplishment of the objects of the district including drains, levees and embankments, and to construct, maintain and keep in repair all works, requisite and necessary to that end; and to do all other acts and things necessary or required for the protection of the lands in said district from the overflow of any river, stream, streams or watercourse, and to employ the service of any person legal or otherwise which in the judgment of said board of trustees may be necessary to the welfare of the district. The said board of trustees shall each year estimate the total cost for all purposes of erecting, constructing or repairing levees, dikes or other works, and doing the necessary things for the protection of the lands and property within said district from the overflow of any river, stream, streams or watercourse, and maintain the same for one year, including all damages awarded to any person by reason of the erection or construction of any of said levees, dikes or other works for protection, and shall thereupon make a report of the foregoing matters to the board of supervisors in which said district is situated, showing the amount of money required by said district for all purposes for one year thereafter. Said estimate of moneys necessary for said district for each year, and said report shall be made to said board of supervisors and the county auditor by said board of trustees on or before the first day of August of each year after the formation of said district and said estimate made as aforesaid and report to said board of supervisors and auditor by said board of trustees as hereinbefore set out, shall in each instance form the basis of the estimates of the board of supervisors for the amount of money required to be raised by assessment on the lands and personal property within such district for such year.

SEC. 25. Section 10 of Chapter 310 of the Statutes of 1905 is amended to read:

Sec. 10. At the time when by law it is the duty of the board of supervisors of such county to fix the annual tax rate of such county, the said board of supervisors taking as a basis the last previous estimate and report of said board of trustees of said district as hereinbefore specified, for the amount of money necessary to be raised in said district for the purposes thereof for that year, and the valuation of the lands and improvements thereon, and personal property within such district as furnished them by the county assessor, must levy a

tax upon all taxable property in such levee district sufficient to raise the amount set forth in said estimate and report as made by said board of trustees.

The rate of taxation as fixed by the board of supervisors, shall be such as will produce, after due allowance for delinquency, the amount determined as necessary to be raised by taxation on the secured roll. The taxes so levied shall be computed and entered upon the assessment roll of the county by the county auditor and collected at the same time, and in the same manner as state and county taxes; and when collected shall be paid into the county treasury for the use of said levee district in which said taxes were levied. And all taxes so levied as hereinbefore provided shall be a lien upon the lands and property in said district, in the manner, and with the same effect, and collected in the same way, as are state and county taxes.

CHAPTER 18

An act to add Section 7003.3 to the Welfare and Institutions Code, relating to health facilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 16, 1970. Filed with
Secretary of State March 16, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 7003.3 is added to the Welfare and Institutions Code, to read:

7003.3. Sections 7003.1 and 7003.2 do not apply to institutions which are not required by this code or rules and regulations of the department to have a medical director, an organized medical staff or a resident medical staff, or to provide professional nursing services by a registered nurse or supervision of nursing services by a licensed registered nurse, a graduate nurse, a licensed vocational nurse, or a certified psychiatric technician.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Recent legislation requiring that the voluntary area or local health planning body review and approve a private mental health facility's change in bed capacity prior to licensure by the Department of Mental Hygiene places unnecessary burdens on and causes undue hardships to otherwise qualified non-medical care facilities. In order that such facilities may be licensed without such review and approval which is provided for in this act it is necessary that this act become effective as soon as possible.

CHAPTER 19

An act to amend Sections 6510.6 and 6559.1 of the Financial Code, relating to savings and loan associations, and declaring the urgency thereof.

[Approved by Governor March 16, 1970 Filed with
Secretary of State March 16, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 6510.6 of the Financial Code is amended to read:

6510.6. Savings shares are shares designated as such. Without regard to any other provision of law, a savings share issued without a passbook may contain a provision for a definite rate of return thereon and may be issued with a maximum maturity date of 10 years from the date of issue; provided that nothing herein shall be deemed to prohibit the renewal of any matured savings share. Without regard to any other provision of law, a savings share shall be in one of the following forms or such other form as the commissioner may approve, and need contain no other recitals, except that in the case of a savings share issued with passbook, the passbook shall contain a record of transactions relating to the account:

1. Form of savings share issued with passbook:

“This certifies that _____ holds a savings share in _____ subject to the laws of the State of California, and to the articles of incorporation and bylaws of the association.”

2. Form of savings share issued without passbook (providing for definite rate of return):

“\$_____

“This certifies that _____ holds a savings share, in the amount shown hereon, in _____, subject to the laws of the State of California, and to the articles of incorporation and bylaws of the association, and is entitled to be paid the amount hereof plus dividends at the rate of _____ percent per annum from the date hereof to the date of maturity which is _____.”

3. Form of savings share issued without passbook (not providing for definite rate of return):

“\$_____

“This certifies that _____ holds a savings share, in the amount shown hereon, in _____, subject to the laws of the State of California, and to the articles of incorporation and bylaws of the association.”

SEC. 2. Section 6559.1 of the Financial Code is amended to read:

6559.1. A savings certificate is an investment certificate designated as such. Without regard to any other provision of law, a savings certificate issued without a passbook may contain a provision for a definite rate of return thereon and may be issued with a maximum maturity date of 10 years from the date of issue, provided that nothing herein shall be deemed

to prohibit the renewal of any matured savings certificate. Without regard to any other provision of law, a savings certificate shall be in one of the following forms or such other form as the commissioner may approve, and need contain no other recitals, except that in the case of a savings certificate issued with passbook, the passbook shall contain a record of transactions relating to the account:

1. Form of savings certificate issued with passbook:

"This certifies that ----- holds a savings certificate in ----- subject to the laws of the State of California, and to the articles of incorporation and bylaws of the association."

2. Form of savings certificate issued without passbook (providing for definite rate of return):

"\$-----

"This certifies that ----- holds a savings certificate in the amount shown hereon in --- ----, subject to the laws of the State of California and to the articles of incorporation and bylaws of the association, and is entitled to be paid the amount hereof plus interest at the rate of ----- percent per annum from the date hereof to the date of maturity which is -----."

3. Form of savings certificate issued without passbook (not providing for definite rate of return):

"\$-----

"This certifies that ----- holds a savings certificate in the amount shown hereon in ---- -, subject to the laws of the State of California and to the articles of incorporation and bylaws of the association."

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Recent amendments to federal regulations governing federally chartered savings and loan associations with respect to the maximum term for which certain types of investments with such associations may be made threaten to make state-chartered associations noncompetitive with respect to such types of investments. In order to keep state-chartered associations on a competitive basis with their federal counterparts it is thus necessary that this act take effect immediately.

CHAPTER 20

An act to authorize the assessment or reassessment of damaged or destroyed property in disaster areas, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 16, 1970 Filed with
Secretary of State March 16, 1970]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any provision of law to the contrary, the board of supervisors may, by ordinance, provide

that every person who at 12:01 a.m. on the first day of March, 1969, was the owner of, or had in his possession, or under his control, any taxable property, or who acquired such property after March 1, 1969, and is liable for the taxes thereon for the 1969-1970 fiscal year, which property was thereafter damaged or destroyed, without his fault, by a major misfortune or calamity, prior to March 1, 1970, in an area or region subsequently proclaimed by the Governor to be in a state of disaster, if such property was damaged or destroyed by the major misfortune or calamity which caused the Governor to proclaim the area or region to be in a state of disaster, may, within the time specified in the ordinance, make application for reassessment of such property and deliver to the assessor a written statement showing the condition and value, if any, of the property immediately after the damage or destruction, which damage must be shown therein to be in excess of one thousand dollars (\$1,000). If no such application is made and the county assessor determines that the full cash value of such property for the 1970-1971 assessment year is reduced from the full cash value of such property for the 1969-1970 assessment year by more than one thousand dollars (\$1,000) due to the damage or destruction caused by the major misfortune or calamity, the assessor shall notify the property owner that the property will be reassessed. The assessor shall assess the property, or reassess it if it has already been assessed, according to the condition and value immediately after the damage or destruction, and the assessor, if he reassesses the property, shall transmit to the local board of equalization a description of the property so reassessed, the name of the person making the application in connection with the property, if any, or the name of the property owner notified of the reassessment, and the value of the property as so reassessed. Upon such notice as it may find to be proper, the local board of equalization shall equalize any such assessment or reassessment.

The tax rate fixed for property on the roll on which the property so assessed appears or the property so reassessed appeared at the time of its original assessment shall be applied to the amount of the equalized assessment or reassessment determined in accordance with the preceding paragraph. In the event that the resulting figure is less than the tax theretofore computed, the tax shall be determined as follows:

(a) With respect to property on the secured roll, one-half of the tax due on the property as originally assessed at the rate established for property on the secured roll for the 1969-1970 fiscal year shall be paid; plus

(b) One-half of the tax due on the property as reassessed in its damaged or destroyed condition at the rate established for property on the secured roll for the 1969-1970 fiscal year shall be paid.

Any tax paid in excess of the total tax due shall be refunded to the taxpayer pursuant to Chapter 5 (commencing with Sec-

tion 5096) of Part 9 of Division 1 of the Revenue and Taxation Code, as an erroneously collected tax.

(c) With respect to property on the unsecured roll, one-half of the tax due on the property as originally assessed at the rate established for property on the unsecured roll for the 1969-1970 fiscal year shall be paid; plus

(d) One-half of the tax due on the property as reassessed in its damaged or destroyed condition at the rate established for property on the unsecured roll for the 1969-1970 fiscal year shall be paid.

Any tax paid in excess of the total tax due shall be refunded to the taxpayer pursuant to Chapter 5 (commencing with Section 5096) of Part 9 of Division 1 of the Revenue and Taxation Code, as an erroneously collected tax.

This section applies to all counties, whether operating under a charter or under the general laws of this state.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The disastrous storms and floods in the northern part of this state have damaged and destroyed property to such an extent that, unless relief is given to the owners of such property, there is grave danger that they will be unable to pay the taxes levied thereon. In order that property tax relief may be provided at the earliest possible time to persons in these stricken areas, it is necessary that this act go into immediate effect.

CHAPTER 21

An act to amend Section 8553 of the Agricultural Code, relating to citrus pest control districts, declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 16, 1970. Filed with
Secretary of State March 16, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 8553 of the Agricultural Code is amended to read:

8553. A district may pay limited compensation to the owner of any citrus tree infected with quick decline (tristeza) which is removed by the district or by the owner within 60 days after written notice of such infection to the owner by the district, and prior to March 1, 1975. Such limited compensation shall not exceed the following payment schedule with the age of the tree being conclusively established as of the time written notice of such infection is first given to the owner.

The schedule of payments is as follows:

Age of trees	Maximum payment
1 year -----	\$5 per tree
2 years -----	7.50 per tree
3 years -----	10 per tree
4 years -----	14 per tree
5 years -----	17.50 per tree
6 years -----	20.75 per tree
7 years or older -----	25 per tree

For the purposes of this section, the holder of the record title of the real property on which the trees are located shall be considered to be the owner of the citrus trees to whom written notice of infection is given.

The written notice referred to above shall be a written or printed document labeled "Notice of Infection," addressed to the owner and informing the owner of the existence of such infected trees, their location, and that they should be removed forthwith.

For the purposes of determining the age of infected citrus trees under this section, trees shall be considered one year old as of the January 1st succeeding the calendar year in which they are planted, and shall be deemed one year older on the January 1st of each succeeding year.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The citrus industry of this state has continued to be threatened by quick decline (*tristeza*), it is necessary that this program of limited compensation for removal of diseased trees which will expire March 1, 1970, be continued without interruption. To that end it is essential that this act go into immediate effect.

CHAPTER 22

An act to amend Section 6480 of the Health and Safety Code, relating to sanitary districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 17, 1970. Filed with Secretary of State March 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 6480 of the Health and Safety Code is amended to read:

6480. (a) The officers of the district are an assessor and five members of the board.

(b) Any member of the legislative body of a city whose territory is encompassed, in whole or in part, by the bound-

aries of the district is not disqualified from holding office as a member of the board solely because of his membership on such legislative body.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Many well-qualified members of city councils are presently precluded from serving upon the board of a sanitary district whose territory encompasses any part of their city. It is necessary that this act be given immediate effect so these individuals may immediately commence to serve upon these boards and lend their expertise and advice to their deliberations.

CHAPTER 23

An act to add Section 19576.2 to the Education Code, relating to state school building aid, declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 18, 1970 Filed with
Secretary of State March 19, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 19576.2 is added to the Education Code, to read:

19576.2. Notwithstanding any other provision of this chapter, whenever the board has made an apportionment more than two years after the original approval of and apportionment for any construction project, and pursuant to Section 19576 has required the district to issue additional qualifying bonds as a condition of such apportionment, the board may continue to make apportionments as it may consider necessary to complete the approved construction project without requiring further qualification by the district, provided such apportionments are made within two years of the date upon which the additional qualifying bonds were required.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

One or more school districts in the state have experienced delays in connection with school construction projects which have been approved by the State Allocation Board and for which apportionments have been made. These delays have already made necessary the issuance of additional qualifying bonds. Further delays, and the attendant problems of rising costs, will occur if proceedings for the issuance of additional bonds must be undertaken. In order that such delays may be

averted and the construction of urgently needed schools may proceed without interruption it is essential that this act take effect immediately.

CHAPTER 24

An act to add Section 924.5 to the Education Code, relating to school districts, declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 23, 1970 Filed with
Secretary of State March 23, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 924.5 is added to the Education Code, to read:

924.5. Notwithstanding the provisions of Section 924, the governing board of any elementary school district formed pursuant to Article 3 (commencing with Section 2021) of Chapter 2, Division 5, of this code, to include all the territory of four or more contiguous elementary school districts situated in the same county, shall consist of five members if the governing board of the district determines by resolution that the number of members shall be increased to five.

Thereafter, at the next regular governing board member election, two additional members shall be elected and the one receiving the higher number of votes shall serve until June 30 of the second succeeding odd-numbered year. The other member's term shall expire on June 30 of the first succeeding odd-numbered year. Thereafter the governing board shall be composed of five members elected in the same manner and for the same term as governing boards having five members.

Candidates for the two additional offices or their sponsors shall state in the declaration of candidacy or nominations filed for the election that the candidates are candidates for the two additional offices separately from the other offices to be filled in the election.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Under existing law, the combining of two or more existing elementary school districts to form a new school district results in the formation of a single elementary school district with a governing board consisting of three members selected at large from the territory comprising the district. In order for a newly formed elementary school district, the formation of which was completed subsequent to the first day of February of the preceding year and which comprises the territory of four or more elementary school districts situated in the

same county, to have an elected governing board consisting of five members the first school year of its existence for all purposes, it is necessary that this act take effect immediately.

CHAPTER 25

An act to amend Section 24054 of the Education Code, to amend Section 5554 of the Public Resources Code, to amend Section 100071 of the Public Utilities Code, and to amend Section 27195 of the Streets and Highways Code, relating to accountants.

[Approved by Governor March 23, 1970. Filed with
Secretary of State March 23, 1970.]

The organizations or funds shall contract for and receive such audit annually, and shall submit such audit to the trustees and to the Director of Finance. Auxiliary organizations shall annually publish an audited statement of their financial condition which shall be disseminated as widely as feasible on the campus and be available to any person on request. The regulations shall include provisions requiring the governing board of each auxiliary organization to provide salaries, working conditions and benefits, exclusive of retirement and permanent status benefits, for the full-time employees of each auxiliary organization, except alumni associations, which are comparable to those provided state college employees performing similar services. For those employees

whose duties are not comparable to classes in state college employment the salaries established shall be at least equal to the salaries prevailing in other educational institutions in the area.

SEC. 2. Section 5554 of the Public Resources Code is amended to read:

(f) Cause a postaudit of the financial transactions and records of the district to be made at least annually by a certified public accountant or public accountant.

CHAPTER 27

an entitled person or an authorized agent of an entitled person, in which event the beneficiary shall not be subject to the penalties of this section until 21 days after receipt of the proof herein provided for. A statement in writing signed by the entitled person appointing an authorized agent when delivered personally to the beneficiary or delivered by registered return receipt mail shall constitute reasonable proof as to the identity of an agent. Similar delivery of a policy of title insurance, preliminary report issued by a title company, original or photographic copy of a grant deed or certified copy of letters testamentary, guardianship, or conservatorship shall constitute reasonable proof as to the identity of a successor in interest, provided the person demanding a statement is named as successor in interest in the document.

Delivery of the statement by the beneficiary, as herein referred to, shall mean depositing or causing to be deposited in the United States mail an envelope, with postage prepaid, containing a copy of the statement, addressed to the person whose name and address is set forth in the demand therefor.

If a beneficiary for a period of 21 days after receipt of such written demand willfully fails to prepare and deliver such statement, he is liable to the entitled person for all damages which he may sustain by reason of such refusal and, whether or not actual damages are sustained, he shall forfeit to the entitled person the sum of one hundred dollars (\$100). Each such failure to prepare and deliver such a statement, occurring at a time when, pursuant to this section, the beneficiary is required to prepare and deliver the statement, creates a separate cause of action, but a judgment awarding an entitled person such forfeiture, or damages and forfeiture, for any such failure to prepare and deliver a statement bars recovery of such damages and forfeiture for any other failure to prepare and deliver a statement, with respect to the same obligation, in compliance with a demand therefor made within six months before or after the demand as to which the award was made.

If the beneficiary has more than one branch, office or other place of business, then the demand shall be made to the branch or office at which the payments of the obligation are made, and the statement, unless it specifies otherwise, shall be deemed to apply only to the unpaid balance owing to or payable at the branch or office secured by the mortgage or deed of trust.

The beneficiary may make a charge not to exceed fifteen dollars (\$15) for furnishing the required statement, except that no charge shall be made for such statement unless such charge has been specifically provided for in such mortgage or deed of trust, and that this requirement for provision for such charge in the instrument shall not apply to mortgages or deeds of trust insured by the Federal Housing Administrator or guaranteed by the Administrator of Veterans Affairs.

This section applies only to mortgages and deeds of trust executed on or after January 1, 1964.

CHAPTER 28

An act to amend Section 10251 of the Business and Professions Code, relating to real estate syndicates, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 23, 1970. Filed with Secretary of State March 23, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 10251 of the Business and Professions Code is amended to read:

10251. As used in this chapter, unless the context otherwise requires:

(a) "Real estate syndicate" means any general or limited partnership, joint venture, unincorporated association, or similar organization (but not a corporation) owned beneficially by no more than 100 persons and formed for the sole purpose of, and engaged solely in investment in or gain from an interest in real property, including, but not limited to, a sale, exchange, trade, or development. An interest held by a husband and wife shall be considered held by one person.

(b) "Interest in real property" includes any estate or interest in unimproved land, agricultural land, or land improved with a residential, commercial, industrial or other structures, including profits, rents, or other incidental income.

(c) "Real estate syndicate security" means any interest in a real estate syndicate.

(2) "Offer" or "offer to sell" includes every attempt or offer to dispose of, or solicitation of an offer to buy, a real estate syndicate security for value.

(3) Any real estate syndicate security given or delivered with, or as a bonus on account of, any purchase or loan or other thing constitutes a part of the subject of the purchase and is considered to have been offered and sold for value.

(4) The terms defined in this section do not include (i) any bona fide secured transaction in or loan secured by outstanding certificates of interest, or (ii) any act incident to a judicially approved arrangement or reorganization in which certificates of interest are issued in exchange for one or more certificates of interest, claims or property interests, or partly in such exchange and partly for cash.

(h) "Issuer" means any person who issues or proposes to issue any real estate syndicate security. The term "issuer" means the person or persons performing the acts and assuming the duties of a manager pursuant to the provisions of the agreement or instrument under which the real estate syndicate security is issued and the person or persons in active control of the real estate syndicate who sell such interests or participations or any person or persons who sell such interests or participations. The determination of the person or persons in active control shall be made on the basis of the actual relationship of the parties and not on the basis of the legal designation of a person's interest.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Real Estate Syndicate Act enacted in 1969 transferred jurisdiction over real estate syndicates involving 100 or less interests from the Corporations Commissioner to the Real Estate Commissioner. Substantial confusion exists among the syndicating public in marketing syndicate interests whose interests are held by husband and wife as to whether or not more or less than 100 interests have been created.

In order to promptly clarify the respective jurisdiction of the Real Estate Commissioner and the Commissioner of Corporations in connection with the regulation of real estate syndicates, it is imperative that this act take effect immediately.

CHAPTER 29

An act to amend Sections 21690.24 and 21690.28 of the Public Utilities Code, relating to airports, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 23, 1970. Filed with
Secretary of State March 23, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 21690.24 of the Public Utilities Code is amended to read:

21690.24. Upon establishment of a program for additional payments to homeowners by the department pursuant to this article, the affected property owners may petition as provided in Section 21690.26 for the payment of additional compensation for the depressed value of the affected property resulting

from the presence and operation of the airport, provided that such owner has not previously recovered any sums in the nature of an inverse condemnation award by reason of the presence and operation of the airport.

SEC. 2. Section 21690.28 of the Public Utilities Code is amended to read:

21690.28. The provisions of this article are available only to persons who own residential property which has been or is being condemned or sold for airport purposes. Petitions for additional compensation may be filed with the board at the same time that condemnation proceedings or acquisition negotiations are initiated; and the board shall pay any sum awarded pursuant to Section 21690.26 within 60 days after condemnation or other acquisition proceedings are completed.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Due to pending condemnation proceedings of property in the area of the Los Angeles International Airport and the need for adequate compensation of the owners thereof in order that they may relocate to comparable housing, it is imperative that this act take immediate effect.

CHAPTER 30

An act making an appropriation for homemaker or attendant care services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 23, 1970. Filed with
Secretary of State March 23, 1970.]

The people of the State of California do enact as follows:

SECTION 1. There shall be transferred from the sums appropriated under Section 32.5 of Chapter 355 of the Statutes of 1969 an additional six million nine hundred thousand seven hundred dollars (\$6,900,700) in augmentation of subdivision (a) of Section 32.7 of Chapter 355 of the Statutes of 1969 to be used by the Department of Social Welfare for homemaker or attendant care services.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The orderly implementation of the homemaker services for recipients of public assistance requires the gradual case-by-case transfer from attendant care. Chapter 660 of the Statutes of 1969 established the closed-end appropriation for homemaker

or attendant care and stipulated an estimated amount of money to be transferred from Item 32.5 of the Budget Act to Item 32.7. This estimated transfer was understated because accounting records were kept by the counties only on total grant expenditures and not specifically on attendant care. Administration under the closed-end appropriation which now requires separate accounting of attendant care expenses has provided an accurate basis for cost projections. These projections show conclusively that budget Item 32.7 was underestimated and that Item 32.5 is overestimated. Transferring the excess from Item 32.5 to cover the deficiency in Item 32.7 is necessary because several counties have already exhausted their funds and may find it necessary to abandon the service.

CHAPTER 31

An act to add Sections 23602.5, 24058, 24059, 24060, and 24061 to the Education Code, relating to state colleges, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 27, 1970. Filed with
Secretary of State March 30, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 23602.5 is added to the Education Code, to read:

23602.5. It is unlawful for any person to utilize any information, not a matter of public record, which is received by him by reason of his employment by, or contractual relationship with, the trustees, a state college, or a state college auxiliary organization, for personal pecuniary gain, not contemplated by the terms of such employment or contract, regardless of whether he is or is not so employed or under contract at the time such gain is realized.

SEC. 2. Section 24058 is added to the Education Code, to read:

24058. No member of the governing board of a state college auxiliary organization shall be financially interested in any contract or other transaction entered into by the board of which he is a member, and any contract or transaction entered into in violation of this section is void.

SEC. 3. Section 24059 is added to the Education Code, to read:

24059. No contract or other transaction entered into by the governing board of a state college auxiliary organization is void under the provisions of Section 24058, nor shall any member of such board be disqualified or deemed guilty of misconduct in office under said provisions, if the circumstances specified in the following subdivisions exist:

(a) The fact of such financial interest is disclosed or known to the governing board and noted in the minutes, and the gov-

erning board thereafter authorizes, approves, or ratifies the contract or transaction in good faith by a vote sufficient for the purpose without counting the vote or votes of such financially interested member or members, and

(b) The contract or transaction is just and reasonable as to the auxiliary organization at the time it is authorized or approved.

SEC. 4. Section 24060 is added to the Education Code, to read:

24060. The provisions of Section 24059 shall not be applicable if the circumstances specified in any of the following subdivisions exist:

(a) The contract or transaction is between a state college auxiliary organization and a member of the governing board of that auxiliary organization.

(b) The contract or transaction is between a state college auxiliary organization and a partnership or unincorporated association of which any member of the governing board of that auxiliary organization is a partner or in which he is the owner or holder, directly or indirectly, of a proprietorship interest.

(c) The contract or transaction is between a state college auxiliary organization and a corporation in which any member of the governing board of that auxiliary organization is the owner or holder, directly or indirectly, of 5 percent or more of the outstanding common stock.

(d) A member of the governing board of a state college auxiliary organization is interested in a contract or transaction within the meaning of Section 24058, and without first disclosing such interest to the governing board at a public meeting of the board, influences or attempts to influence another member or members of the board to enter into the contract or transaction.

SEC. 5. Section 24061 is added to the Education Code, to read:

24061. It is unlawful for any person to utilize any information, not a matter of public record, which is received by him by reason of his membership on the governing board of a state college auxiliary organization, for personal pecuniary gain, regardless of whether he is or is not a member of the governing board at the time such gain is realized.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The statutory provisions now in effect are not adequate to prevent the abuses of public trust circumscribed by this act, and in order to meet the urgent need for corrective action, this act must be given immediate effect.

CHAPTER 32

CHAPTER 38

An act to amend Section 6349 of the Business and Professions Code, relating to law libraries.

The people of the State of California do enact as follows:

SECTION 1. Section 6349 of the Business and Professions Code is amended to read:

A copy of the report shall be filed with the auditor of the county.

The report shall give the condition of their trust, with full statements of all their property and money received, whence derived, how used and expended, the number of books, periodicals and other publications on hand, the number added by purchase, gift, or otherwise during the year, the number lost or missing, and such other information as might be of interest.

An act to add Section 4794.5 to the Health and Safety Code, relating to county sanitation districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 3, 1970. Filed with
Secretary of State April 3, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 4794.5 is added to the Health and Safety Code, to read:

4794.5. Notwithstanding Section 4794, the district board may call another election to be held within six months after the election which failed, if the acquisition of the property and the doing of the work set forth in the engineer's report are recommended in writing by the health officer of the county and the regional water quality control board for the area in which the district is situated as necessary as an urgency health measure to avert an emergency threat to the public health and safety, the fact of such recommendations and a finding that such threat to the public health and safety exists is stated in the resolution calling the election, and such resolution is adopted by a four-fifths vote of the district board.

This section shall remain in effect until January 1, 1971.

This section shall be applicable only to the Alpine Sanitation District located within the County of San Diego.

The Legislature finds and declares that special problems of sanitation exist in the County of San Diego in that the extremely rapid growth in population and the rapid opening of large tracts of land to residential development have caused serious difficulties involving the disposal of sewage. Furthermore, the San Diego Regional Water Quality Control Board has resolved to restrict further discharge of effluents by a district in that county, and due to the failure by a small number of votes of a bond election, such district has been unable to acquire property and construct needed sanitation facilities.

These problems are not, however, common to all areas of the state in which county sanitation districts are located. It is, therefore, hereby declared that a general law cannot be made applicable and that the enactment of this section as a special law is necessary to effectuate the solution of problems which threaten the health of the residents of the Alpine Sanitation District located within San Diego County.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The San Diego Regional Water Quality Control Board has resolved to restrict further discharge of effluents by a certain county sanitation district, and, due to the failure of a bond election by a small number of votes, such district has been unable to acquire property and construct needed sanitation facilities to properly dispose of their effluents, which presents a serious and dangerous threat to the health and safety of the residents of the Alpine Sanitation District located within San Diego County.

To meet this critical problem, it is imperative that this act go into immediate effect.

CHAPTER 40

An act to amend Section 6349 of the Business and Professions Code, relating to law libraries.

[Approved by Governor April 3, 1970 Filed with
Secretary of State April 3, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 6349 of the Business and Professions Code is amended to read:

6349. Each board of law library trustees, on or before the 15th day of August of each year, shall make an annual report to the board of supervisors of the county in which the law library is maintained, for the preceding fiscal year ending on the 30th day of June. A copy of the report shall be filed with the auditor of the county.

The report shall give the condition of their trust, with full statements of all their property and money received, whence derived, how used and expended, the number of books, periodicals and other publications on hand, the number added by purchase, gift, or otherwise during the year, the number lost or missing, and such other information as might be of interest.

SECTION 1. Section 1530 of the Evidence Code is amended to read:

1530. (a) A purported copy of a writing in the custody of a public entity, or of an entry in such a writing, is prima facie evidence of the existence and content of such writing or entry if:

(1) The copy purports to be published by the authority of the nation or state, or public entity therein in which the writing is kept;

(2) The office in which the writing is kept is within the United States or within the Panama Canal Zone, the Trust Territory of the Pacific Islands, or the Ryukyu Islands, and the copy is attested or certified as a correct copy of the writing or entry by a public employee, or a deputy of a public employee, having the legal custody of the writing; or

(3) The office in which the writing is kept is not within the United States or any other place described in paragraph (2) and the copy is attested as a correct copy of the writing or entry by a person having authority to make attestation. The attestation must be accompanied by a final statement certifying the genuineness of the signature and the official position of (i) the person who attested the copy as a correct copy or (ii) any foreign official who has certified either the genuineness of the signature and official position of the person attesting the copy or the genuineness of the signature and official position of another foreign official who has executed a similar certificate in a chain of such certificates beginning with a certificate of the genuineness of the signature and official position of the person attesting the copy. Except as provided in the next sentence, the final statement may be made only by a secretary of an embassy or legation, consul general, consul, vice consul, or consular agent of the United States, or a diplomatic or consular official of the foreign country assigned or accredited to the United States. Prior to January 1, 1971, the final statement may also be made by a secretary of an embassy or legation, consul general, consul, vice consul, consular agent, or other officer in the foreign service of the United States stationed in the nation in which the writing is kept, authenticated by the seal of his office. If reasonable opportunity has been given to all parties to investigate the authenticity and accuracy of the documents, the court may, for good cause shown, (i)

admit an attested copy without the final statement or (ii) permit the writing or entry in foreign custody to be evidenced by an attested summary with or without a final statement.

(b) The presumptions established by this section are presumptions affecting the burden of producing evidence.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In some situations, it now is impossible to satisfy the basic requirement of paragraph (3) of subdivision (a) of Section 1530 of the Evidence Code because there is no United States official in the particular foreign country (such as East Germany) who can make the final statement required by paragraph (3). As a result, it may be impossible in some situations to establish such matters as birth, legitimacy, marriage, death, or a will. This may result in injustice or in delay in the resolution of issues now pending in California courts. Therefore, it is necessary that this act take immediate effect.

CHAPTER 42

An act to add Section 54933.2 to the Government Code, relating to city annexations, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 3, 1970. Filed with
Secretary of State April 3, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 54933.2 is added to the Government Code, to read:

54933.2. Notwithstanding any other provision of this chapter, any annexation by a city, the proceedings for which were completed on February 2, 1970, shall be effective for assessment and taxation purposes for the 1970-71 fiscal year if the statement and map or plat required by Sections 54900 and 54901 were filed with the State Board of Equalization on or before March 15, 1970.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Unless this act takes effect immediately, a city which has annexed territory and otherwise qualifies to levy taxes in the territory except for a procedural filing defect will not be able to levy taxes in the annexed territory for the fiscal year to cover the cost of services being furnished the territory.

CHAPTER 43

An act to amend Section 3612 of the Public Utilities Code, relating to dump truck carriers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 13, 1970. Filed with Secretary of State April 13, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 3612 of the Public Utilities Code is amended to read:

3612. (a) Application for permits to operate as a dump truck carrier shall be in writing, verified under oath, and shall be in such form, contain such information, and be accompanied by proof of service upon such interested parties as the commission requires.

(b) Any dump truck carrier engaged in business as such on the effective date of this section shall file with the commission prior to March 16, 1970, an application for a permit to operate as a dump truck carrier; provided, that in lieu of all other fees required by law, the applicant shall pay a fee of twenty-five dollars (\$25). The commission shall issue such permit authorizing operation within the area requested in the application without further proceedings.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are: many dump truck carriers have inadvertently missed the filing date of January 1, 1970, which results in undue prejudice to such carriers.

CHAPTER 44

An act relating to school district taxation, declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 13, 1970. Filed with Secretary of State April 13, 1970.]

The people of the State of California do enact as follows:

SECTION 1. If the governing board of a school district authorized the levy and collection of a tax in the 1969-1970 fiscal year for community services purposes pursuant to the provisions of Section 20801 of the Education Code, but such tax was not, in fact, collected during the 1969-1970 fiscal year, the amount of the maximum tax rate for either one of the next two succeeding fiscal years may be increased by an amount sufficient to produce such authorized, but uncollected, amount.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety

within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Legislature has authorized the levy and collection of school district taxes at certain rates and for certain purposes. When, through inadvertence, a school district is deprived of its authorized revenues, it is essential that such deprivation be compensated for at the earliest possible time in order to permit the orderly functioning of school district finances, in accordance with the intent of the Legislature.

CHAPTER 45

An act to repeal Section 715.8 of the Civil Code, relating to interests in property.

[Approved by Governor April 13, 1970. Filed with

The people of the State of California do enact as follows:

SECTION 1. Section 715.8 of the Civil Code is repealed.

SEC. 2. The repeal of Section 715.8 of the Civil Code by this act shall not affect the validity of any interest in real or personal property which is valid before the effective date of this act.

CHAPTER 46

An act to amend Section 20803 of the Education Code, relating to school district maximum tax rate elections.

[Approved by Governor April 13, 1970. Filed with
Secretary of State April 13, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 20803 of the Education Code is amended to read:

20803. Any maximum rate of tax for any district may be increased and, having been increased, may be decreased by an amount equal to or less than the amount of such increase, by a majority vote of the qualified electors of the school district at an election which may be ordered by the governing board of the school district of its own motion and shall be ordered within 90 days after the filing with the governing board of a petition signed by not less than 10 percent of the registered voters of the district, requesting that an election be ordered, unless the petitioners request that the election be consolidated with the annual election for members of the governing board, or that the election be consolidated with the general election.

Any decrease in an increased maximum tax rate pursuant to this section shall not be in an amount which will reduce the tax rate for the district below the maximum specified in Section 20751. The governing board shall determine whether the increase or decrease shall remain in effect for a specified or unspecified period of time, unless the petition filed by the electors provides for a specified or unspecified period of time. If a specified period is provided for in the petition or determined upon by the governing board, such period shall be stated on the ballot.

Pursuant to the order of the governing board, the election shall be called, held, and conducted by the county superintendent of schools, as nearly as is practicable in accordance with the provisions of Chapter 6 of Division 4 of this code.

The specification of the election order shall contain the information provided in Section 1323 of this code and shall be furnished the county superintendent of schools by the governing board of the district for all maximum tax increase or decrease elections ordered by it.

The costs incurred by the county clerk or registrar of voters and the county superintendent of schools in connection with this section shall be paid out of the funds of the district.

Except as otherwise herein provided, the ballot used in the election shall contain substantially the words "Shall the proposed (increase decrease) in the maximum tax rates from _____ (\$_____) to _____ (\$_____) for each one hundred dollars (\$100) of assessed valuation of property, such rate to be in effect in the _____ School District for the school year (or years) 19__ to 19__, the revenues of which are to be used for _____, be authorized?" or the words "Shall the proposed (increase decrease) in the maximum tax rates from _____ (\$_____) to _____ (\$_____) for each one hundred dollars (\$100) of assessed valuation of property commencing on _____, such rate to be in effect in the _____ School District for the school years commencing 19__, the revenues of which are to be used for _____, be authorized?" Opposite such words, in separate lines, the words "Yes" and "No" shall be printed, with a voting square opposite each such word. If, at any prior election held in the district, the maximum tax rate of the district was increased for a specified period of time, and if the election is called for the purpose of continuing in effect the previously authorized increase in the maximum tax rate of the district, the ballot shall contain substantially the words "Shall the existing maximum tax rate of _____ (\$_____) for each one hundred dollars (\$100) of assessed valuation of property be continued in the _____ School District for the school years 19__ to 19__, the revenues of which are to be used for _____" Opposite such words in separate lines, the words "Yes" and "No" shall be printed with a voting square opposite each such word. Each voter shall stamp a cross in the voting square after the answer he desires to give.

Whenever the maximum tax rate of a school district is increased for either a specified or unspecified period of time and during such period an election is called for the purpose of further increasing the maximum tax rate of the district, the ballot used in the election shall show only the authorized maximum tax rate of the district in effect at the time of the election and the proposed maximum tax rate.

If an election for a decrease in an increased maximum tax rate of a district is held in any year prior to or concurrently with the district election for governing board members, any decrease adopted at such election shall become effective on July 1st following the election. If an election for a decrease in an increased tax rate of a district is held in any year after the date of the district election for governing board members, any decrease adopted at such election shall not become effective until July 1st of the next succeeding year.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The State Board of Registration for Geologists has received far more applications for licensing under the "grandfather" provisions of the Geology Act than was anticipated and needs more time to process these applications. SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

CHAPTER 54

An act to add Section 6546.5 to the Government Code, relating to revenue bonds, to take effect immediately, urgency statute.

[Approved by Governor April 15, 1970. Filed with
Secretary of State April 15, 1970.]

SECTION 1. Section 6546.5 is added to the Government Code, to read:

6546.5. In addition to other powers, any agency, commission, or board provided for by a joint powers agreement entered into prior to January 1, 1971, between the County of San Bernardino and any city thereof, pursuant to Article 1, if such entity has the power to acquire, construct, maintain, or operate sanitary sewer facilities, including, but not limited to, sanitary sewage treatment plants, and such other sanitary sewerage facilities as may be necessary in connection therewith, may, if the county health officer and the appropriate city health officer or officers, if any, determine that an immediate health hazard exists with respect to sewage, issue revenue bonds pursuant to this article to pay for the acquisition or construction of such facilities.

The Legislature finds and declares that unique problems of sanitation exist in the County of San Bernardino in that the extremely rapid growth in population and the rapid opening of large tracts of land to residential development have caused serious difficulties involving the disposal of sewage which threaten to cause the ordering of cessation of all new construction in many areas unless means are quickly found to provide for the disposal of sewage therein.

The Legislature further finds and declares that federal funding, which is presently available to alleviate this critical problem, may be lost unless immediate steps are authorized to be taken at the local level.

These problems are not, however, common to all areas of the state. It is, therefore, hereby declared that a general law cannot be made applicable and that the enactment of this section as a special law is necessary to effectuate the solution of problems which threaten the health of the residents of San Bernardino County.

This section shall be of no further force or effect after January 1, 1971.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Due to rapid growth of population in certain areas there is a critical need for cooperation between public agencies in the acquisition, construction, maintenance and operation of sanitary sewerage facilities. To meet this critical problem, it is imperative that this act go into effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 68097 of the Government Code is amended to read:

CHAPTER 71

An act to appropriate funds for a recreational facility at Kings Beach, in Placer County, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 30, 1970 Filed with
Secretary of State April 30, 1970]

The people of the State of California do enact as follows:

SECTION 1. There is hereby appropriated the sum of four hundred twenty-five thousand dollars (\$425,000) from the Harbors and Watercraft Revolving Fund to the Department

of Navigation and Ocean Development for expenditure for land acquisition and development of a two-lane boat-launching ramp, parking area, and sanitary facilities at Kings Beach, in Placer County, pursuant to Section 70 of the Harbors and Navigation Code. The sum of two hundred sixteen thousand seven hundred fifty dollars (\$216,750) thereof represents the unencumbered balance of the appropriation made for such purpose in Item 352 of the Budget Act of 1969 and the sum of two hundred eight thousand two hundred fifty dollars (\$208,250) thereof represents additional funds which will be reimbursed to the state by the federal government through the Land and Water Conservation Funds program. Funds provided in this act shall be available until June 30, 1971.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and should go into immediate effect. The facts constituting such necessity are:

Item 352 of the Budget Act of 1969 included funds for land acquisition and the development of a two-lane boat-launching ramp, parking area, and sanitary facilities at Kings Beach in Placer County. Through error, this project was placed in the local assistance instead of the capital outlay section of the budget and it was held the land purchase was illegal in this case since Section 83 instead of Section 70 of the Harbors and Navigation Code applied. Time is very critical to this project because if the necessary lands are not purchased as soon as possible, this area may be lost for use as a public recreation area.

CHAPTER 72

SECTION 1. Section 9767 of the Government Code is amended to read:

9767. The Office of State Printing shall print the number of copies of the statutes of each session prepared at the direction of the Department of General Services that the Joint Rules Committee determines is necessary.

Notwithstanding the provisions of Section 9768 or any other provision of law, printed copies of the statutes shall only be bound in the number determined by the Department of General Services to be necessary to meet the demand therefor.

SEC. 2. Section 14912 is added to the Government Code, to read:

14912. Notwithstanding any other provision of this article, the number of copies of statutes distributed to an authorized recipient shall not exceed the number requested by such recipient, or the number authorized by this article, whichever is the lesser.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The State Printer is presently required to print more copies of the statutes than are needed, resulting in great waste. In order to eliminate this result as soon as possible it is necessary for this act to have immediate effect.

SEC. 2. Section 24360.7 of the Health and Safety Code is amended to read:

24360.7. Any violation of any provisions of this article or of any order, rule, or regulation of the board may be enjoined in a civil action brought in the name of the people of the State of California, except that the plaintiff shall not be required to allege facts necessary to show or tending to show lack of adequate remedy at law or to show or tending to show irreparable damage or loss.

(a) The power of any local or regional authority to declare, prohibit or abate nuisances.

(b) The power of the Attorney General, at the request of a local or regional authority, the State Air Resources Board, or upon his own motion, to bring an action in the name of the people of the State of California to enjoin any pollution or nuisance.

(c) The power of a state agency in the enforcement or administration of any provision of law which it is specifically permitted or required to enforce or administer.

Every motor vehicle subject to registration in this state, except a motorcycle, shall be equipped with not less than two such mirrors, including one affixed to the left-hand side.

(b) The following described types of motor vehicles, of a type subject to registration, shall be equipped with mirrors on both the left- and right-hand sides of the vehicle so located as to reflect to the driver a view of the highway through each mirror for a distance of at least 200 feet to the rear of such vehicle:

(1) A motor vehicle so constructed or loaded as to obstruct the driver's view to the rear.

(2) A motor vehicle towing a vehicle and the towed vehicle or load thereon obstructs the driver's view to the rear.

(3) A bus or trolley coach.

(c) The provisions of subdivision (b) shall not apply to a passenger vehicle when the load obstructing the driver's view consists of passengers.

CHAPTER 75

(a) Except as otherwise provided by law and subject to the power of the court to transfer actions or proceedings as provided in this title, the county in which the defendants or some of them reside at the commencement of the action is the proper county for the trial of the action. If the action is for injury to person or personal property or for death from wrongful act or negligence, either the county where the injury occurs or the injury causing death occurs or the county in which the defendants, or some of them reside at the commencement of the action, shall be a proper county for the trial of the action. In a proceeding for dissolution of marriage, the county in which the petitioner has been a resident for three months next preceding the commencement of the proceeding is the proper county for the trial of the proceeding. When a defendant has contracted to perform an obligation in a particular county, either the county where such obligation is to be performed or in which the contract in fact was entered into or the county in which the defendant or any such defendant resides at the commencement of the action shall be a proper county for the trial of an action founded on such obligation, and the county in which such obligation is incurred shall be deemed to be the county in which it is to be performed unless there is a special contract in writing to the contrary. If none of the defendants reside in the state or if residing in the state and the county in which they reside is unknown to the plaintiff, the action may be tried in any county which the plaintiff may designate in his complaint, and, if the defendant is about to depart from the state, such action may be tried in any county where either of the parties reside or service is made. If any person is improperly joined as a defendant or has been made a defendant solely for the purpose of having the action tried in the county or judicial district where he resides, his residence shall not be considered in determining the proper place for the trial of the action.

(b) If within any such county there is a municipal or justice court having jurisdiction of the subject matter established in the judicial district in which the defendant or any defendant resides, in which the injury to person or personal property or the injury causing death occurs, or, in the cases hereinabove mentioned, in which the obligation was contracted to be performed, then such court is the proper court for the trial of such action. Otherwise, any municipal or justice court in such county having jurisdiction of the subject matter is a proper court for the trial thereof.

An act to amend Section 17 of Chapter 52 of the Statutes of 1969, relating to storm damage, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 30, 1970. Filed with Secretary of State April 30, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 17 of Chapter 52 of the Statutes of 1969 is amended to read:

Sec. 17. Of the increased revenue derived from the increase in taxes provided for in this act and received in the Highway Users Tax Fund:

(a) Eighty percent shall be transferred to the Street and Highway Disaster Fund and be available for expenditure for allocation by the State Allocation Board for the purposes of the Emergency Flood Relief Law, including the purposes provided for in Section 54160 of the Government Code, for the repair, restoration, or replacement of any local street, road, or bridge damaged or destroyed by storm and flood or flood conditions, including damage or destruction by flood conditions arising from tidal waves, occurring between November 1, 1968 and September 1, 1969; provided, that the local agency has applied to the State Allocation Board for an allocation of funds on or before May 15, 1970.

(b) Twenty percent shall be transferred to the State Highway Fund for expenditure, without regard to the provisions of Sections 188, 188.8, and 188.9 of the Streets and Highways Code, for the repair, replacement, or restoration of highways and bridges in the state highway system damaged or destroyed by storm and flood or flood conditions which have occurred between November 1, 1968 and September 1, 1969, to present-day standards and to accommodate present traffic.

(c) If the Governor, acting on the advice of the Departments of Finance and Public Works, determines that the transfer of an amount not to exceed one million dollars (\$1,000,000) from either subdivision (a) to subdivision (b) or from subdivision (b) to subdivision (a) of this section would result in an earlier termination of the temporary tax increases pursuant to the procedures of Sections 7351.6 and 8651.4 of the Revenue and Taxation Code, he may include in his proclamation terminating such temporary tax increases a finding that such amount should be so transferred. Thereupon, such amount shall be transferred in accordance with the proclamation.

(d) After the termination of the temporary tax increases pursuant to Sections 7351.6 and 8651.4 of the Revenue and Taxation Code, the Department of Finance shall determine the amount by which the increased revenue available for purposes described in subdivision (a) of this section exceeds the estimated amount of such funds that will be needed for purposes described in subdivision (a). Such amount or two million dollars (\$2,000,000), whichever is less, shall be available for purposes of subdivision (e) of this section in addition to the purposes for which it is already available.

(e) Notwithstanding any other provision of law, for all purposes of the Emergency Flood Relief Law (Art. 6 (commencing with Sec. 54150), Ch. 5, Pt. 1, Div. 2, Title 5 of the government Code), expenditures in excess of the average actual cost of snow removal for the five years immediately preceding the 1968-1969 fiscal year by each city and county (or, in the case of a city incorporated for less than such five years, expendi-

tures in excess of the average actual cost of snow removal for all the years of its incorporated existence immediately preceding the 1968-1969 fiscal year) for removal of snow which resulted from storms occurring between November 1, 1968, and September 1, 1969, less amounts received and to be received during the 1969-1970 fiscal year for snow removal pursuant to Sections 2107 and 2110 of the Streets and Highways Code, shall be considered to be for the repair or restoration of local streets, roads, or bridges, damaged or destroyed by storm and flood or flood conditions; except that the city or county must apply separately to the State Allocation Board for an allocation of funds for such snow removal purposes on or before May 15, 1970; and except that in lieu of the allocation formula set forth in subdivision (2)(a) of Section 54157 of the Government Code, the following provisions shall apply:

If the total amount of all such applications is less than the amount calculated pursuant to subdivision (d) of this section, allocations shall be made for the full amount of the applications. If the total amount of such applications is more than the amount calculated pursuant to subdivision (d) of this section the State Allocation Board shall apportion such available money to each city and county on the basis of the proportion to which its application bears to the total of all such applications for snow removal reimbursement. Amounts allocated pursuant to this subdivision shall be deducted by counties in computing their reimbursable snow removal costs pursuant to subdivision (d) of Section 2152 of the Streets and Highways Code. For purposes of this section, snow removal does not include the purchase of snow removal equipment.

(f) The application for snow removal assistance under subdivision (e) shall be accompanied by a certification of the actual cost of snow removal to, and the amount received pursuant to Sections 2107 and 2110 of the Streets and Highways Code for snow removal by, the city or county during the five years immediately preceding the 1968-1969 fiscal year. In the case of a city incorporated for less than such five years, the application under subdivision (e) shall be accompanied by a certification of the actual cost of snow removal to, and the amount received pursuant to Sections 2107 and 2110 of the Streets and Highways Code for snow removal by, such city during all the years of its incorporated existence immediately preceding the 1968-1969 fiscal year.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Due to the recent unprecedented storms in 1968 and 1969, snow removal expenditures by cities and counties are greater than reasonably can be borne by them, even with the allocation of state funds to them for such purpose under existing

laws. In order that money from revenues to be raised by the temporary one cent (\$.01) per gallon gas tax increase, pursuant to Chapter 52 of the Statutes of 1969, may be made available to assist the cities and counties in meeting these excessive snow removal costs, it is necessary that this act go into immediate effect.

CHAPTER 88

An act to add Chapter 7 (commencing with Section 1700) to Division 2 of the Fish and Game Code, relating to fish and game.

[Approved by Governor May 6, 1970. Filed with
Secretary of State May 6, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7 (commencing with Section 1700) is added to Division 2 of the Fish and Game Code, to read:

CHAPTER 7. CONSERVATION OF AQUATIC RESOURCES

1700. It is hereby declared to be the policy of the state to encourage the conservation, maintenance, and utilization of the living resources of the ocean and other waters under the jurisdiction and influence of the state for the benefit of all the citizens of the state and to promote the development of local fisheries and distant-water fisheries based in California in harmony with international law respecting fishing and the conservation of the living resources of the oceans and other waters under the jurisdiction and influence of the state. This policy shall include the following objectives:

(a) The maintenance of sufficient populations of all species of aquatic organisms to insure their continued existence.

(b) The recognition of the importance of the aesthetic, educational, scientific and nonextractive recreational uses of the living resources of the California Current.

(c) The maintenance of a sufficient resource to support a reasonable sport use, where a species is the object of sport fishing, taking into consideration the necessity of regulating individual sport fishery bag limits to the quantity that is sufficient to provide a satisfying sport.

(d) The growth of local commercial fisheries, consistent with aesthetic, educational, scientific, and recreational uses of such living resources, the utilization of unused resources, taking into consideration the necessity of regulating the catch within the limits of maximum sustainable yields, and the development of distant-water and overseas fishery enterprises.

(e) The management, on a basis of adequate scientific information promptly promulgated for public scrutiny, of the fisheries under the state's jurisdiction, and the participation in the management of other fisheries in which California fishermen are engaged, with the objective of maximizing the sustained harvest.

CHAPTER 89

An act to add Sections 1951, 1951.2, 1951.4, 1951.5, 1951.7, 1951.8, 1952, 1952.2, 1952.4, and 1952.6 to, and to amend Section 3308 of, the Civil Code, and to add Sections 337.2 and 339.5 to the Code of Civil Procedure, relating to leases.

[Approved by Governor May 6, 1970. Filed with Secretary of State May 6, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 1951 is added to the Civil Code, to read:

1951. As used in Sections 1951.2 to 1952.6, inclusive:

(a) "Rent" includes charges equivalent to rent.

(b) "Lease" includes a sublease.

SEC. 2. Section 1951.2 is added to the Civil Code, to read:

1951.2. (a) Except as otherwise provided in Section 1951.4, if a lessee of real property breaches the lease and abandons the property before the end of the term or if his right to possession is terminated by the lessor because of a breach of the lease, the lease terminates. Upon such termination, the lessor may recover from the lessee:

(1) The worth at the time of award of the unpaid rent which had been earned at the time of termination;

(2) The worth at the time of award of the amount by which the unpaid rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that the lessee proves could have been reasonably avoided;

(3) Subject to subdivision (c), the worth at the time of award of the amount by which the unpaid rent for the balance of the term after the time of award exceeds the amount of such rental loss that the lessee proves could be reasonably avoided; and

(4) Any other amount necessary to compensate the lessor for all the detriment proximately caused by the lessee's failure to perform his obligations under the lease or which in the ordinary course of things would be likely to result therefrom.

(b) The "worth at the time of award" of the amounts referred to in paragraphs (1) and (2) of subdivision (a) is computed by allowing interest at such lawful rate as may be specified in the lease or, if no such rate is specified in the lease, at the legal rate. The worth at the time of award of the amount referred to in paragraph (3) of subdivision (a) is computed by discounting such amount at the discount rate of the Federal Reserve Bank of San Francisco at the time of award plus 1 percent.

(c) The lessor may recover damages under paragraph (3) of subdivision (a) only if:

(1) The lease provides that the damages he may recover include the worth at the time of award of the amount by which the unpaid rent for the balance of the term after the

time of award, or for any shorter period of time specified in the lease, exceeds the amount of such rental loss for the same period that the lessee proves could be reasonably avoided; or

(2) The lessor relet the property prior to the time of award and proves that in reletting the property he acted reasonably and in a good-faith effort to mitigate the damages, but the recovery of damages under this paragraph is subject to any limitations specified in the lease.

(d) Efforts by the lessor to mitigate the damages caused by the lessee's breach of the lease do not waive the lessor's right to recover damages under this section.

(e) Nothing in this section affects the right of the lessor under a lease of real property to indemnification for liability arising prior to the termination of the lease for personal injuries or property damage where the lease provides for such indemnification.

SEC. 3. Section 1951.4 is added to the Civil Code, to read:

1951.4. (a) The remedy described in this section is available only if the lease provides for this remedy.

(b) Even though a lessee of real property has breached his lease and abandoned the property, the lease continues in effect for so long as the lessor does not terminate the lessee's right to possession, and the lessor may enforce all his rights and remedies under the lease, including the right to recover the rent as it becomes due under the lease, if the lease permits the lessee to do any of the following:

(1) Sublet the property, assign his interest in the lease, or both.

(2) Sublet the property, assign his interest in the lease, or both, subject to standards or conditions, and the lessor does not require compliance with any unreasonable standard for, nor any unreasonable condition on, such subletting or assignment.

(3) Sublet the property, assign his interest in the lease, or both, with the consent of the lessor, and the lease provides that such consent shall not unreasonably be withheld.

(c) For the purposes of subdivision (b), the following do not constitute a termination of the lessee's right to possession:

(1) Acts of maintenance or preservation or efforts to relet the property.

(2) The appointment of a receiver upon initiative of the lessor to protect the lessor's interest under the lease.

SEC. 4. Section 1951.5 is added to the Civil Code, to read:

1951.5. Sections 1670 and 1671, relating to liquidated damages, apply to a lease of real property.

SEC. 5. Section 1951.7 is added to the Civil Code, to read:

1951.7. (a) As used in this section, "advance payment" means moneys paid to the lessor of real property as prepayment of rent, or as a deposit to secure faithful performance of the terms of the lease, or any other payment which is the substantial equivalent of either of these. A payment that is not in excess of the amount of one month's rent is not an advance payment for the purposes of this section.

(b) The notice provided by subdivision (c) is required to be given only if:

- (1) The lessee has made an advance payment;
- (2) The lease is terminated pursuant to Section 1951.2; and
- (3) The lessee has made a request, in writing, to the lessor that he be given notice under subdivision (c).

(c) Upon the initial reletting of the property, the lessor shall send a written notice to the lessee stating that the property has been relet, the name and address of the new lessee, and the length of the new lease and the amount of the rent. The notice shall be delivered to the lessee personally, or be sent by regular mail to the lessee at the address shown on the request, not later than 30 days after the new lessee takes possession of the property. No notice is required if the amount of the rent due and unpaid at the time of termination exceeds the amount of the advance payment.

SEC. 6. Section 1951.8 is added to the Civil Code, to read:

1951.8. Nothing in Section 1951.2 or 1951.4 affects the right of the lessor under a lease of real property to equitable relief where such relief is appropriate.

SEC. 7. Section 1952 is added to the Civil Code, to read:

1952. (a) Except as provided in subdivision (c), nothing in Sections 1951 to 1951.8, inclusive, affects the provisions of Chapter 4 (commencing with Section 1159) of Title 3 of Part 3 of the Code of Civil Procedure, relating to actions for unlawful detainer, forcible entry, and forcible detainer.

(b) The bringing of an action under the provisions of Chapter 4 (commencing with Section 1159) of Title 3 of Part 3 of the Code of Civil Procedure does not affect the lessor's right to bring a separate action for relief under Sections 1951.2, 1951.5, and 1951.8, but no damages shall be recovered in the subsequent action for any detriment for which a claim for damages was made and determined on the merits in the previous action.

(c) After the lessor obtains possession of the property under a judgment pursuant to Section 1174 of the Code of Civil Procedure, he is no longer entitled to the remedy provided under Section 1951.4 unless the lessee obtains relief under Section 1179 of the Code of Civil Procedure.

SEC. 8. Section 1952.2 is added to the Civil Code, to read:

1952.2. Sections 1951 to 1952, inclusive, do not apply to:

(a) Any lease executed before July 1, 1971.

(b) Any lease executed on or after July 1, 1971, if the terms of the lease were fixed by a lease, option, or other agreement executed before July 1, 1971.

SEC. 9. Section 1952.4 is added to the Civil Code, to read:

1952.4. An agreement for the exploration for or the removal of natural resources is not a lease of real property within the meaning of Sections 1951 to 1952.2, inclusive.

SEC. 10. Section 1952.6 is added to the Civil Code, to read:

1952.6. Where a lease or an agreement for a lease of real property from or to any public entity or any nonprofit cor-

poration whose title or interest in the property is subject to reversion to or vesting in a public entity would be made invalid if any provision of Sections 1951 to 1952.2, inclusive, were applicable, such provision shall not be applicable to such a lease. As used in this section, "public entity" includes the state, a county, city and county, city, district, public authority, public agency, or any other political subdivision or public corporation.

SEC. 11. Section 3308 of the Civil Code is amended to read:

3308. The parties to any lease of real or personal property may agree therein that if such lease shall be terminated by the lessor by reason of any breach thereof by the lessee, the lessor shall thereupon be entitled to recover from the lessee the worth at the time of such termination, of the excess, if any, of the amount of rent and charges equivalent to rent reserved in the lease for the balance of the stated term or any shorter period of time over the then reasonable rental value of the property for the same period.

The rights of the lessor under such agreement shall be cumulative to all other rights or remedies now or hereafter given to the lessor by law or by the terms of the lease; provided, however, that the election of the lessor to exercise the remedy hereinabove permitted shall be binding upon him and exclude recourse thereafter to any other remedy for rental or charges equivalent to rental or damages for breach of the covenant to pay such rent or charges accruing subsequent to the time of such termination. The parties to such lease may further agree therein that unless the remedy provided by this section is exercised by the lessor within a specified time the right thereto shall be barred.

This section does not apply to a lease of real property unless (a) the lease was executed before July 1, 1971, or (b) the terms of the lease were fixed by a lease, option, or other agreement executed before July 1, 1971.

SEC. 12. Section 337.2 is added to the Code of Civil Procedure, to read:

337.2. Where a lease of real property is in writing, no action shall be brought under Section 1951.2 of the Civil Code more than four years after the breach of the lease and abandonment of the property, or more than four years after the termination of the right of the lessee to possession of the property, whichever is the earlier time.

SEC. 13. Section 339.5 is added to the Code of Civil Procedure, to read:

339.5. Where a lease of real property is not in writing, no action shall be brought under Section 1951.2 of the Civil Code more than two years after the breach of the lease and abandonment of the property, or more than two years after the termination of the right of the lessee to possession of the property, whichever is the earlier time.

SEC. 14. This act shall become operative on July 1, 1971.

CHAPTER 90

An act to amend Sections 2301, 2302, 2303, 2304, 2306, 2307, 2308, 2309, 2312, and 2313 of, to amend and renumber Section 2315.1 of, to add Sections 2316 and 2316.5 to, and to repeal Sections 2315 and 2321 of, the Public Resources Code, relating to mining.

[Approved by Governor May 6, 1970. Filed with
Secretary of State May 6, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 2301 of the Public Resources Code is amended to read:

2301. Any person, a citizen of the United States, or who has declared his intention to become a citizen, who discovers a vein or lode of quartz, or other rock in place, bearing gold, silver, cinnabar, lead, tin, copper, or other valuable deposit, may locate a claim upon such vein or lode, by defining the boundaries of the claim, in the manner hereinafter described, and by erecting at the point of discovery thereon a conspicuous and substantial monument, and by posting in or on the monument a notice of such location. The notice shall contain:

(a) The name of the lode or claim.

(b) The name, current mailing address or current residence address of the locator or locators.

(c) The number of linear feet claimed in length along the course of the vein, each way from the point of discovery, with the width on each side of the center of the claim, and the general course of the vein or lode, as near as may be.

(d) The date of location, which shall be the date of posting such notice.

(e) Such a description of the claim by reference to some natural object, or permanent monument, as will identify the claim located.

SEC. 2. Section 2302 of the Public Resources Code is amended to read:

2302. The locator or locators of any lode mining claim shall define the boundaries of the claim so that they may be readily traced, but in no case shall the claim extend more than 1,500 feet along the course of the vein or lode, nor more than 300 feet on either side thereof as measured from the centerline of the vein at the surface. Within 60 days after the date of location of any lode mining claim hereafter located, the locator or locators shall erect at each corner of the claim and at the center of each end line, or the nearest accessible points thereto, a conspicuous and substantial monument. Each corner monument so erected shall bear or contain markings sufficient to appropriately designate the corner of the mining claim to which it pertains and the name of the claim.

SEC. 3. Section 2303 of the Public Resources Code is amended to read:

2303. The location of a placer claim shall be made in the following manner:

(a) By erecting at the point of discovery thereon a conspicuous and substantial monument, and by posting in or on the monument, a notice of location, containing the name of the claim, the name, current mailing address or current residence address of the locator or locators, the date of location, which shall be the date of posting such notice, the number of feet or acreage claimed, and such a description of the claim by reference to some natural object or permanent monument as will identify the claim located.

(b) By marking the boundaries so that they may be readily traced and by erecting at each corner of the claim, or at the nearest accessible points thereto, a conspicuous and substantial monument. Each corner monument shall bear or contain markings sufficient to appropriately designate the corner of the mining claim to which it pertains and the name of the claim.

Where the United States survey has been extended over the land embraced in the location, however, the claim may be taken by legal subdivisions and no other reference than those of such survey shall be required, and the boundaries of a claim so located and described need not be staked or monumented. The description by legal subdivisions shall be deemed the equivalent of marking.

SEC. 4. Section 2304 of the Public Resources Code is amended to read:

2304. (a) Within 90 days after the date of location of any lode claim hereafter located, the locator or locators thereof shall sink a shaft upon the claim to a depth of at least 10 feet from the lowest part of the rim of the shaft at the surface, or shall drive a tunnel, adit, or open cut upon the claim to at least 10 feet below the surface.

(b) In lieu of the location work required by subdivision (a) of this section, the locator of a lode claim may, within 90 days of the date of location, drill a hole to a hole depth of not less than 25 feet by any drilling equipment capable of collecting and bringing to the surface a sample that may actually be inspected or tested. Such hole may be drilled at any point within the claim or within a group of claims not exceeding 10 in number, in any contiguous orientation and arrangement, except that the maximum dimension of such group arrangement shall not exceed seven thousand five hundred (7,500) feet and providing that the hole depth of the hole or holes drilled as location work for the group shall aggregate a total not less than 25 feet times the total number of claims within such group.

(c) If the locator has elected to do such location work as provided in subdivision (b) of this section, he shall, within the time specified within subdivision (b) of this section, cap or plug each drill hole intended as location work and mark

it with a wooden post at least $3\frac{1}{2}$ inches in diameter, or a metal post, placed within five feet of the hole, which post shall be at least 48 inches in height above the ground, shall be firmly imbedded in the ground, and shall have securely fixed to it a notice containing the name of the claim on which located, the names of the contiguous claims, if any, for which it is claimed as location work, and the date the hole was completed.

(d) If within 90 days of the date of location, the locator of a lode claim has his claim surveyed and a plat of the survey recorded as provided in Section 2311 of this code, the same shall constitute valid location work in lieu of the location work required by subdivision (a) or (b) of this section. More than one claim may be included in such a survey and plat.

SEC. 5. Section 2306 of the Public Resources Code is amended to read:

2306. The relocation of any lode or placer mining location which is subject to relocation shall be made as an original location is required to be made, except that the relocater of a lode claim may either sink a new shaft upon the claim to the depth of at least 10 feet from the lowest part of the rim of the shaft at the surface, or drive a new tunnel, adit, or open cut upon the claim to at least 10 feet below the surface; or the relocater may sink the original location shaft 10 feet deeper than it is at the time of relocation, or drive the original tunnel, adit, or open cut upon the claim 10 feet further; or the relocater may drill a hole or holes under the provisions of subdivisions (b) and (c) of Section 2304; or, the relocater may have his claim surveyed and a plat of the survey recorded as provided in subdivision (d) of Section 2304.

SEC. 6. Section 2307 of the Public Resources Code is amended to read:

2307. The failure or neglect of the locator or locators to comply with the requirements of Section 2301, 2302, 2304, or 2306 of this code shall render the location null and void, unless such failure or neglect is curable under the provisions of Section 2310, in which event the location shall be voidable.

SEC. 7. Section 2308 of the Public Resources Code is amended to read:

2308. The locator of a tunnel right or location, shall locate his tunnel right or location by erecting at the face or point of commencement of the tunnel a conspicuous and substantial monument in or on which there shall be posted a notice of location, which notice shall contain:

(a) The name, current mailing address or current residence address of the locator or locators.

(b) The date of location, which shall be the date of posting such notice.

(c) The proposed course or direction of the tunnel.

(d) Such a description of the tunnel by reference to some natural object or permanent monument as will identify the claim or tunnel right.

SEC. 8. Section 2309 of the Public Resources Code is amended to read:

2309. The boundary lines of the tunnel shall be established by conspicuous and substantial monuments placed along the lines on the surface at an interval of not more than 600 feet from the face or point of commencement of the tunnel to the terminus of 3,000 feet therefrom.

SEC. 9. Section 2312 of the Public Resources Code is amended to read:

2312. The proprietor of a vein or lode claim or mine, the proprietor of a placer claim, or the owner of a quartz mill or reduction works, or any person qualified by the laws of the United States may locate not more than five acres of non-mineral land as a millsite. The location shall be made and the claim boundaries marked in the same manner as required by Section 2303 for locating placer claims, except that the monument in or on which the notice of location is posted may be erected anywhere within the claim, and location work is not required.

SEC. 10. Section 2313 of the Public Resources Code is amended to read:

2313. (a) Within 90 days after the posting of his notice of location upon a lode mining claim, placer claim, tunnel right or location, or millsite claim or location, the locator shall record in the office of the county recorder of the county in which such claim is situated a true copy of the notice together with a statement by the locator of the markings of the boundaries, and of the performance of the location work, as well as the character of each, which statement also shall include the township, range and meridian of the United States survey within which all or any part of the claim is located.

(b) If the locator has elected, in lieu of other location work, to drill a hole or holes as provided by subdivisions (b) and (c) of Section 2304 or by Section 2306, the statement of the performance of location work shall include his affidavit, or an affidavit by some person for him knowing the facts, setting forth the position and depth of the drill hole or holes, and, if done for more than one lode claim, the name and location of each contiguous claim for which this work was done.

SEC. 11. Section 2315 of the Public Resources Code is repealed.

SEC. 12. Section 2315.1 of the Public Resources Code is amended and renumbered to read:

2315. (a) Whenever labor is performed and improvements are made as required by law upon any mining claim, the person in whose behalf such labor was performed or improvements made, or someone in his behalf, shall, within 30 days after the time limited by law for performing such labor or making such improvements, make and have recorded by the county recorder in books kept for that purpose, in the county in which the mining claim is situated, an affidavit setting forth:

(1) The name of the claim.

(2) A reference by book and page to the public record of the notice of location of the claim and, if amended, of the last recorded amendment thereof.

(3) A description of the labor and improvements performed or made upon or for the benefit of the claim for which the proof is made, the value of each such item, and the dates on which or the period of time within which the same was performed or made.

(4) The name, current mailing address and current residence address of the person who makes the proof and of the owner of the claim, as known to the affiant.

(5) A statement that the claim is held and claimed by the owner, or the person making the proof if he is entitled to possession thereof, for the valuable mineral contained therein.

(6) The name and address of the person who performed or made the work and improvements described in the affidavit, as known to the affiant.

(7) A statement that all monuments required by law to have been erected upon the claim and all notices required by law to have been posted on the claim or copies thereof were in place at a date within the assessment year for which the affidavit is made and a statement of the date.

(8) A statement that at such date each corner monument bore or contained marking sufficient to appropriately designate the corner of the mining claim to which it pertains and the name of the claim.

(b) The affidavit so recorded as required by subdivision (a) of this section, or a copy thereof duly certified by the county recorder, shall be prima facie evidence of the performance of the labor and the making of the improvements as stated in the affidavit.

(c) The neglect or failure of the owner of any mining claim to record or cause to be recorded within the time allowed by this section an affidavit containing the statements required by subdivision (a) of this section shall create a prima facie presumption of the act and intent of the owner to abandon such claim at the end of the assessment year within which the labor should have been performed or the improvements made under the laws of the United States, and also shall throw the burden of proof upon the owner or owners of such claim to show that such labor has been performed and that such improvements have been made in any contest, suit or proceeding touching the title to the claim, except that in the event the affidavit is executed and recorded by anyone other than an owner within the 30-day period, and the owner apprehends that there are deficiencies in the recorded affidavit, he may supplement and furnish the same by further affidavit to comply with the section and may record such supplemental affidavit within 30 days following the last day of the 30-day period after the time limited by law for performance of the work or making of improvements, and thereby obtain the prima facie evidence of performance of labor and making of

improvements above provided, and avoid the prima facie presumption of abandonment and the burden of proving the performance of labor and making of improvements required by law.

SEC. 13. Section 2316 is added to the Public Resources Code, to read:

2316. (a) A wooden post or stone structure not less than 3½ inches in diameter or a metal post not less than two inches in diameter, projecting at least three feet above the ground and set at least one foot in the ground, or a mound of stone at least three feet in height above the ground, is prima facie a conspicuous and substantial monument as referred to in this chapter.

(b) Where by reason of precipitous ground, it is impractical or dangerous to place a monument in its true position, a witness monument may be erected as near thereto as the nature of the ground will permit and marked so as to identify the true position.

(c) Where by reason of working the claim, it is impractical or dangerous to maintain a monument in its true position, a witness monument shall be erected as near thereto as the nature of the ground will permit and marked so as to identify the true position.

SEC. 14. Section 2316.5 is added to the Public Resources Code, to read:

2316.5. Any person who shall take down, remove, alter or destroy any stake, post, monument or notice of location upon any mining claim, and which is required by law to be upon such mining claim, without the consent of the owner or owners thereof, shall be deemed guilty of a misdemeanor, and on conviction, shall be punished by a fine not exceeding one hundred dollars (\$100) or by imprisonment in the county jail not exceeding six (6) months, or by both such fine and imprisonment.

SEC. 15. Section 2321 of the Public Resources Code is repealed.

CHAPTER 91

An act to amend Section 36933 of the Government Code, relating to publication of city ordinances.

[Approved by Governor May 6, 1970 Filed with
Secretary of State May 6, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 36933 of the Government Code is amended to read:

36933. Within 15 days after its passage, the city clerk shall cause each ordinance to be published at least once in a newspaper of general circulation published and circulated in the

city, or if there is none, he shall cause it to be posted in at least three public places in the city or published in a newspaper of general circulation printed and published in the county and circulated in the city. In cities incorporated less than one year, the city council may determine whether ordinances are to be published or posted. Ordinances shall not be published in a newspaper if the charge exceeds the customary rate charged by the newspaper for publication of private legal notices, but such ordinances shall be posted in the manner and at the time required by this section.

Except as provided in Section 36937 an ordinance shall not take effect or be valid unless it is published or posted in substantially the manner and at the time required by this section.

CHAPTER 92

An act to amend Section 25103 of the Government Code, relating to county board of supervisors.

[Approved by Governor May 6, 1970 Filed with
Secretary of State May 6, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 25103 of the Government Code is amended to read:

25103. The records and minutes of the board shall be signed by the chairman and the clerk. The board may by resolution authorize the use of a facsimile signature of the chairman of the board on all resolutions, orders, ordinances, contracts, minutes, and records of the board except that the original copy thereof, or the copy thereof filed in the office of the clerk of the board, shall bear the personal signature of the chairman or shall have been delivered to him, and such documents bearing the facsimile signature shall be accorded the same force and effect as though personally signed by the chairman. A certificate by the clerk that a copy of such document has been delivered to the chairman of the board shall be prima facie evidence of such delivery.

In the case of a public security or any instrument of payment, the provisions of the Uniform Facsimile Signature of Public Officials Act (Chapter 6 (commencing with Section 5500) of Division 6 of Title 1 of the Government Code) shall govern.

If the facsimile signature of the chairman of the board of supervisors is affixed to any document prior to the effective date of the amendment to this section enacted during the 1970 Regular Session, such document shall have the same force and effect from the time of such affixing as if such facsimile signature had been affixed after that effective date.

The notice shall be filed at the time of the commencement of the action or proceeding, and, upon recordation of such notice as provided in this subdivision, shall have the same effect as a notice recorded pursuant to Section 409 of the Code of Civil Procedure.

The county recorder shall record and index the notice of pendency of action or proceeding in the index of grantors and any other index relative to the property in question.

(b) Any notice of pendency of action or proceeding filed pursuant to subdivision (a) may, upon motion of a party to the action or proceeding, be vacated upon an appropriate showing of need therefor by an order of a judge of the court in which the action or proceeding is pending. A certified copy of the order of vacation may be recorded in the office of the recorder of the county where the notice of pendency of action is recorded, and upon such recordation the notice of pendency of the action or proceeding shall not constitute constructive notice of any of the matters contained therein nor create any duty of inquiry in any person thereafter dealing with the property described therein. Such an order of vacation shall not be appealable, but the party aggrieved by such order may, within 20 days after service of written notice of the order, or within such additional time not exceeding 20 days as the court may, within the original 20 days, allow, but in no event later than 60 days after entry of the order, petition the proper reviewing court to review such order by writ of mandate. No

such order of vacation shall be effective, nor shall it be recorded in the office of any county recorder, until the time within which a petition for writ of mandate may be filed pursuant to this subdivision has expired.

CHAPTER 98

An act to amend Section 10270.2 of the Insurance Code, relating to insurance.

[Approved by Governor May 7, 1970. Filed with Secretary of State May 7, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 10270.2 of the Insurance Code is amended to read:

10270.2. Blanket insurance is that form of insurance providing coverage for specified circumstances and insuring by description all or nearly all persons within a class of persons defined in a policy issued to a master policyholder, and not by specifically naming the persons covered (by certificate or otherwise, although a statement of the coverage provided may be given, or required by the policy to be given to persons eligible). The permitted types of blanket insurance are those where the blanket policy is issued to any of the following:

(a) A volunteer fire company providing benefits to members only in event of accident incurred while performing actions incident to such membership.

(b) A college, school, or other institution of learning, a school district or districts or school jurisdictional unit, or to the head, principal, or governing board of any such educational unit who or which shall be deemed the policyholder; providing benefits to students without necessarily any restriction as to activity, time, or place, or to teachers or employees while performing actions incident to special duties, such as at camps, at summer playgrounds, or during tours or excursions; and providing benefits to such students, teachers, or employees, and spouses and dependents of such students, teachers, and employees, for death or dismemberment resulting from accident or for hospital, medical, surgical, drug, or nursing expenses resulting from accident or sickness.

(c) A proprietor or sponsor of an organized camping institution, who shall be deemed the policyholder, providing benefits to campers or persons responsible for their support for death or dismemberment resulting from accident, or for hospital, medical, surgical, or nursing expenses resulting from accident to such campers or arising out of sickness of such campers, provided the accident or the first manifestation of such sickness occurs while such campers are in or on the buildings or premises of the camp institution, or being transported between their homes and the camp institution, or while at any other place as an incident to camp-sponsored activities or while being transported to, from, or between such places.

(d) To a newspaper, farm paper, magazine, or other periodical publication, which shall be deemed the policyholder, providing benefits for independent contractors, such as newsboys, dealers, distributors, wholesalers, or others engaged in

the sale, distribution, collecting for, or other activities pertaining to, the marketing and delivery of such publications, including attendance at a coaching school or participation as a member of a trip organized, supervised, and sponsored as a reward for meritorious service, on account of loss resulting from accident or sickness, such benefit to be payable to such independent contractors or to their parents, guardians, or other persons responsible for their support.

When the premium for the insurance is paid by the person insured, he may, upon request, obtain from the insurer in certificate form a copy of the policy.

(e) Any religious, charitable, recreational, educational, athletic or civic organization, or branch thereof, which shall be deemed the policyholder, providing benefits to members, employees, or participants for death or dismemberment or for hospital, medical, surgical, or nursing expenses all resulting from accident incurred incident to specific hazards pertaining to any activity or activities or operations sponsored or supervised by such policyholder.

(f) To a policy issued on application of an employer, a majority of the employees in this state of an employer, or both, to pay the benefits afforded by a voluntary plan of unemployment compensation disability insurance. Notwithstanding the provisions of Section 10113, such policies may incorporate by reference any of the appropriate provisions of Part 2 (commencing with Section 2601) of Division 1 of the Unemployment Insurance Code and the authorized regulations of the Director of Employment.

A "blanket policy" is any disability policy of the nature herein described sold to any of the entities described in subdivision (a), (b), (c), (d), (e), or (f) of this section and providing coverage for any group of persons within permitted categories defined in the policy. Policies referred to in subdivision (f) shall comply with the provisions of this section specifically referring thereto. Policies referred to in subdivision (a), (b), (c), (d), or (e) may provide that the cost of the insurance coverage shall be borne by either the policyholder, or the individuals insured or their parents or guardians, payable through the policyholder. In the absence of a policy provision excluding coverage for otherwise covered individuals who have not individually enrolled with the policyholder and undertaken to pay all or a specified portion of the premium allocable to such individual, such policy shall provide the described insurance for all who fall within the categories of covered individuals defined in the policy. Such policy may, but is not required to, contain provisions requiring a minimum number of participating persons or a minimum percentage of participation before the policy is effective. In the absence of such a provision coverage shall not be denied any individual otherwise eligible on those grounds.

No policies described in subdivision (a), (b), (c), (d), or (e) of this section shall be issued until approved as to sub-

stance and form by the commissioner. The commissioner may after notice and hearing promulgate such reasonable rules and regulations, relating to the substance, form, and issuance of such policies, as are necessary or desirable to preserve, insofar as applicable, standards as respects substance, form, and issuance comparable to the standards in such respects prescribed by this chapter and applicable to other types of disability policies, and to further the purpose or purposes for which such policies are to be issued.

No policies described in subdivision (f) shall be issued until approved as to form by the commissioner. The commissioner may after notice and hearing promulgate such reasonable rules and regulations, relating to the form and issuance of such policies, as do not affect the substance of the coverage, and as are necessary or desirable to preserve, insofar as applicable, standards as respects form and issuance comparable to the standards in such respects prescribed by this chapter and applicable to other types of disability policies, and to further the purpose or purposes for which such policies are to be issued. Notwithstanding the provisions of Section 10113, such policies may incorporate by reference any of the appropriate provisions of Part 2 (commencing with Section 2601) of Division 1 of the Unemployment Insurance Code and the authorized regulations of the Director of Employment.

CHAPTER 99

An act to amend Section 1616 of the Revenue and Taxation Code, relating to the reassessment of property in disaster areas, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 7, 1970. Filed with Secretary of State May 7, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 1616 of the Revenue and Taxation Code is amended to read:

1616. (a) If a county board changes the value on a parcel of real property other than by acceptance of an uncontested stipulation, and, during the succeeding two assessment years, the party affected seeks to change the value set by the board or the assessor seeks to raise the value as lowered by the board or to lower the value as raised by the board, the value of the property shall be rebuttably presumed to be the value set by the board. The party seeking such a change in value shall give written notice of the proposed full cash value and assessed value to the other party and the matter shall automatically be placed before the board, unless such other party files a written statement with the board that he does not want to contest the matter and in that event the matter will not be placed before the county board.

(b) If during such succeeding two assessment years, the board, other than by the acceptance of an uncontested stipulation, changes the value previously set by the board on that parcel, the previously set value shall be deemed rebutted and the new value set by the board shall be rebuttably presumed to be the value of that parcel during the next succeeding two assessment years.

(c) A presumption created under this section shall cease to exist upon a subsequent addition of trade fixtures required to be reported under Section 452, a subsequent change in zoning of a parcel of real property, a change of assessed value due to an intercounty equalization order issued by the State Board of Equalization or a subsequent increase or decrease in the physical size of a building for which a building permit has been issued. If any of the conditions described in this subdivision occur, the matter shall not be automatically placed before the board.

(d) When any matter is placed before the board pursuant to this section, the clerk shall notify the party affected of the time and place of hearing in the same manner as notice is given for application for changes of assessments. If the party affected or his agent does not appear or has not made timely request for continuance, the matter shall be heard by the board and the assessor shall present his evidence notwithstanding the failure of the party affected or his agent to appear or to request a continuance.

This section shall not apply to buildings under initial construction nor to changes of value made pursuant to legislation enacted under the authorization of Section 2.8 of Article XIII of the Constitution of the State of California.

SEC. 2. Notwithstanding any provision of law to the contrary, the board of supervisors of any county may, by ordinance, provide that every person who at 12:01 a.m. on the first day of March, 1969, was the owner of, or had in his possession or under his control, any taxable property, which property was thereafter damaged or destroyed by reason of cleavages opening in the earth causing property to slide or fall or otherwise damaging such property prior to the lien date in 1970, in an area or region subsequently proclaimed by the Governor to be in a state of disaster, may make application for reassessment of such property and deliver to the assessor a written statement under oath, accompanied by a certificate of a disinterested competent person or authority, showing the condition and value, if any, of the property immediately after the damage or destruction, which damage must be shown therein to be in excess of five hundred dollars (\$500). The assessor shall, on the lien date in 1970, reassess such property according to the condition and value immediately after the damage or destruction, and the assessor shall give notice of the reassessment to the property owner and to the board of supervisors. The notice to the property owner shall be in writing sent to his last known address and shall contain a description of the property reassessed and the value

of the property as reassessed as well as a statement informing the owner that he has 21 days from the date of mailing to protest the reassessment. If there is no protest within 21 days of mailing notice to the owner, the board of supervisors may order the assessment of the property changed according to the assessor's reassessment. In the event that there is a protest of the reassessment filed within 21 days of mailing notice to the owner of the property the assessor shall transmit to the board a description of the property so reassessed, the name of the person making the application in connection with the property, and the value of the property as so reassessed. Upon such notice as it may find to be proper, the local board of equalization shall equalize any such assessment or reassessment.

The tax rate fixed for property on the roll on which the property so assessed appears or the property so reassessed appeared at the time of its original assessment shall be applied to the amount of the equalized assessment or reassessment determined in accordance with the preceding paragraph. In the event that the resulting figure is less than the tax theretofore computed, the taxpayer's liability for the tax shall be as follows:

(a) He shall remain liable for the first installment of the tax on property on the secured roll as computed on the original equalized assessment of the property.

(b) He shall be liable for a second installment of tax on property on the secured roll in an amount equal to the amount of a second installment of tax computed on the equalized reassessment of the property.

(c) With respect to property on the unsecured roll, he shall be liable only for one-half of the tax computed on the equalized reassessment of the property.

(d) If the taxpayer has already paid the second installment of tax on property on the secured roll as computed on the original equalized assessment, and that installment is greater than the second installment computed on the equalized reassessment, the difference shall be refunded to him pursuant to Chapter 5 (commencing with Section 5096) of Part 9 of Division 1 of the Revenue and Taxation Code, as an erroneously collected tax.

(e) If the taxpayer has already paid the tax on property on the unsecured roll as computed on the original equalized assessment, and the tax computed on that roll is greater than the tax computed on the equalized reassessment, the difference between one-half the tax as computed on the original assessment and one-half the tax computed on the reassessment shall be refunded to him pursuant to Chapter 5 (commencing with Section 5096) of Part 9 of Division 1 of the Revenue and Taxation Code as an erroneously collected tax.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and

shall go into immediate effect. The facts constituting such necessity are:

Cleavages have opened in the ground in areas overlooking the Pacific Ocean in San Pedro and land and improvements have toppled over the cliff and homes have become uninhabitable by reason of this dangerous condition. In order to provide property tax relief to property owners in this stricken area and any other areas similarly situated, it is necessary that this act go into immediate effect.

CHAPTER 100

An act to amend Section 23358.2 of the Business and Professions Code, relating to alcoholic beverages, declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 7, 1970. Filed with
Secretary of State May 7, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 23358.2 of the Business and Professions Code is amended to read:

23358.2. Notwithstanding any other provision of this division, a winegrower or brandy manufacturer, at his licensed premises where the sale of wine or brandy for consumption off the premises is authorized or permitted, when selling to consumers for consumption off the premises may sell only wine or brandy which is produced or bottled by such licensee, or wine or brandy which is produced for or is produced and packaged for such licensee, and which is sold under a brand name owned by such licensee. The rights and privileges of a winegrower or brandy manufacturer to be issued and to hold an off-sale beer and wine license for any of his licensed premises, or for other premises, shall not in any way be changed or affected, or be construed to be changed or affected, by the provisions of this section. This section shall become operative on July 1, 1970.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

At the time Section 23358.2 of the Business and Professions Code was enacted, it was the intention of the Legislature that winegrowers and brandy manufacturers should continue to be entitled to obtain off-sale beer and wine licenses for the same premises for which they held winegrower's or brandy manufacturer's licenses, as well as for other premises. Such off-sale beer and wine licenses would permit winegrowers and brandy manufacturers to sell all types of wine, regardless of by or for whom produced or bottled, to consumers for off-premises consumption.

The Department of Alcoholic Beverage Control, however, has stated that by reason of its interpretation of the provisions of Section 23358.2, it will refuse to issue off-sale beer and wine licenses for such licensed premises.

Section 23358.2 will become operative on July 1, 1970. Unless it is amended before that date in the manner set forth in Section 1 of this act, serious damage will be suffered by numerous winegrowers and brandy manufacturers in this state, contrary to the intention of the Legislature. In order to prevent such unintended results, the amendment of Section 23358.2 must take effect prior to its operative date, and it is therefore necessary that this act take effect immediately.

CHAPTER 101

An act to amend Section 1021 of the Insurance Code, relating to insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 7, 1970. Filed with
Secretary of State May 7, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 1021 of the Insurance Code is amended to read:

1021. (a) Upon the making of an order to liquidate the business of such person, the commissioner shall cause to be published notice to its policyholders, creditors, shareholders, and all other persons interested in its assets. Such notice shall require claimants to file their claims with the commissioner, together with proper proofs thereof, within six months after the date of first publication of such notice, in the manner specified in this article.

(b) The six-month period specified in subdivision (a) shall not apply to the California Insurance Guarantee Association provided it files with the commissioner a notice of possible claim within such six-month period and files actual claim or claims within such periods of time as may be permitted by order of court.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The California Insurance Guarantee Association was authorized by legislation at the 1969 Regular Session to alleviate the hardship of insolvency to persons of modest means. In view of this recent authorization it is not possible for the association to file claims against an insolvent insurer, with necessary proofs, within the prescribed time.

In order to preserve these claims to mitigate against hardship to the people of this state, it is necessary that this act take effect immediately.

CHAPTER 102

The employment of such persons shall be based upon the need for additional certificated employees for grades 13 and 14 during a particular semester or quarter because of the higher enrollment of students in those grades during that semester or quarter as compared to the other semester or quarter in the academic year, or because a certificated employee has been granted leave for a semester, quarter, or year, or is experiencing long-term illness, and shall be limited, in number of persons so employed, to that need, as determined by the governing board.

Such employment may be pursuant to contract fixing a salary for the entire semester or quarter.

The governing board of the districts shall, following such assent to the plan or plans for discontinuance, request the Legislature to enact the implementing legislation to effectuate such plan or plans thus assented to, and to authorize the expenditure of the balance of the assets of both of the district retirement systems pursuant to the provisions of Section 14695 of this code.

In the event the Legislature enacts implementing legislation to effectuate a plan or plans for discontinuance, which plan or plans differ from the plan or plans for discontinuance developed by the governing board and assented to by a majority of the active members in the manner above provided in this section, such statutory plan or plans for discontinuance shall not become operative until assented to by a majority of the active members of both of the district retirement systems who vote on the proposition or propositions for discontinuance in the manner above provided in this section.

Such plan shall provide that the member of the retirement system shall, at the time of retirement, select one of the three following alternative courses of action:

(a) To withdraw his contributions from the unified or community college district retirement system and transfer to the State Teachers' Retirement System pursuant to the procedures provided for by law.

(b) To remain under the unified or community college district retirement system and receive from such district retirement system the annuity provided by his accumulated contributions as a member of such unified or community college district retirement system, and receive a retirement allowance equal to that provided by the State Teachers' Retirement System formulae based only on such district service, minus the portion of the allowance which would have been provided by the annuity as defined in Section 13818 of this code if there

had been no district retirement system. In addition he shall receive from the State Teachers' Retirement System benefits allowable from the Permanent Fund.

(c) To remain under the unified or community college district retirement system and receive from such district retirement system the amount of benefits provided by employer contributions, as presently provided for under the rules of the unified or community college district, plus the annuity provided by his contributions as a member of such unified or community college district retirement system. In addition he shall receive from the State Teachers' Retirement System benefits allowable under the Permanent Fund.

This plan for modification to improve benefits must be assented to by a majority of the active members of both of the retirement systems who vote on the proposition for modification to improve benefits.

The plan for modification to improve benefits shall be submitted to the active members of both of the retirement systems who will vote to express their desires as to approval or disapproval of the plan for modification to improve benefits. The governing board shall submit the plan for modification to improve benefits as an alternative plan, at the same time as it submits a plan or plans for the discontinuance of both the unified and community college district retirement systems as provided in Section 14694.5, to the active members of both systems at the same time and shall prescribe the manner and form by which the active members may express their desires with respect to the plan or plans for discontinuance and the plan for modification to improve benefits.

The governing board shall report the results of such election to the Legislature no later than January 15, 1964, and shall request the Legislature to enact the implementing legislation to effectuate any such plan which may have been assented to.

In the event the Legislature enacts implementing legislation to effectuate a plan for modification to improve benefits, which plan differs from the plan developed by the governing board and assented to by a majority of the active members in the manner above provided in this section, such statutory plan for modification to improve benefits shall not become operative until assented to by the governing board and by a majority of the active members of both of the district retirement systems who vote on the proposition for modification to improve benefits in the manner above provided in this section.

ing that course shall receive from the unified or community college district retirement system, the annuity provided by his accumulated contributions as a member of such unified or community college district retirement system, and also receive from such district retirement system a retirement allowance as defined in Section 13820, equal to that portion of such allowance which is provided by the State Teachers' Retirement System formulae based only on such district retirement system service minus (1) the retirement salary, as defined in Section 13819, which is based on such district retirement system service, and (2) the annuity which would have been provided by the contributions which the member would have made to the Retirement Annuity Fund of such State Teachers' Retirement System if there had been no district retirement system. Further, such member shall receive from the State Teachers' Retirement System, the retirement salary as defined in Section 13819, based on his district retirement system service plus the retirement allowance as defined in Section 13820, provided by the State Teachers' Retirement System on the basis of all credited service other than service credited under the district retirement system.

The Board of Administration of the Public Employees' Retirement System shall determine the accumulated contributions held for or as having been made by each district and its employees, and shall credit such contributions to the respective contracts. Benefits based on all service of an employee to the districts prior to the date upon which employees' elections to serve the respective districts are effective shall be a liability of the contract of the district employing such person on such effective date. SEC. 228. Section 17461 of the Education Code is amended to read:

17461. Loans may be made by the Superintendent of Public Instruction from the School District Organization Revolving Fund at any time during the first three years of the existence of any newly formed community college district in amounts necessary to enable the district to meet the current expenses of operation. A loan may be made upon approval, by the Superintendent of Public Instruction, of an application therefor submitted by the governing board of a newly formed community college district. A loan may be made only if the Superintendent of Public Instruction determines that the applicant newly formed community college district is in need of funds to meet the current expenses of operation, and that the general purpose tax rate of the district for the fiscal year in which the application is submitted is at least equal to the average of such rates applicable at that time in other districts maintaining community colleges in the same county or in adjacent counties.

For purposes of this section the Superintendent of Public Instruction may prescribe the form in which applications are to be submitted, and may require the submission of such information and data by the applicant district as he may deem necessary to make any required determinations.

During each of the five fiscal years immediately succeeding the fiscal year in which a loan is made under this section, the State Controller shall deduct from apportionments made from the State School Fund to the newly formed community college district an amount equal to one-fifth of the amount loaned to the district, and pay the same amount into the School District Organization Revolving Fund.

SEC. 229. Section 17503 of the Education Code is amended to read:

17503. For purposes of this section:

(a) "Salaries of classroom teachers" and "teacher" shall have the same meanings as prescribed by Section 17200 of this code provided, however, that the cost of all health and welfare benefits provided to the teachers by the school district shall be included within the meaning of salaries of classroom teachers.

(b) "Current expense of education" means the gross total expended (not reduced by estimated income or estimated federal and state apportionments) for the purposes classified in the final budget of a school district (except one which, during the preceding fiscal year, had less than 101 units of average daily attendance) submitted to and approved by the county superintendent of schools pursuant to Section 20651 of this code for administration, instruction (including salaries and other expense), auxiliary services, school plant (including operation and maintenance), and fixed charges. "Current expense of education" shall not include those purposes classified as transportation of pupils, food service, community service,

capital outlay, state school building loan repayment; and shall not include the amount expended pursuant to any lease agreement for plant and equipment or the amount expended from funds received from the federal government pursuant to the "Economic Opportunity Act of 1964" or any extension of such act of Congress.

There shall be expended during each fiscal year for payment of salaries of classroom teachers:

(a) By an elementary school district, sixty percent (60%) of the district's current expense of education.

(c) By a community college district, fifty percent (50%) of the district's current expense of education.

(d) By a unified school district, fifty-five percent (55%) of the district's current expense of education.

If the Superintendent of Public Instruction determines that a school district has not expended the applicable percentage of current expense of education for the payment of salaries of classroom teachers during the preceding fiscal year, he shall, in apportionments made to the school district from the State School Fund after April 15 of the current fiscal year, designate an amount of such apportionment or apportionments equal to the apparent deficiency in district expenditures. Any amount so designated by the Superintendent of Public Instruction shall be deposited in the county treasury to the credit of the school district, but shall be unavailable for expenditure by the district pending the determination to be made by the Superintendent of Public Instruction on any application for exemption which may be submitted to the Superintendent of Public Instruction. In the event it appears to the governing board of a school district that the application of the preceding paragraphs of this section during a fiscal year results in serious hardship to the district, or in the payment of salaries of classroom teachers in excess of the salaries of classroom teachers paid by other districts of comparable type and functioning under comparable conditions, the board may, with the written approval of the county superintendent of schools having jurisdiction over the district apply to the Superintendent of Public Instruction in writing not later than September 15th of the succeeding fiscal year for exemption from the requirements of the preceding paragraphs of this section for the fiscal year on account of which the application is made. Upon receipt of such application, duly approved, the Superintendent of Public Instruction shall grant the district exemption for any amount that is less than one thousand dollars (\$1,000), and if the amount is one thousand dollars (\$1,000), or greater may grant the district exemption, to the extent deemed necessary by him, from such requirements for the fiscal year on account of which the application is made. If such exemption is granted the designated moneys shall be immediately available for expenditure by the school district governing board. If no application for

exemption is made or exemption is denied, the Superintendent of Public Instruction shall order the designated amount or amount not exempted to be added to the amounts to be expended for salaries of classroom teachers during the next fiscal year.

The Superintendent of Public Instruction shall enforce the requirements prescribed by this section, and may adopt necessary rules and regulations to that end. He may require the submission to him, during the school year, by school district governing boards and county superintendents of schools, of such reports and information as may be necessary to carry out the provisions of this section.

17505. As used in this section the phrase "individual class session" shall not include any class session held in grades kindergarten through 8, inclusive, in courses in art, instrumental and vocal music, industrial arts, and physical education. The phrase shall not include any class session held in grades 9 through 12, inclusive, in courses in commercial arts, instrumental and vocal music, industrial arts, vocational arts, and physical education. The phrase "individual class session" shall not include any class session held in grades 9 through 12, inclusive, for which two or more individual class groups which come within the descriptions specified by the first paragraph of this section and subdivision (a) or (b), or both, are assembled together in the same room for joint lectures or demonstrations.

Notwithstanding the provisions of subdivisions (b) and (c), grades 7, 8, and 9 of a junior high school shall be deemed to be high school grades for purposes of this section.

The governing board of each school district shall, subject to the rules and regulations of the Superintendent of Public Instruction and in the manner and form he shall prescribe, certify to that officer on or before December 31 of each year,

information concerning its individual class sessions and the numbers of pupils in attendance thereon, as of October 31 of the same year which certification shall constitute the basis for the applicability of the provisions of this section to the school district.

SEC. 234. Section 17601 of the Education Code is amended to read:

(a) Each elementary school district shall be deemed to comprise the kindergartens and grades 1 to 8, inclusive, maintained by the district, and the seventh and eighth grades of the district not maintained by the district because of the attendance upon a junior high school of pupils who would otherwise attend upon seventh and eighth grades maintained by the district.

(b) Each high school district shall be deemed to comprise all of grades 9 to 12, inclusive, maintained within the high school district whether maintained by a high school district or by a community college district.

(c) Each community college district shall be deemed to comprise the 13th and 14th grades maintained by the district.

(d) Each high school district maintaining grades 13 and 14 shall be deemed to be a community college district comprising grades 13 and 14.

(e) Each unified school district shall be deemed to be an elementary school district comprising the kindergartens and grades 1 to 8, inclusive, maintained by the district and the seventh and eighth grades of the district not maintained by the district in elementary schools because of the attendance upon a junior high school of pupils who would otherwise attend the seventh and eighth grades maintained in elementary schools by the district, and a high school district comprising all of grades 9 to 12, inclusive, and a community college district comprising the 13th and 14th grades maintained by the district.

SEC. 235. Section 17601.1 of the Education Code is amended to read:

17601.1. For the purposes of this chapter, the governing board of each school district shall report to the Superintendent of Public Instruction during each fiscal year the average daily attendance of the district for all full school months during (1) the period between July 1st and December 31st, inclusive, to be known as the "first period" report for the first principal apportionment, and (2) the period between July 1st and April 15th, inclusive, to be known as the "second period" report for the second principal apportionment. The county superintendent of schools shall report the average daily attendance for the schools and classes maintained by him and the average daily attendance for the county school tuition fund. If the average daily attendance in the regular day schools of a district for the period of time between July 1 and June 30 is greater or lesser than the average daily attendance in the regular day schools reported for the second period report, the appropriate increases and decreases in the several categories of attendance for which separate foundation programs are required to be computed shall be brought forward to the corresponding categories of the second period report for the next succeeding fiscal year.

Each report shall be prepared in accordance with instructions on forms prescribed and furnished by the Superintendent of Public Instruction and average daily attendance shall be computed in the following manner:

(a) The average daily attendance in the regular elementary, junior high, and high schools maintained by the school districts shall be determined by dividing the total number of days of attendance in all full school months in each period, by the number of days such schools are actually taught in all full school months in each period.

If the average daily attendance in schools and classes maintained by school districts other than regular day schools and classes for the period of time between July 1 and June 30 is

greater or lesser than the average daily attendance in such schools and classes reported for the second period report, the appropriate increases and decreases in the attendance for such schools and classes for which separate state financial support is provided shall be brought forward to the appropriate attendance computation for such schools and classes on the second period report for the next succeeding fiscal year.

(b) The average daily attendance in grades 13 and 14 of the regular day schools of each community college shall be determined pursuant to the provisions of Article 5.5 (commencing with Section 11475). For community colleges, under the provisions of this paragraph, the "first period" shall be the first semester and the "second period" shall be the "academic year" (first and second semester). The average daily attendance in each period shall not exceed 1.2 times the number of different pupils enrolled in the district during the period.

(c) The average daily attendance in summer school and outdoor science and conservation education classes maintained during the period between the last day the regular day schools are in session during the preceding year and the first day the regular day schools are in session during the current year shall be reported on both the first period and second period reports. Such average daily attendance shall be computed by dividing the days of attendance by 175. For community colleges, the hours of attendance shall be divided by 525, and the average daily attendance shall not exceed 1.2 times the total number of different pupils enrolled in the district in the summer school.

(d) The attendance for schools and classes maintained by the county superintendent of schools and for the county school tuition fund credited after the last full school month of the second period of the preceding year and prior to the end of each reporting period shall be reported on each report. The average daily attendance of the school, class, or fund shall be determined for the first period by dividing the days of attendance by 100 and for the second period, the days of attendance shall be divided by 175.

(e) The days of attendance in classes for adults continuation schools and classes, regional occupation centers and opportunity schools and classes maintained after the last full school month of the second period of the preceding year and prior to the end of each reporting period shall be reported on each report. The average daily attendance in such schools and classes shall be determined for the first period by dividing the days of attendance by 100; for the second period, the days of attendance shall be divided by 175.

SEC. 236. Section 17603.5 of the Education Code is amended to read:

17603.5. The amounts computed as allowable to any school district for state equalization aid shall be reduced by fifty percent (50%) of miscellaneous funds, as defined in Section

17606. In no event shall the reduction exceed the total amount allowable as equalization aid to the school district for the fiscal year. For such purposes, miscellaneous funds, as defined in Section 17606, received by a unified school district, shall be allocated to the kindergarten and elementary, high school and community college grades, respectively, on the basis of the proportion of the district's total average daily attendance in each such grade level, and the provisions of Section 17601 shall be applicable.

Should the amount of miscellaneous funds, as defined in Section 17606, actually received by a school district for any fiscal year be more or less than that reported to the Superintendent of Public Instruction, the Superintendent of Public Instruction shall during the fiscal year next succeeding withhold from or add to the apportionment made to the district from the State School Fund the amount of the excess or deficiency in the apportionment of state equalization aid from the State School Fund for the preceding year, if the amount of the excess or deficiency in such apportionment was one hundred dollars (\$100) or more.

SEC. 237. Section 17609 of the Education Code is amended to read:

For the purposes of computation of allowances and apportionments from the State School Fund, under effective sections of this code, each elementary school district as defined by Section 17608, high school district and community college district merged or otherwise included within a unified school district shall be deemed a separate and independent district, but all apportionments from the State School Fund on account of any district merged or otherwise included within a unified school district shall be made to the unified school district and shall be available for expenditure by the unified school district for all schools and classes of the district.

SEC. 238. Section 17609.1 of the Education Code is amended to read:

SEC. 240. Section 17611 of the Education Code is amended to read:

17611. For the purposes of computation of allowances and apportionments from the State School Fund, whenever computations of apportionments based on average daily attendance are made for community college districts only the attendance in all classes of grades 13 and 14 and all types of

ungraded classes, including classes for adults, which have been reported as attached to, or as a part of, a community college which maintains grades 13 and 14 shall be included.

SEC. 241. Section 17617 of the Education Code is amended to read:

17617. No real or personal property, including money, accepted pursuant to Section 1044 of this code by the governing board of any district maintaining a community college, shall be considered in determining the eligibility of the district for an apportionment from the State School Fund nor in determining the amount thereof.

17666.2. (a) Except for a community college district which qualifies under subdivision (b), for each community college district, he shall multiply the number of units of average daily attendance, during the fiscal year, in grades 13 and 14 computed for the district under Sections 11451 and 11501, subject to the provisions of Section 17611, by six hundred forty-three dollars (\$643).

(b) For each community college district which has an average daily attendance of less than 1001 during the fiscal year 1965-1966 and during the fiscal year 1966-1967, and for each community college district which has an average daily attendance of less than 1,001 during the fiscal year and qualifies as a necessary small community college district as defined in Section 17666.3 for the fiscal year 1969-1970 and fiscal years thereafter, the Superintendent of Public Instruction shall make one of the following computations selected with regard only to the number of certificated employees employed or average daily attendance, whichever provides the lesser amount.

For purposes of this section and Section 17851, the average daily attendance of a community college district shall, sub-

ject to the provisions of Section 17611, be computed in the manner prescribed by Sections 11451 and 11501 except that there shall be excluded from the computation the attendance of all students deemed "nonresident" as defined in Sections 25505 and 25505.1. Notwithstanding the above provisions of this section, the attendance of students deemed nonresidents as provided in Sections 25505 and 25505.1 shall be included in the average daily attendance of a community college for the purposes of Section 17851.

The Superintendent of Public Instruction shall exclude from the computation provided by this section the average daily attendance during the fiscal year of adults, as adults are defined in Section 5756, and of inmates of any state institution for adults or of any city, county, or city and county jail, road camp, or farm for adults.

(d) In the event a community college district to which the provisions of subdivision (b) of this section applies is included by any reorganization authorized by law in a community college district which has an average daily attendance of 1,001 or more, the Superintendent of Public Instruction shall continue to compute the foundation program for the community college district included by such reorganization in accordance with the provisions of subdivision (b) of this section.

(2) The conditions under paragraph (1) of this subdivision do not apply, but on annual application of the district the State Board of Education has determined for the fiscal year that the district is located in an area sufficiently remote so as to necessitate local current expenditures significantly higher than statewide average current expenditures for community colleges.

SEC. 244. Section 17667 of the Education Code is amended to read:

17667. Each computation required by this article (commencing at Section 17651) for high school and community college districts shall be made after excluding from the average daily attendance for the fiscal year the average daily attendance of adults, as adults are defined in Section 5756, and the average daily attendance in classes for inmates of any state institution for adults or of any city, county, or city and county jail, road camp or farm for adults during the fiscal year.

SEC. 245. Section 17851 of the Education Code is amended to read:

17851. The Superintendent of Public Instruction shall allow to each community college district one hundred twenty-five dollars (\$125) for each unit of average daily attendance in grades 13 and 14.

Beginning with the fiscal year 1960-1961, average daily attendance for the purpose of this section shall be computed under Sections 11451 and 11501, subject to the provisions of Sections 17611 and 17666.2.

The Superintendent of Public Instruction shall exclude from the computation of allowances provided by this section the average daily attendance of adults, as adults are defined in Section 5756, and of inmates of any state institution for adults or of any city, county, or city and county jail, road camp or farm for adults.

SEC. 246. Section 17904 of the Education Code is amended to read:

17904. The Superintendent of Public Instruction shall compare the total of the amounts allowed to, and computed for, each community college district pursuant to Sections 17702 and 17851, with the amount of the foundation program computed for each district pursuant to Section 17666.2.

If the total amount computed for any district pursuant to Sections 17702 and 17851, is less than the amount of the foundation program computed for such district pursuant to Section 17666.2, he shall add to the amount computed for such district pursuant to Sections 17702 and 17851, such additional amount, to be known as state equalization aid, as may be necessary to equal that computed for such district pursuant to Section 17666.2.

SEC. 247. Section 17906.2 of the Education Code is amended to read:

17906.2. No state equalization aid shall be allowed unless there shall have been levied pursuant to this code, for a district during the fiscal year, a tax, exclusive of taxes levied under Sections 1822.2, 1825, 16633, 16635, 16645.9, 19443, 19619, 20801, and 22101, of not less than one dollar (\$1) if an elementary district, eighty cents (\$.80) if a high school district, and twenty-five cents (\$.25) if a community college district.

SEC. 248. Section 17923 of the Education Code is amended to read:

17923. For each unified school district, the Superintendent of Public Instruction shall determine that portion of the General Fund tax rate which is in excess of (1) one dollar and eighty cents (\$1.80), if deemed to be an elementary school district and a high school district under Section 17601, and (2) two dollars and fifteen cents (\$2.15), if deemed to be a community college district under Section 17601, exclusive of rates levied pursuant to Sections 1822.2, 1825, 16633, 16635, 16645.9, 19443, 19619, 20801, and 22101.

In determining the allowances under this article, the rate computed under this section shall first be applied to the elementary school district to the extent authorized in Section 17924, and second to the high school district to the extent authorized in Section 17925.

SEC. 249. Section 17940 of the Education Code is amended to read:

17940. Notwithstanding the provisions of Articles 4, 5, 6, and 7 (commencing with Sections 17751, 17801, 17851 and 17901, respectively) of this chapter or any other provision of law to the contrary, if the computation made under Article 7 (commencing with Section 17901) of this chapter for any grade level maintained by a district, excluding grades 13 and 14 maintained by a community college, results in no allowance of equalization aid for such district for such grade level, the amount allowable therefor to such district under said Articles 4, 5, 6, and 7 of this chapter, per unit of the particular categories of average daily attendance used for such computations, shall be one hundred twenty-five dollars (\$125) per unit of such average daily attendance during the preceding fiscal year.

SEC. 250. Section 17951 of the Education Code is amended to read:

17951. The allowance for each unit of average daily attendance during the fiscal year for adults, as adults are defined in Section 5756, shall be as follows:

(a) For high school districts the allowance shall be three hundred fifty dollars (\$350) less the product of fifty cents (\$0.50) multiplied by each one hundred dollars (\$100) of the assessed valuation of the district per unit of average daily attendance exclusive of adults.

(b) For each unit of average daily attendance attached to a community college the allowance shall be five hundred twenty dollars (\$520) less the product of twenty-four cents (\$0.24) multiplied by each one hundred dollars (\$100) of the assessed valuation of the district per unit of average daily attendance exclusive of adults.

The allowance provided by this section for each unit of average daily attendance of an adult, as an adult is defined in Section 5756, not residing in the district and not residing in any district maintaining a community college shall be limited

to one hundred twenty-five dollars (\$125) as basic state aid and no allowance shall be made based on state equalization aid. The total of basic and equalization aid allowed each district shall not be less than one hundred twenty-five dollars (\$125) for each unit of average daily attendance during the fiscal year for resident adults, exclusive of average daily attendance in classes for inmates of any state institution for adults and for inmates of any city, county, or city and county jail, road camp or farm for adults.

If any computation made under any of the preceding paragraphs of this section produces an allowable amount not in excess of one hundred twenty-five dollars (\$125) per unit of average daily attendance, such allowable amount computed shall be adjusted if, and to the extent necessary, so that the actual allowance shall not exceed one hundred twenty-five dollars (\$125) per unit of average daily attendance of the adults in high schools and community colleges during the preceding fiscal year.

SEC. 251. The heading of Article 8.5 (commencing with Section 17970) of Chapter 3 of Division 14 of the Education Code is amended to read:

For the fiscal year 1961-62 and each fiscal year thereafter, the Superintendent of Public Instruction shall allow to each community college district for each unit of average daily attendance of pupils not residing in the district and not residing in any district maintaining a community college, one hundred twenty-five dollars (\$125) as basic state aid.

There shall be excluded from the computation of allowances provided by this section the average daily attendance of adults, as adults are defined in Section 6352, and of inmates of any state institution for adults or of any city, county, or city and county jail, road camp, or farm for adults.

SEC. 253. Section 18055 of the Education Code is amended to read:

18055. (a) He shall allow to each elementary school district, high school district, and community college district, except as to any to which subsections (b), (c) and (d) of this section or Section 18057 is applicable, which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the district for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars (\$100) of the assessed valuation of the district as shown by the equalized assessment roll of the district for the

preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than two cents (\$0.02) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than eight cents (\$0.08) of the computed tax rate less two cents (\$0.02), (2) 75 percent of the amount which would be produced by not more than sixteen cents (\$0.16) of computed tax less eight cents (\$0.08), (3) 80 percent of the amount which would be produced by not more than twenty-four cents (\$0.24) of the computed tax less sixteen cents (\$0.16), and (4) 90 percent of the amount which would be produced by the computed tax less twenty-four cents (\$0.24).

(b) He shall allow to each high school district maintaining a community college, or maintaining 13th and 14th grades, except as to any to which Section 18057 is applicable, which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars (\$100) of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than three cents (\$0.03) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than twelve cents (\$0.12) of the computed tax rate less three cents (\$0.03), (2) 75 percent of the amount which would be produced by not more than twenty-four cents (\$0.24) of the computed tax rate less twelve cents (\$0.12), (3) 80 percent of the amount which would be produced by not more than thirty-six cents (\$0.36) of the computed tax rate less twenty-four cents (\$0.24), and (4) 90 percent of the amount which would be produced by the computed tax rate less thirty-six cents (\$0.36).

(c) He shall allow to each elementary school district which is not a part of a high school district and which during the preceding fiscal year provided for the transportation of pupils to the elementary schools of the district and to one or more high schools in other districts an amount which shall be computed as follows:

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars (\$100) of the assessed valuation of the district as shown by the equalized assessment role of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents (\$0.04) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than sixteen cents

(\$0.16) of the computed tax rate less four cents (\$0.04), (2) 75 percent of the amount which would be produced by not more than thirty-two cents (\$0.32) of the computed tax rate less sixteen cents (\$0.16), (3) 80 percent of the amount which would be produced by not more than forty-eight cents (\$0.48) of the computed tax rate less thirty-two cents (\$0.32), and (4) 90 percent of the amount which would be produced by the computed tax rate less forty-eight cents (\$0.48).

If an elementary district which is not a part of a high school district provides only for the transportation of pupils to a high school, an amount shall be computed as provided in subdivision (a) of this section.

(d) He shall allow to each high school district not a part of any community college district which during the preceding fiscal year provided for the transportation of pupils to the high schools of the district and pupils attending community colleges maintained by other districts an amount which shall be computed as follows:

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars (\$100) of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents (\$0.04) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than sixteen cents (\$0.16) of the computed tax rate less four cents (\$0.04), (2) 75 percent of the amount which would be produced by not more than thirty-two cents (\$0.32) of the computed tax rate less sixteen cents (\$0.16), (3) 80 percent of the amount which would be produced by not more than forty-eight cents (\$0.48) of the computed tax rate less thirty-two cents (\$0.32), and (4) 90 percent of the amount which would be produced by the computed tax rate less forty-eight cents (\$0.48).

If a high school district which is not a part of a community college district provides only for the transportation of pupils to a community college, an amount shall be computed as provided in subdivision (a) of this section.

Sec. 254. Section 18056 of the Education Code is amended to read:

18056. (a) He shall allow to each unified school district formed under the provisions of Sections 3001 to 3451, inclusive, of this code, the formation of which became effective on July 1, 1948, or thereafter, an amount equal to the total current expenses of the district during the preceding fiscal year for the transportation of pupils, determined by the Superintendent of Public Instruction to have been required because of a change of the location of schoolhouses or the reorganization of attendance centers within the district during such preceding fiscal year. No allowance shall be made under this paragraph

subsequent to the close of the fifth fiscal year following that in which the district was formed and thereafter the provisions of subsection (b) or (c) of this section shall control as to such district.

(b) He shall allow to each unified school district not maintaining a community college which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the district for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars (\$100) of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than three cents (\$0.03) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than twelve cents (\$0.12) of the computed tax rate less three cents (\$0.03), (2) 75 percent of the amount which would be produced by not more than twenty-four cents (\$0.24) of the computed tax rate less twelve cents (\$0.12), (3) 80 percent of the amount which would be produced by not more than thirty-six cents (\$0.36) of the computed tax rate less twenty-four cents (\$0.24), and (4) 90 percent of the amount which would be produced by the computed tax rate less thirty-six cents (\$0.36).

(c) He shall allow to each unified school district maintaining a community college which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the district for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars (\$100) of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents (\$0.04) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than sixteen cents (\$0.16) of the computed tax rate less four cents (\$0.04), (2) 75 percent of the amount which would be produced by not more than thirty-two cents (\$0.32) of the computed tax rate less sixteen cents (\$0.16), (3) 80 percent of the amount which would be produced by not more than forty-eight cents (\$0.48) of the computed tax rate less thirty-two cents (\$0.32), and (4) 90 percent of the amount which would be produced by the computed tax rate less forty-eight cents (\$0.48).

Sec. 255. Section 18057 of the Education Code is amended to read:

18057. He shall compute for each group of two or more school districts which have been continuously from a time prior

to July 1, 1949, governed by boards of identical personnel during the preceding fiscal year and have maintained a single transportation system for all of such districts which provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year.

(a) He shall, if such group comprises an elementary school district and a high school district not maintaining a community college and each district provided for the transportation of pupils, or comprises an elementary school district, a high school district, and a community college district and each district except the community college district provided for the transportation of pupils residing in the district, or comprises a high school district and a community college district and each district provided for the transportation of pupils, then determine what rate of tax levied on each one hundred dollars (\$100) of the assessed valuation of that one of such districts providing for the transportation of pupils which has the largest assessed valuation as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than three cents (\$0.03) he shall allow the district (1) 50 percent of the amount which would be produced by not more than twelve cents (\$0.12) of the computed tax rate-less three cents (\$0.03), (2) 75 percent of the amount which would be produced by not more than twenty-four cents (\$0.24) of the computed tax rate less twelve cents (\$0.12), (3) 80 percent of the amount which would be produced by not more than thirty-six cents (\$0.36) of the computed tax rate less twenty-four cents (\$0.24), and (4) 90 percent of the amount which would be produced by the computed tax rate less thirty-six cents (\$0.36).

(b) He shall, if such group comprises an elementary school district, and a high school district maintaining a community college, each of which provided for the transportation of pupils, including those attending the community college, or comprises an elementary school district, a high school district, and a community college district (other than one providing transportation only for pupils not residing in the district), each of which provided for the transportation of pupils, then determine what rate of tax levied on each one hundred dollars (\$100) of the assessed valuation of that one of such districts providing for the transportation of pupils which had the largest assessed valuation as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If any such voted increase in effect on such effective date results in a maximum rate which is less than that prescribed in subdivision (1) of this section as so amended in 1964, the maximum rate of such district shall be that prescribed in subdivision (1) of this section as so

amended. Nothing in this section shall be construed to prevent a change in the maximum tax rate of a school district subject to and in the manner prescribed by Section 20803.

The increase provided by this section shall not exceed five cents (\$0.05) per each one hundred dollars (\$100) of the assessed value of property within the district, and said increase shall be in addition to any other school district tax authorized by law to be levied.

In a unified school district the increase provided by this section shall not exceed ten cents (\$0.10) per each one hundred dollars (\$100) of the assessed value of property within the district if the district maintains one or more elementary schools and high schools, and shall not exceed fifteen cents (\$0.15) per each one hundred dollars (\$100) if the district maintains, in addition, one or more community colleges, and said increase shall be in addition to any other school district tax authorized by law to be levied.

The warrants shall be issued by a person designated as the district auditor or district disbursing officer for the school district on the county treasurer in favor of the persons entitled thereto in payment of all claims chargeable against the district which have been legally examined, allowed, and ordered paid by the governing board. Notwithstanding Section 21102 of the Education Code, the cost of printing the warrants shall be borne by the district.

No county officer shall be responsible for producing reports, statements, and other data relating to or based on these payments of the expenses of the districts. Those districts issuing warrants as provided by this section shall provide the county superintendent of schools, in the form prescribed by him, with the data necessary to make retirement reports and other reports required of him by law. All warrants, vouchers, and supporting documents shall be kept by the school districts that draw their own warrants.

Notwithstanding Section 17151 of the Education Code, except for assessing and tax collecting, the county auditor and the county treasurer may charge those districts that draw their own warrants for the cost of all fiscal services.

The person authorized by the governing board of the district to issue warrants pursuant to this section shall execute an official bond in an amount fixed by the governing board conditioned upon the faithful performance of his duties under this section. A county superintendent of schools or a county auditor shall not be liable under the terms of their bonds or otherwise for any warrant issued pursuant to this section. It is not intended that this provision shall be applied so as to impair the

obligation of any contract in the bond of such officer in effect on the effective date of this section.

A listing of the warrants issued under this section by each school district shall be forwarded to the county auditor having jurisdiction, upon his request, and to the county superintendent of schools having jurisdiction over the district on the same day warrants are issued. The listing, which may be magnetic tape, punched cards, or in other form, shall report, among other things, the warrant number, date of the warrant, amount of the warrant, the name of the payee, and the fund on which drawn.

The form and content of the warrant listing shall be as prescribed by the governing board and approved by the county auditor having jurisdiction.

In order to obtain the approval of the Superintendent of Public Instruction, a community college district, a unified school district, or district with over 10,000 average daily attendance shall file a written application with the county superintendent of schools of jurisdiction on forms which the Superintendent of Public Instruction shall prescribe. Upon receipt of an application from the district, the county superintendent of schools shall cause a survey to be made of the district's accounting controls by an independent certified public accountant or public accountant. The certified public accountant or public accountant shall report his findings and recommendations to the county superintendent, county auditor, and to the applicant district. The county superintendent shall forward the district's application, together with his recommendations and the recommendations of the county auditor and the report of survey, to the Superintendent of Public Instruction who shall approve or disapprove the application. The Superintendent of Public Instruction shall approve the application only if he finds the accounting controls of the district are adequate. If the Superintendent of Public Instruction determines that such controls are inadequate, he shall disapprove the application. The county superintendent of schools shall be reimbursed from the district funds for all costs incident to the accounting controls survey made pursuant to the district's application.

When approved by the Superintendent of Public Instruction, the issuance of warrants pursuant to this section shall be effective at the beginning of a fiscal year, provided that the approval had been made prior to the preceding first day in January. If disapproved, the Superintendent of Public In-

struction and the county superintendent of schools shall state the specific steps which must be taken by the school district in order to receive approval. If at any time the county superintendent of schools determines that the accounting controls of the district have become inadequate, he may recommend to the Superintendent of Public Instruction that the approval be revoked effective at the first of the fiscal year next following.

For the purposes of such law in computing the outstanding bonded indebtedness of a unified district which does not maintain a community college, all of such indebtedness shall be deemed to have been issued for elementary and high school purposes which shall constitute a single purpose, without allocation between elementary schools and high schools.

After June 30, 1969, no such employee shall have tenure or classification as a permanent employee in other than the district in which he elects to serve.

For the purposes of Section 13723, the community college district shall be deemed to be a school district which had already adopted the merit system prior to the amendment of Section 13723 in 1965.

It is the intent of the Legislature in enacting this act to continue the rights, benefits, and privileges of regular classified employees, insofar as practicable, without disruption which may be caused by the separation of the community college and city boards of education.

Any part or all of the land, buildings, fixtures, leases, and other real property which are jointly owned by the city school district and the community college district may, at the option of the city school district, become the property of the city school district subject to the requirement that the city school district pay cash, or other valuable consideration acceptable to the community college district, to the community college district for its proportionate interest in such real property. Such payments may be made in installments over a five-year period, commencing July 1, 1969. Not less than 20 percent of such proportionate interest of the community college district shall be paid in any one installment. Such property shall be valued at its insurable value as of May 1, 1969. In cases where the value of real property cannot be established by reference to insurable value the market value of the property shall be used for valuation purposes. In order to provide for such payments, and for cash payments authorized in this section for the purpose of purchasing equipment, supplies, fixtures, vehicles, and other personal property, the maximum school district tax for such city school district is hereby increased by such amount as will produce the amount of such payments made pursuant to this section, and the increase shall be in addition to any

other school district tax authorized by law to be levied. Such maximum school district tax increase may be levied commencing July 1, 1968, and shall remain in effect until all payments to the community college district for its interest in such real and personal property have been made.

All equipment and supplies, including fixtures, and other personal property located in any school shall remain with and become the property of the district operating such school. Any part or all of the equipment, supplies, fixtures, and other personal property, located in a facility owned jointly by both such districts, and which property has been used jointly by both such districts may, at the option of the city school district, become the property of the city school district subject to the requirement that the city school district pay cash, or other valuable consideration acceptable to the community college district, to the community college district for its proportionate interest in such personal property. Such personal property shall be valued at its insurable value as of May 1, 1969.

Equipment, supplies, and other stores possessed jointly by both districts as of July 1, 1969, shall be distributed in kind or in cash value in accordance with the costs as reflected in the records of the community college district and the city school district.

Vehicles jointly owned or jointly used by the city school district and by the community college district, including those used for grading, landscaping, building or ground maintenance, cleaning, and for materials-handling purposes, regardless of location, may, at the option of the city school district, become the property of the city school district, subject to the requirement that the city school district pay cash, or other valuable consideration acceptable to the community college district, to the community college district for its proportionate interest in such personal property. Such personal property shall be valued at its insurable value as of May 1, 1969.

city board of education or as members of the governing board of the community college district.

If an individual whose term is to expire on June 30, 1971, elects to serve as a member of the governing board of the community college district only, such act shall be deemed to have created a vacancy in his membership on the city board of education, but such individual shall, nevertheless, continue to serve as a member of the city board of education until June 30, 1969, as though appointed to fill the vacancy until that time. Subject to such limitation, the vacancy shall be filled as provided by law, or by or under authority of the city charter, whichever is controlling. The individual shall, after July 1, 1969, serve as a member of the governing board of the community college district until the expiration of his term of office on June 30, 1971.

Of the members elected to the governing board of the community college district in the 1969 general election, those receiving the lowest numbers of votes shall be deemed to have been elected to the positions, if any, held by members whose terms would otherwise have expired on June 30, 1971, and who elected to serve on the city board of education only.

The first term of office of any such newly elected member receiving such lower number of votes shall expire on June 30, 1971. The election shall be held throughout the community college district, and the members elected to the community college district governing board thereat shall be elected at large.

Such a vacancy shall be filled as provided in the charter of the city,

or if no such provision is made, as provided for in this code.

A member of the common board who elects to be a member of the community college district governing board, shall hold such office until June 30 of the year in which his term of office on the common board would have expired. Positions on the community college district governing board which remain unfilled after such elections have been made by the members of the common board, shall be filled as provided for in Section 25413.5. Governing board members who had been members of the common board shall have terms of office as provided for in this section. Governing board members elected at such election who received the lowest number of votes shall be deemed to have been elected to the positions of those, if any, whose terms will expire on June 30, of the next succeeding odd-numbered year. Others elected at such election shall have terms of office which expire on the second succeeding odd-numbered year. The election shall be held throughout the community college district and the members elected to the community college district governing board shall be elected at large. All employees shall retain all personal rights, benefits, and status which they had accumulated

or to which they were entitled in such unified district. Employees who are members of a local district retirement plan discontinued pursuant to Section 14690 shall retain membership and all rights in such retirement plan, and shall continue to receive the other benefits from any reserve fund established pursuant to Section 14690 in accordance with a plan adopted by the common governing board and approved by the county committee on school district organization, or where there is no such county committee, the county board of education.

The common board may specify that certain rules are applicable only to the classified service of the community college or that the rule is applicable only to the classified service of the unified district, to meet the special problems of the two districts.

Should the common board be dissolved as provided for in Section 25451.9, the rights, benefits, and burdens of classified employees will be fixed pursuant to Section 13584 and Section 13584.3, even though the type of district reorganization required herein is not specifically defined in those two sections. The governing board of the community college district shall, initially, adopt the rules and regulations governing its classified service which had prevailed under the common board.

It may, however, adopt certain rules specifically applicable only to the community college district to meet special problems of that district, and it may, in any rule, provide that the rule is not applicable to the community college district.

The commission shall provide for transfers, promotional opportunities, and other matters referred to in Sections 13713 and 13714 or other applicable provisions for classified personnel of both districts as if the single unified district, which included the community college system, was being maintained.

Should the common board be dissolved as provided for in Section 25451.9, the provisions of Sections 13584 and 13584.1

shall apply. The governing board of the community college district shall cause a personnel commission to be established under law applicable to the personnel commission of the unified district. 25457.6. Plans and recommendations formulated pursuant to this section may include a requirement that bonds of the preliminary community college district be authorized in an amount specified by the county committee on school district organization for the purpose of paying an equitable share of the cost of the property to be owned or held by the larger community college district in which the preliminary community college

district is to be included. When such a requirement is included in the plans and recommendations, the county superintendent shall call and conduct a bond election to be held concurrently with the election on formation of the preliminary community college district.

Sections 25431 and 25431.5 of this code shall not apply to the formation of a community college district as a preliminary step to the inclusion of such district in a larger community college district.

Such extension shall not exceed two years.

25546.01. The Legislature hereby declares that it is in the interest of the state and of the people thereof for the state to provide assistance to community college districts for the construction of community college facilities. The community college system is of general concern and interest to all the people of the state and the education of community college students

is a joint obligation and function of both the state and community college districts.

In adopting this act, the Legislature considers that the greatest need is to provide community college facilities that will be required to house the great increase of community college students resulting from growth in population and from legislative policies expressed through implementation of the Master Plan for Higher Education.

SEC. 523. Section 25546.02 of the Education Code is amended to read:

25546.02: Definitions:

(a) "Community college district" means any district maintaining a community college that is effective for all purposes on July 1, 1963.

(b) "Department" means the Department of Education.

(c) "Project" means the purposes for which a community college district has applied for assistance under this chapter. A project may include the acquisition and improvement of community college sites, the planning and construction of permanent community college facilities, and the acquisition of equipment. A project shall not include the planning or construction of dormitories, student centers other than cafeterias, stadia, or single-purpose auditoriums.

(d) "Unit of average daily attendance" means a unit of average daily attendance during the preceding fiscal year in a graded class in grade 13 or 14 exclusive of summer school of a community college of pupils who are residents of the applicant district and who are not adults as defined in Section 6352.

(e) "The average cost of providing community college facilities" means the cost per unit of average daily attendance housed in community college facilities constructed during the two preceding years as determined by the department after consultation with the Division of Architecture.

SEC. 524. Section 25546.04 of the Education Code is amended to read:

25546.04. Any community college district may apply for assistance under this chapter to undertake one or more projects, on or before December 1, 1963.

SEC. 525. Section 25546.06 of the Education Code is amended to read:

25546.06. The estimated units of average daily attendance in growth for a two-year period means the sum of 5 percent of the total units of average daily attendance as defined in subdivision (d) of Section 25546.02 in the district in each of the 1961-62 and 1962-63 fiscal years.

For the purposes of this section, the estimated units of average daily attendance in growth of a community college district that was not in existence for all purposes for two years prior to July 1, 1963, shall be determined by the Department of Education by computing 10 percent of 42 percent of the sum of the enrollments of the 12th grade on October 31, 1961, and October 31, 1962, in all high school or unified districts which

on the date the estimate is made are contained in the community college district. For the purposes of this section a newly formed district which includes a district which maintained a community college shall not be deemed to be a new district.

SEC. 526. Section 25546.07 of the Education Code is amended to read:

25546.07. Present average daily attendance means the number of units of average daily attendance of nonresident students in attendance in the graded community college classes of the district plus the average daily attendance of students in graded community college classes who are residents of the applicant district excluding the attendance of adults as defined by Section 6352 and the attendance in summer school during the last completed year preceding the deadline date for making the application.

For the purposes of this section the present average daily attendance of a community college district which has not maintained graded community college classes in any of the years preceding the deadline date for making application shall be determined by the department on the basis of the October report of enrollment of such district and in accordance with rules and regulations of the department which it is herewith authorized to adopt.

SEC. 527. Section 25546.08 of the Education Code is amended to read:

25546.08. A two-year projection of average daily attendance means the difference between present average daily attendance as defined in Section 25546.07 and the number of units of average daily attendance of such students in graded classes, excluding adults as adults are defined in Section 6352 and the attendance in summer school, reported for the year during the preceding two years in which the least number of units of average daily attendance were reported, multiplied by the ratio of average daily attendance of resident students to present average daily attendance.

For any district that has not maintained graded community college classes during all of the three fiscal years preceding the date of making the application, a two-year projection of average daily attendance means twice the difference between present average daily attendance as defined in Section 25546.07 and the number of units of average daily attendance of such students in graded classes, excluding adults as adults are defined in Section 6352 and the attendance in summer school, reported for any of the three fiscal years preceding the date of making the application, or the quotient of 1 percent of the assessed valuation of the district and the average cost of providing community college facilities during the two preceding years as determined by the department after consultation with the Division of Architecture, whichever is greater, multiplied by the ratio of average daily attendance of resident students to present average daily attendance. For the purposes of this section a newly formed district which

includes a district which maintained a community college shall not be deemed to be a new district.

SEC. 528. Section 25546.10 of the Education Code is amended to read:

25546.10. For each community college district eligible to receive a tentative entitlement, the department, within 30 days after the deadline date for submitting applications, shall compute an entitlement by:

(a) Dividing the average assessed valuation per estimated unit of average daily attendance in growth for a two-year period in all community college districts in the state eligible to receive a tentative entitlement by the assessed valuation per estimated unit of growth for a two-year period in the district as determined by Section 25546.06.

(b) Multiplying the quotient derived under subdivision (a) by the estimated units of average daily attendance in growth for a two-year period in the district as determined by Section 25546.06.

(c) Multiplying the product derived for each community college district under subdivision (b) by one-fourth of the average cost of providing community college facilities. If the total of these products is more than ten million dollars (\$10,000,000), it shall be deemed to be only ten million dollars (\$10,000,000) and adjustments made for each community college district.

(d) Dividing the average assessed valuation per unit of the two-year projection of average daily attendance in all community college districts in the state eligible to receive a tentative entitlement by the assessed valuation per unit of the two-year projection of average daily attendance in the district as determined by Section 25546.08. It is further provided that all equalization factors below .5 shall be deemed to be .5 and all equalization factors above 3.0 shall be deemed to be 3.0.

(e) Multiplying the quotient derived under subdivision (d) by the two-year projection of average daily attendance in the district as determined by Section 25546.08.

(f) Computing the total of the products derived under subdivision (e) for each community college district.

(g) Dividing the difference between twenty million dollars (\$20,000,000) and the total of the products derived under subdivision (c) by the total of the products derived under subdivision (f).

(h) Multiplying the quotient derived under subdivision (g) by the product derived under subdivision (e).

(i) Computing the total for each community college district of the products derived under subdivision (c) and subdivision (h).

This total is the maximum tentative entitlement for each community college district and shall constitute a reservation of funds for each eligible applicant district.

SEC. 529. Section 25546.11 of the Education Code is amended to read:

25546.11. The amount of funds reserved for a district shall be continued in reservation until the district is qualified to receive an allocation of funds, but not longer than 54 months after the deadline date fixed by law for filing the applications.

Notwithstanding any provisions of this chapter to the contrary, an entitlement computed for a community college district under Section 25546.10 may be transferred upon request of that district by the department to a community college district which was formed subsequent to the computation of entitlements under Section 25546.10 and which includes all of the territory of the district requesting the transfer.

SEC. 530. Section 25546.115 of the Education Code is amended to read:

25546.115. Notwithstanding any provision of this chapter to the contrary, an entitlement computed under Section 25546.10 for a unified, high school, or community college district maintaining a community college at the time it made application for the entitlement, may be transferred by the Superintendent of Public Instruction, upon request, to a subsequently formed community college district which includes within its boundaries the unified, high school, or community college district which made the application for the entitlement.

SEC. 531. Section 25546.12 of the Education Code is amended to read:

25546.12. Each community college project for which a reservation of funds is made shall be financed with both state and local funds. The amount of local funds contributed to each project for which application is made by a district shall be at least the difference between the greater of the estimated units of average daily attendance in growth determined for the district under Section 25546.06 and the two-year projection of average daily attendance determined for the district under Section 25546.08 multiplied by the average cost of providing community college facilities, and the total of the funds reserved for the district under subdivision (i) of Section 25546.10, except that the amount of local funds need not exceed three times the amount of state funds in the project. Where a district has become effective for all purposes as of July 1, 1960, and has been formed as a new district to include seventy-five percent (75%) or more of the territory of a county, and has, since becoming effective, authorized bonds equal to one percent (1%) or more of the assessed valuation of the district, and has spent or committed such bond funds for community college facilities, then the amount of local funds need not exceed the amount of state funds in the project.

If the chief administrative officer or, in his absence, the person designated by him, does not confirm the action of the officer or employee within 24 hours after the time that consent was withdrawn, the action of the officer or employee shall be deemed void and of no force or effect, except that any arrest made during such period shall not for this reason be deemed not to have been made for probable cause.

The person from whom consent has been withdrawn may submit a written request for a hearing on the withdrawal within the two-week period. This subdivision does not apply to any person who enters or remains on such campus or facility for the sole purpose of applying to the chief administrative officer for the reinstatement of consent or for the sole purpose of attending a hearing on the withdrawal.

(e) This section shall not affect the power of the duly constituted authorities of a community college, state college, or state university to suspend, dismiss, or expel any student or employee at such university or college.

made and the amount or amounts of any such correction. From the date of the recording of such certificate, a lien shall be created and attach against any real property owned by such person in the county or counties in which any such certificate may have been recorded for the amount of such taxes, which lien shall have the force, effect and priority of a judgment lien.

The tax collector, with the approval of the board of supervisors, may at any time, release all or any portion of real property subject to any lien created or attaching by the recording of such a certificate from such lien or subordinate such lien to other liens and encumbrances if he determines that the taxes are sufficiently secured by a lien on other property belonging to the person named in such a certificate or that the release or subordination will not endanger or jeopardize the collection of such taxes.

A written certification by the tax collector to the effect that real property subject to any lien imposed by the recording of the certificate as hereinbefore provided has been released from such lien or that such lien has been subordinated to other liens shall be conclusive evidence as to any bona fide purchaser, encumbrancer or lessee that such lien has been released or has been subordinated as set forth in such written certification. Such written certification may be recorded with the county recorder of any county.

Taxes which do not create, impose or constitute a lien or charge on the property assessed may be transferred from the secured roll to the unsecured roll of the corresponding year by the county auditor on order of the board of supervisors with the written consent of the district attorney and shall be collected in the same manner as other delinquent taxes on the unsecured roll and shall be subject to delinquent penalties in the same manner as taxes transferred to the unsecured roll under Section 4986. The statute of limitations for the collection of such taxes shall commence to run from the date of transfer.

SEC. 2. Section 4834 of the Revenue and Taxation Code is amended to read:

4834. Corrections authorized under this article shall be made on the roll and delinquent roll by the auditor, with the written consent of the district attorney.

In the event a correction authorized by this article has the effect of increasing the amount of taxes due on property which has been sold to the state, such increase shall be entered on the abstract or, if the property has not been sold to the state, the roll prepared or being prepared in the assessment year when it is discovered and, if this is not the roll for the assessment year in which the error was made, the entry shall be followed with "Assessment for the year 19__-19__ pursuant to Section _____ of the Revenue and Taxation Code." It shall be subject to the tax rate in effect in the year of the error.

SEC. 3. Section 4986 of the Revenue and Taxation Code is amended to read:

4986. (1) All or any portion of any tax, penalty, or costs, heretofore or hereafter levied, may, on satisfactory proof, be canceled by the auditor on order of the board of supervisors with the written consent of the county legal advisor if it was levied or charged:

(a) More than once.

(b) Erroneously or illegally.

(c) On a portion of an assessment in excess of the ratio of assessed value to the full cash value of the property as provided in Section 401 by reason of the assessor's clerical error.

(d) On property which did not exist on the lien date.

(e) On property annexed after the lien date by the public entity owning it.

(f) On property acquired prior to September 18, 1959, by the United States of America, the state, or by any county, city, school district or other political subdivision and which, because of such public ownership, became not subject to sale for delinquent taxes.

(2) (a) On property acquired after the lien date by the United States of America, if such property upon such acquisition becomes exempt from taxation under the laws of the United States, or by the state or by any county, city, school district or other public entity, and because of such public ownership becomes not subject to sale for delinquent taxes, no cancellation shall be made in respect of all or any portion of any such unpaid tax, or penalties or costs, but such tax, together with such penalties and costs as may have accrued thereon while on the secured roll, shall be paid through escrow at the close of escrow or, if unpaid for any reason, they shall be collected like any other taxes on the unsecured roll. If unpaid at the time set for the sale of property on the secured roll to the state, they shall be transferred to the unsecured roll pursuant to Section 2921.5 of this code, and collection thereof shall be made and had as provided therein, except that the statute of limitations on any suit brought to collect such taxes and penalties shall commence to run from the date of transfer of such taxes, penalties and costs to the unsecured roll, which date shall be entered on the unsecured roll by the auditor opposite the name of the assessee at the time such transfer is made. The foregoing toll of the statute of limitations shall apply retroactively to all such unpaid taxes and penalties so transferred, the delinquent dates of which are prior to the effective date of the amendment of this section at the 1959 Regular Session.

If any property described in this subdivision is acquired by a negotiated purchase and sale, gift, or devise after the lien date but prior to the commencement of the fiscal year for which current taxes are a lien on the property, the amount of such current taxes shall be canceled and neither the person from whom the property was acquired nor the public entity shall be liable for the payment of such taxes. If, however, the property

is so acquired after the commencement of the fiscal year for which the current taxes are a lien on the property, that portion only of such current taxes, together with any allocable penalties and costs thereon, which are properly allocable to that part of the fiscal year which ends on the day before the date of acquisition of the property, shall be transferred to the unsecured roll and be collectible from the person from whom the property was acquired. The portion of such taxes, together with any penalties and costs thereon, which are allocable to that part of the fiscal year which begins on the date of the acquisition of the property, shall be canceled and shall not be collectible either from the person from whom the property was acquired nor from the public entity.

In no event shall any transfer of unpaid taxes, penalties or costs be made with respect to property which has been tax-deeded to the state for delinquency.

For purposes of this subdivision (a) if proceedings for acquisition of the property by eminent domain have not been commenced, the date of acquisition shall be the date that the conveyance is recorded in the name of the public entity or the date of actual possession by the public entity, whichever is earlier. If proceedings to acquire the property by eminent domain have been commenced and an order of immediate possession obtained prior to acquisition of the property by deed, the date of acquisition shall be the date upon or after which the plaintiff may take possession as authorized by such order of immediate possession.

(b) If at the time exemption from sale attaches to land or improvements acquired by a public entity the purchase price thereof is deposited in the registry of a court in an eminent domain proceeding, all delinquent taxes, penalties and costs which were or are a lien against such land or improvements and the pro rata share of the current taxes, penalties and costs which are a lien against such land or improvements, prorated for the fiscal year for which such current taxes, penalties and costs are or will be due and payable, shall be paid out of the award. The date for such proration shall be at the time title was transferred to, or possession was taken by, the public entity, whichever time the court determines to have first occurred. If the amount of the current tax is not ascertainable at the time the proration is made the same shall be estimated and computed by the court based upon the last equalized assessed value of the property in its entirety regardless of any segregation which may occur by reason of the taking, and the tax rate levied on the property for the immediate prior year. The court shall further order canceled the public entity's portion of any prorated current tax. The subject of the amount of the taxes which may be due on the property shall not be considered relevant on any issue in the condemnation action, and the mention of said subject, either on the voir dire examination of jurors, or during the examination of witnesses, or as a part of the court's in-

structions to the jury, or in argument of counsel, or otherwise, shall constitute grounds for a mistrial in any such action.

No cancellation under paragraph (b) of subdivision (1) of this section shall be made in respect of all or any portion of any tax, or penalties or costs attached thereto, collectible by county officers on behalf of a municipal corporation without the written consent of the city attorney or other officer designated by the city council unless the city council, by resolution filed with the board of supervisors, has authorized the cancellation by county officers. The resolution shall remain effective until rescinded by the city council.

For the purpose of this subdivision the date of possession shall be the date after which the plaintiff may take possession as authorized by order of the court or as authorized by a declaration of taking.

SEC. 4. Section 4990 of the Revenue and Taxation Code is amended to read:

4990. On discovery that any property is assessed by the same taxing agency more than once for the same year, after payment of all charges justly due on the property the county assessor or the person having custody of the roll shall certify the facts to the board of supervisors. The board of supervisors shall then order the auditor to cancel the other charges and assessments by an entry on the margin of the roll and, if carried there, the delinquent and current roll.

CHAPTER 130

An act to amend Section 25363 of the Government Code, relating to disposition of property by counties.

[Approved by Governor May 20, 1970. Filed with
Secretary of State May 21, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 25363 of the Government Code is amended to read:

25363. The board of supervisors may sell or lease at public auction, and convey to the highest bidder, for cash, any property belonging to the county not required for public use. The sale or lease may be made at the courthouse door or at such other place within the county as the board orders by a four-fifths vote. Notice of the sale or lease shall be given for five days prior thereto either by publication in a newspaper published in the county or by posting in three public places in the county. The proceeds shall be paid into the county treasury for the use of the county. If in the unanimous judgment of the board, the property does not exceed in value the sum of seventy-five dollars (\$75), or the monthly rental value thereof is less than seventy-five dollars (\$75), or if it is the

product of the county farm, it may be sold or leased at private sale without advertising by any member of the board authorized by a majority vote of the board. The sale or lease shall be reported to and confirmed by the board. This section does not apply to the furnishing of goods to special districts.

CHAPTER 131

An act to amend Sections 20017.6, 21293.6 and 21364.8 of, and to add Sections 20604, 20750.32, 21252.3, 21252.4, 21257.4 and 21290.6 to the Government Code, relating to forestry members of the Public Employees' Retirement System, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 21, 1970. Filed with
Secretary of State May 21, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 20017.6 of the Government Code is amended to read:

20017.6. "Forestry member" includes members employed in the Division of Forestry, Department of Conservation, whose principal duties consist of active fire suppression or supervision including, but not limited to, members employed to perform duties now performed under the following titles: State Forester; all classes of rangers; all classes of deputy state forester; all classes of fire prevention and law enforcement officers; all classes of foresters; fire captain; all classes of fire crew foreman; all classes of forestry trainees; all classes of forestry equipment and civil engineers; forestry superintendent, conservation camps; fire apparatus engineer; fireman, C.D.F.; firefighter (seasonal); equipment maintenance foreman; heavy fire equipment operator; provided however that forestry members shall not include members employed in classes other than those set forth in this section whose principal duties are clerical or such as otherwise clearly do not fall within the scope of active fire suppression.

SEC. 2. Section 20604 is added to the Government Code, to read:

20604. For each forestry member subject to Section 21252.3 of this code, effective on the operative date of this section, or the later date of entrance into this system, the normal rate of contributions shall be 7 percent of compensation paid on and after such operative date.

SEC. 3. Section 20750.32 is added to the Government Code, to read:

20750.32. A public employer's contribution to the retirement fund in respect to forestry members provided by any and all other provisions of this chapter is increased by a sum equal to 7.95 percent of the compensation paid forestry members.

SEC. 4. Section 21252.3 is added to the Government Code, to read:

21252.3. The combined current and prior service pensions for a forestry member, upon retirement after attaining age 55, is a pension derived from contributions of the employer sufficient, when added to that portion of the service retirement annuity which is derived from the accumulated normal contributions of the member at the date of his retirement, to equal one-fiftieth of his final compensation multiplied by the number of years of forestry service with which he is credited at retirement.

In no event shall the pension under this section exceed an amount which, when added to the service retirement annuity related to forestry service, equals 75 percent of final compensation.

This section shall not apply to a person whose effective date of retirement is prior to the operative date of this section or to a person who retires after such operative date and following reinstatement from a retirement having an effective date prior to such operative date and before rendering during such reinstatement at least one year of forestry service.

The Legislature reserves, with respect to any member subject to this section, the right to provide for such adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier ages of service retirement made possible by the benefits under this section.

SEC. 5. Section 21252.4 is added to the Government Code, to read:

21252.4. A forestry member who, on the first day of the month following the month in which this section is effective, is either (a) in compensated employment in which he is a forestry member or (b) on leave of absence from such employment and who either (1) has attained age 55 or, if on the effective date of this section he is subject to Section 21252.2, or (2) entered forestry service after attaining age 35, shall not be subject to Section 21252.3 but shall continue subject to the provisions of this part applicable to him on such effective date if he so elects by a writing filed in the office of the board on or before the 61st day preceding the operative date of Section 21252.3.

SEC. 6. Section 21257.4 is added to the Government Code, to read:

21257.4. Notwithstanding Section 21257.1, the pension of a forestry member payable under Section 21252.3 shall be reduced only upon retirement for service before attaining age 55 and in that event, the reduction shall be to that amount which the value of the pension as deferred to age 55 will purchase at the actual age of retirement.

SEC. 7. Section 21290.6 is added to the Government Code, to read:

21290.6. Notwithstanding Section 21290.5, a forestry member whose service pension is payable under Section 21252.3 shall receive his service retirement allowance upon retirement for nonindustrial disability after attaining age 55.

SEC. 8. Section 21293.6 of the Government Code is amended to read:

21293.6. Section 21293.5 shall not apply to a forestry member whose retirement for industrial disability was effective after November 30, 1969, and prior to the operative date of the amendments to this section at the 1970 Regular Session of the Legislature.

SEC. 9. Section 21364.8 of the Government Code is amended to read:

21364.8. Section 21364.7 shall not apply to a special death benefit or continued allowance payable with respect to a forestry member whose death occurs or whose retirement was effective after November 30, 1969 and prior to the operative date of the amendments to this section at the 1970 Regular Session of the Legislature.

SEC. 10. Sections 2, 3, 4, 6, 7, 8 and 9 shall be operative on September 1, 1970.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into effect immediately. The facts constituting such necessity are:

In order that the state may receive the full public health and safety benefit of the effect of this act, it is funded for implementation as of September 1, 1970 in the Governor's Budget. The measure should take effect on that date to improve the public service by enabling forestry employees subject to the special safety retirement system to know with certainty the nature and extent of their new rights and obligations under their retirement system. Unless this act is passed as an urgency measure, a delay in the implementation of said sections will result to the detriment of public service and jeopardy of life and property.

CHAPTER 132

An act to add Section 14120.2 to the Welfare and Institutions Code, relating to medical assistance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 21, 1970. Filed with
Secretary of State May 21, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 14120.2 is added to the Welfare and Institutions Code, to read:

14120.2. Notwithstanding the provisions of Section 14120, no action shall be taken by the director under subdivision (e)

of Section 14120 at any time during the 1969-70 fiscal year, unless the total amounts paid for any category of service budgeted for less than one hundred million dollars (\$100,000,000) exceeds by 15 percent the amounts scheduled to have been paid by that time.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that prescribed drugs will not be drastically cut or eliminated from the Medi-Cal program for the 1969-70 fiscal year it is essential that this act go into immediate effect.

CHAPTER 133

An act to amend Section 1208 of, and to add Section 4137 to, the Penal Code, relating to prisoners in county facilities.

[Approved by Governor May 25, 1970. Filed with
Secretary of State May 25, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 1208 of the Penal Code is amended to read:

1208. (a) The provisions of this section, insofar as they relate to employment, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of employment conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to employment, in that county is feasible. The provisions of this section, insofar as they relate to education, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of education conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to education, in that county is feasible. In any such ordinance the board shall prescribe whether the sheriff, the probation officer, or the superintendent of a county industrial farm or industrial road camp in the county shall perform the functions of the work furlough administrator. The board of supervisors may also terminate the operativeness of this section, either with respect to employment or education in the county if it finds by ordinance that, because of changed circumstances, the operation of this section, either with respect to employment or education in that county is no longer feasible.

(b) When a person is convicted of a misdemeanor and sentenced to the county jail, or is imprisoned therein for nonpayment of a fine, for contempt, or as a condition of probation for any criminal offense, or committed under the terms of Section

6404 or 6406 of the Welfare and Institutions Code as a habit-forming drug addict, the work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular employment, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure employment for himself in the county, unless the court at the time of sentencing or committing has ordered that such person not be granted work furloughs. The work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular educational program, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure education for himself in the county, unless the court at the time of sentencing has ordered that such person not be granted work furloughs.

(c) If the work furlough administrator so directs that the prisoner be permitted to continue in his regular employment or educational program, the administrator shall arrange for a continuation of such employment or education, so far as possible without interruption. If the prisoner does not have regular employment or a regular educational program, and the administrator has authorized the prisoner to secure employment or education for himself, the prisoner may do so, and the administrator may assist him in doing so. Any employment or education so secured must be suitable for the prisoner. Such employment or educational program, if such educational program includes earnings by the prisoner, must be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in such area. In no event may any such employment or educational program involving earnings by the prisoner be permitted where there is a labor dispute in the establishment in which the prisoner is, or is to be, employed or educated.

(d) Whenever the prisoner is not employed or being educated and between the hours or periods of employment or education, he shall be confined in the facility designated by the board of supervisors for work furlough confinement unless the work furlough administrator directs otherwise.

(e) The earnings of the prisoner shall be collected by the work furlough administrator, and it shall be the duty of the prisoner's employer to transmit such wages to the administrator at the latter's request. Earnings levied upon pursuant to writ of attachment or execution or in other lawful manner shall not be transmitted to the administrator. If the administrator has requested transmittal of earnings prior to levy, such request shall have priority. In a case in which the functions of the administrator are performed by a sheriff, and such sheriff receives a writ of attachment or execution for the earnings of a prisoner subject to this section but has not yet requested transmittal of the prisoner's earnings pursuant to this

section, he shall first levy on the earnings pursuant to the writ. When an employer or educator transmits such earnings to the administrator pursuant to this subdivision he shall have no liability to the prisoner for such earnings. From such earnings the administrator shall pay the prisoner's board and personal expenses, both inside and outside the jail, and shall deduct so much of the costs of administration of this section as is allocable to such prisoner, and, in an amount determined by the administrator, shall pay the support of the prisoner's dependents, if any. If sufficient funds are available after making the foregoing payments, the administrator may, with the consent of the prisoner, pay, in whole or in part, the preexisting debts of the prisoner. Any balance shall be retained until the prisoner's discharge and thereupon shall be paid to him.

(f) The prisoner shall be eligible for time credits pursuant to Sections 4018, 4019, and 4019.2.

(g) In the event the prisoner violates the conditions laid down for his conduct, custody, education, or employment, the work furlough administrator may order the balance of the prisoner's sentence to be spent in actual confinement.

(h) Willful failure of the prisoner to return to the place of confinement not later than the expiration of any period during which he is authorized to be away from the place of confinement pursuant to this section is punishable as provided in Section 4532 of the Penal Code.

(i) As used in this section, "education" includes vocational training, and "educator" includes a person or institution providing vocational training.

(j) This section shall be known and may be cited as the "Cobey Work Furlough Law."

SEC. 1.5. Section 1208 of the Penal Code is amended to read:

1208. (a) The provisions of this section, insofar as they relate to employment, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of employment conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to employment, in that county is feasible. The provisions of this section, insofar as they relate to education, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of education conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to education, in that county is feasible. In any such ordinance the board shall prescribe whether the sheriff, the probation officer, or the superintendent of a county industrial farm or industrial road camp in the county shall perform the functions of the work furlough administrator. The board of supervisors may also terminate the operativeness of this section, either with respect to employment or education

in the county if it finds by ordinance that, because of changed circumstances, the operation of this section, either with respect to employment or education in that county is no longer feasible.

(b) When a person is convicted of a misdemeanor and sentenced to the county jail, or is imprisoned therein for nonpayment of a fine, for contempt, or as a condition of probation for any criminal offense, or committed under the terms of Section 6404 or 6406 of the Welfare and Institutions Code as a habit-forming drug addict, the work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular employment, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure employment for himself in the county, unless the court at the time of sentencing or committing has ordered that such person not be granted work furloughs. The work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular educational program, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure education for himself in the county, unless the court at the time of sentencing has ordered that such person not be granted work furloughs.

(c) If the work furlough administrator so directs that the prisoner be permitted to continue in his regular employment or educational program, the administrator shall arrange for a continuation of such employment or education, so far as possible without interruption. If the prisoner does not have regular employment or a regular educational program, and the administrator has authorized the prisoner to secure employment or education for himself, the prisoner may do so, and the administrator may assist him in doing so. Any employment or education so secured must be suitable for the prisoner. Such employment or educational program, if such educational program includes earnings by the prisoner, must be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in such area. In no event may any such employment or educational program involving earnings by the prisoner be permitted where there is a labor dispute in the establishment in which the prisoner is, or is to be, employed or educated.

(d) Whenever the prisoner is not employed or being educated and between the hours or periods of employment or education, he shall be confined in the facility designated by the board of supervisors for work furlough confinement unless the work furlough administrator directs otherwise. If the prisoner is injured during a period of employment or education, the work furlough administrator shall have the authority to

release him from the facility for continued medical treatment by private physicians or at medical facilities at the expense of the employer, workman's compensation insurer, or the prisoner. Such release shall not be construed as assumption of liability by the county or work furlough administrator for medical treatment obtained.

(e) The earnings of the prisoner shall be collected by the work furlough administrator, and it shall be the duty of the prisoner's employer to transmit such wages to the administrator at the latter's request. Earnings levied upon pursuant to writ of attachment or execution or in other lawful manner shall not be transmitted to the administrator. If the administrator has requested transmittal of earnings prior to levy, such request shall have priority. In a case in which the functions of the administrator are performed by a sheriff, and such sheriff receives a writ of attachment or execution for the earnings of a prisoner subject to this section but has not yet requested transmittal of the prisoner's earnings pursuant to this section, he shall first levy on the earnings pursuant to the writ. When an employer or educator transmits such earnings to the administrator pursuant to this subdivision he shall have no liability to the prisoner for such earnings. From such earnings the administrator shall pay the prisoner's board and personal expenses, both inside and outside the jail, and shall deduct so much of the costs of administration of this section as is allocable to such prisoner, and, in an amount determined by the administrator, shall pay the support of the prisoner's dependents, if any. If sufficient funds are available after making the foregoing payments, the administrator may, with the consent of the prisoner, pay, in whole or in part, the preexisting debts of the prisoner. Any balance shall be retained until the prisoner's discharge and thereupon shall be paid to him.

(f) The prisoner shall be eligible for time credits pursuant to Sections 4018, 4019, and 4019.2.

(g) In the event the prisoner violates the conditions laid down for his conduct, custody, education, or employment, the work furlough administrator may order the balance of the prisoner's sentence to be spent in actual confinement.

(h) Willful failure of the prisoner to return to the place of confinement not later than the expiration of any period during which he is authorized to be away from the place of confinement pursuant to this section is punishable as provided in Section 4532 of the Penal Code.

(i) As used in this section, "education" includes vocational training, and "educator" includes a person or institution providing vocational training.

(j) This section shall be known and may be cited as the "Cobey Work Furlough Law."

SEC. 2. Section 4137 is added to the Penal Code, to read: 4137. The board of supervisors of any county in which a county industrial farm, industrial road camp, or honor camp

has been established may, by ordinance, authorize the sheriff or any such person responsible to the board for the care, treatment, and custody of prisoners assigned to him as sentenced misdemeanants or felons, serving time as a condition of probation, to remove such prisoners from the facility to which they have been assigned under custody, without court order, for purposes such as: private medical, vision, or dental care, psychological care, vocational services, educational services, and funerals.

SEC. 3. It is the intent of the Legislature, if amendments to Section 1208 of the Penal Code proposed by both this bill and Assembly Bill 756 are enacted, that both amendments be given effect and incorporated in Section 1208 in the form set forth in Section 1.5 of this act. Therefore, in the event A.B. 756 is enacted and amends Section 1208, Section 1.5 of this act shall become operative at the same time that Section 1208 as amended by A.B. 756 becomes operative, and at that time, Section 1208 of the Penal Code as amended by Section 1 of this act is repealed.

The people of the State of California do enact as follows:

(h) Transport, reclaim, purify, treat, inject, extract, or otherwise manage and control water for the beneficial use of persons or property within the district and to improve and protect the quality of the ground water supplies within the district; and

(i) Fix the terms and conditions of any contract under which owners or operators of water-producing facilities within the district may agree to use water from an alternative nontributary source in lieu of ground water, and to such end the district may become a party to such a contract and may pay from district funds such portion of the cost of water from an alternate source as will encourage the purchase and use of the same in lieu of producing ground water, as long as persons or property within the district are directly or indirectly benefited by the resulting replenishment;

(j) Determine in the manner herein provided the amount and percentage of water produced from the ground water supplies within the district to the total amount of water produced within district by all persons and operators, including the total amount of water from supplemental sources; require that persons and operators produce more or less of their total water needs from the ground water within district than the basin production percentage determined by district as provided herein; levy a basin equity assessment on those persons and operators who are required by district to produce, or have in fact produced, more water from the ground water within district; and to compensate other such persons and operators who are directed by district to produce less than the basin production percentage from ground water within district;

No language or provision of this act, or of this subdivision, shall be interpreted or construed so as to limit or abridge the right of said district, or its board of directors, to exercise its right of eminent domain to condemn property at any place within the Santa Ana River watershed for rights-of-ways upon and across and under which to construct pipelines, conduits, tunnels and/or aqueducts necessary or convenient for any of the purposes of said district provided the property sought to be condemned for said purposes is not already being used by other corporations, municipalities, districts or individuals for similar purposes; providing, however, that neither said district nor its board of directors shall have power to enter in or upon the Mojave River or any of its tributaries or appropriate, take or condemn any of the water or the right to the use of any of the water of said Mojave River or any of its tributaries; nor shall anything in this act be deemed as authorizing or empowering said district or its board of directors to so do. Subject to the express limitations hereinbefore set out, in any proceedings relative to the exercise of such right of eminent domain, said district shall have the

same rights, powers and privileges as a municipal corporation;

11. The district shall, in addition to the other powers herein granted by this act, have the following rights and powers: to act jointly with or cooperate with the United States or any agency thereof, the State of California or any agency thereof, any county of the State of California, districts of any kind, public and private corporations, and any person or persons, to carry out the provisions and purposes of this act; in such joint or cooperative activities, said district may act within or outside of its boundaries;

or authorized purposes of the district for the current fiscal year, including the purchase of supplemental water for the replenishment of ground water supplies of said district and amounts necessary for the payment of the principal of and interest on any bonded debt of the district as it becomes due. This amount, less available funds on hand, shall be deemed to be sufficient to provide the necessary funds to initiate, carry on and complete any of the powers, projects, and purposes for which this district is organized, and which the board of directors shall deem advisable to be initiated or authorized for the current fiscal year other than projects and works which the board of directors shall deem advisable or necessary to finance by bonded indebtedness; to pay the estimated cost of maintenance, operation and repairs of works and projects of said district, the incidental expenses of said district, and the estimated amount necessary for the payment of the costs of any action or proceeding which may be taken or assumed by said district, including the cost of employment of attorneys and engineers; to purchase supplemental water, in addition to water purchased from replenishment funds, for the replenishment of ground water supplies of the district. In estimating the general funds needed by said district, all general funds on hand which are or will be expended at the end of the fiscal year, other than (1) funds allocated to the general reserve by said board of directors; (2) funds allocated to the appropriation for contingencies by said board of directors, shall be considered as funds on hand.

Provided, however, that the amount of the general assessment levied during any year, excluding the amounts necessary for the payment of the principal of and interest on any bonded debt of the district, shall not exceed twenty cents (\$0.20) for each one hundred dollars (\$100), or fraction thereof, of assessable property in said district, excluding personal property, according to the last assessment rolls of Orange County. Provided, further, however, that a tax rate in excess of eight cents (\$0.08) for each one hundred dollars (\$100), or fraction thereof, of assessable property in said district, excluding personal property, according to the last assessment rolls of Orange County, shall not be established unless authorized by an affirmative vote of eight of the members of the Board of Directors of the Orange County Water District. The general assessments provided for in this section shall in no event exceed eight cents (\$0.08) for each one hundred dollars (\$100), or fraction thereof, of mineral rights, where such mineral rights are assessed separately from the land. All funds derived from said general assessment in excess of those derived from eight cents (\$0.08) for each one hundred dollars (\$100), or fraction thereof, of assessable property in said district, as hereinabove provided, of any general assessment shall be deposited and applied to the water reserve fund. The amounts deposited and applied to the water reserve fund shall be used solely and exclusively for the purpose of:

(a) The purchase of supplemental water for the replenishment of the ground water supplies of said district; and

(b) Acquiring, constructing or developing intrusion prevention projects, spreading grounds or basins, waste water reclamation and water salvage projects, canals, conduits, pipelines, wells, or other works useful or necessary for the purposes of the district and to carry out the provisions of this act; and

(c) Acquiring any real or personal property or rights or privilege therein useful or necessary for the foregoing projects or works or for the purposes of the district and to carry out the provisions of this act.

In addition to the purchase of supplemental water for the ground water supplies of said district from the water reserve fund and from the replenishment fund, the board of directors may purchase water for the replenishment of the ground water supplies of said district from the general fund upon the affirmative vote of at least eight members of the board of directors.

Sec. 17.1. "General reserve" means funds allocated from the general fund used to meet cash requirements before the proceeds from taxes are available and to meet emergency expenditures. The amount of said general reserve shall not at any time exceed the sum of six hundred thousand dollars (\$600,000).

"Appropriation for contingencies" means funds allocated from the general fund to cover expenditures that have not been provided for or that have been insufficiently provided for or for unappropriated requirements. Said appropriation for contingencies shall not at any time exceed the sum of two million dollars (\$2,000,000).

SEC. 8.5. Section 26 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 26. On the second Wednesday in February of each year, the engineering investigation and report shall be delivered to the secretary of said district in writing. Said secretary shall publish pursuant to Section 6061 of the Government Code a notice of the receipt of such report and of the public hearing to be held on the date of the regular meeting of the board of directors in March in a newspaper of general circulation, printed and published within said district, at least 10 days prior to the date at which the public hearing regarding ground water conditions shall be held. Said notice, among other information which the district may provide therein, shall contain an invitation to all operators of water-producing facilities within said district to call at the offices of said district to examine said engineering investigation and report.

There shall be held, by the board of directors, on the date of the regular meeting of the board of directors in March of each year, at the district offices a public hearing at which time any operator of a water-producing facility within said district or any person interested in the condition of the ground water

supplies of said district may in person or by representative appear and submit evidence concerning the ground water conditions of said district. Appearances, also, may be made supporting or protesting said written engineering investigation and report. Said board of directors shall, before the levy of the replenishment assessments, find and determine the average annual overdraft for the immediate past five water years; the estimated annual overdraft for the current water year; the estimated annual overdraft for the ensuing water year; the accumulated overdraft as of the last day of the preceding water year; the estimated accumulated overdraft as of the last day of the current water year; the amount of water which should be purchased for the replenishment of the ground water supplies of said district for the ensuing water year, and the sum of money necessary therefor.

Such finding and determination by said board shall be conclusive and binding upon all persons and parties.

SEC. 9. Section 27 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 27. If the board of directors finds and determines that an overdraft, either annual or accumulated, does exist, then said board may levy and assess a charge or replenishment assessment against all persons operating water-producing facilities and producing water during the ensuing water year, which assessment or charge shall be computed and fixed at a uniform rate per acre-foot of such water production.

The total of the replenishment assessment levied in any year shall not exceed an amount of money found to be necessary to purchase sufficient water to replenish the average annual overdraft for the immediate past five water years plus an additional amount of water sufficient to eliminate over a period of not less than 10 years nor more than 20 years, the accumulated overdraft; provided, further, that the replenishment assessment in any year as computed and fixed at a uniform rate per acre-foot of water produced shall not exceed five dollars and fifty cents (\$5.50) per acre-foot of water produced except upon the vote of eight directors of said district.

On the date of the regular meeting of the board of directors in April of each year the board of directors shall hold a public hearing for the purpose of determining the need and desirability of levying a replenishment assessment and fixing the rate thereof. In computing and fixing the replenishment assessment rate, there shall be allowed such percent, not to exceed 10 percent, as shall be determined by the board of directors of the district for delinquencies. Notice of such hearing shall be published in the district pursuant to Section 6061 of the Government Code, at least 10 days prior to the date set for said hearing.

Any replenishment assessment levied by this section shall be in addition to any general assessment levied by said district.

Clerical errors occurring or appearing in the name of any person or in the description of the water-producing facility

where the production of water therefrom is otherwise properly assessed, or in the making or extension of any assessment upon the records, which do not affect the substantial rights of the assessee or assesses, shall not invalidate the assessment.

SEC. 10. Section 31.5 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

Sec. 31.5. Basin equity assessments, as well as production requirements and limitations on persons and operators within the district are declared to be in furtherance of district activities in the protection of water supplies for users within the district which are necessary for the public health, welfare and safety of the people of this state. The basin equity assessments, as well as the production requirements and limitations provided for herein, are authorized to be levied upon and applied to all persons and producers within such district for the benefit of all who rely directly or indirectly upon the ground water supplies of such district.

The proceeds of the basin equity assessments levied and collected shall be used exclusively as provided for herein to equalize the cost of water to all persons and operators within the district.

"Supplemental sources" as used in this act means sources of water outside the watershed of the Santa Ana River such as but not limited to water produced from the Metropolitan Water District of Southern California.

"Basin production percentage" as used in this act means the ratio that all water to be produced from ground water supplies within the district bears to all water to be produced by persons and operators within the district from supplemental sources as well as from ground water within the district during the ensuing fiscal year.

(a) Annually the district shall order an investigation and report to be prepared by an engineer or engineers employed by such district. The investigation and report shall set forth the following information, together with such other information as the district may desire, relating to the preceding fiscal year:

(1) Amount of water produced by persons and operators from ground water within district;

(2) Amount of water produced by persons and operators from supplemental sources;

(3) Amount of water produced by persons and operators from all other sources;

(4) Condition of ground water supplies within district;

(5) Information as to the probable availability of water from supplemental sources during the next succeeding fiscal year;

(6) The cost of producing water from ground water within district, including any replenishment assessment of district;

(7) The cost of water produced within the district from supplemental sources.

(b) On the second Wednesday in February of each year the engineering investigation and report provided for herein shall be delivered to the secretary of such district, in writing. The secretary shall publish, pursuant to Section 6061 of the Government Code, a notice of the receipt of such report and of the public hearing to be held on the second Wednesday of March, in a newspaper of general circulation printed and published within the district, at least 10 days prior to the date at which the public hearing regarding water supplies within the district shall be held. The notice, among other information which the district may provide therein, shall contain an invitation to all persons or operators within the district to call at the offices of said district to examine said engineering investigation and report. There shall be held, by the board of directors on the date of the regular meeting of the board of directors in March of each year, a public hearing at which time any person or operator within the district or any person interested in the amounts and source from which all persons and operators produce their total supply of water as well as the estimated difference in the cost of water produced from ground water within district or supplemental sources, may in person, or by representative, appear and be heard.

(c) On the date of the regular meeting of the board of directors in April of each year, the board of directors shall hold a public hearing for the purpose of determining the need and desirability of levying a basin equity assessment and the amount thereof as well as the need for establishing production requirements and limitations and the extent thereof as to each person or operator within the district for the ensuing fiscal year. In computing and fixing the amount of any such basin equity assessment the board may allow a percent not to exceed 10 percent, as shall be determined by the board of directors of the district, for delinquencies. Notice of the proposed hearing shall be published in the district pursuant to Section 6061 of the Government Code at least 10 days prior to the date set for said hearing.

Such notice shall set forth the following:

(1) That a report regarding water supplies within district has been prepared;

(2) The date, time and place of the proposed hearing;

(3) The board shall consider at said hearing the need and desirability of levying a basin equity assessment and the amount thereof as well as the need for establishing production requirements and limitations on persons and operators within the district for the ensuing fiscal year;

(4) An invitation to all persons and operators to appear at the public hearing and be heard in regard to any of the foregoing matters.

(d) At the hearing the board shall hear, take, and receive all competent evidence presented and offered in regard to the need for a basin equity assessment, production requirements

and limitations in general, and specifically, the extent of such requirements or limitations as to each person or operator within the district, the amount of the basin equity assessment which shall be levied against all persons and operators for all purposes other than irrigation at a uniform rate and may be levied against all persons and operators for irrigation purposes at a different uniform rate for the ensuing fiscal year. Subsequent to the hearing, the board may, by adopting a resolution which resolution shall require the vote of eight members of the board, find and determine for the ensuing fiscal year as follows:

(1) The estimated total amount of water to be produced by all persons and operators within the district from the ground water within the district and the estimated amount to be produced by such persons and operators from supplemental sources;

(2) The basin production percentage;

(3) That a basin equity assessment and production requirement and limitation from ground water within the district are necessary for the protection of the water supply of district;

(4) The amount of the basin equity assessment to be levied against all persons and operators in a dollar amount per acre-foot of water produced from the ground water supply for all purposes other than irrigation and that such amount is reasonable;

(5) The amount of the basin equity assessment to be levied against all persons and operators in a dollar amount per acre-foot of water produced from the ground water supply for irrigation purposes and that such amount is reasonable;

(6) Production requirements or limitations on persons and operators within the district shall be applicable during the ensuing fiscal year. Such requirements and limitations shall be on the amount of ground water produced by such persons and operators expressed in a percentage of overall water produced or obtained by such persons or operators from ground water within the district and from supplemental sources;

(7) That during the ensuing fiscal year, upon the district giving published notice thereof, pursuant to Section 6061 of the Government Code in a newspaper of general circulation printed and published within district at least 10 days prior to such a hearing, a subsequent public hearing may be held to modify the basin production percentage, the basin equity assessment, or any production requirement or limitation established by the district. Such modifications, if any, shall be effective on the date established by the board and district shall give notice of such modification 10 days prior to the effective date thereof in the manner provided hereafter in subdivision (e).

The board may exclude all persons and operators who produced 25 acre-feet or less of water from ground water within district during the ensuing fiscal year for all purposes other

than irrigation from the levy of the basin equity assessment and the production requirements and limitations provided for herein.

The board may exclude all persons and operators who produced 25 acre-feet or less of water from ground water within the district during the ensuing fiscal year for irrigation purposes from the levy of the basin equity assessment and the production requirements and limitations provided for herein.

The findings and determinations of the board in regard to any of the foregoing shall be final, conclusive and binding upon all persons and parties.

(e) The district shall thereafter, and in any event prior to July 1 in each year, give notice to each person or operator within the district which notice shall state:

(1) The amount of the basin equity assessment per acre-foot of water produced for purposes other than irrigation and the amount of the basin equity assessment per acre-foot of water produced for irrigation purposes;

(2) The basin production percentage; and

(3) The production requirement or limitation upon the person or operator.

The notice provided for herein and the notice of any subsequent modifications may be sent by post card or by other first-class mail with postage prepaid by the district

(f) Each person or operator within the district not excluded from the levy of the basin equity assessment and the production requirements and limitations, shall file with the district, on or before the 31st day of July of each year, a basin equity assessment report in the form prescribed by district setting forth the total amounts of water produced from ground water within the district and from supplemental sources during the preceding fiscal year by such person or operator. The statement shall be verified by a written declaration under penalty of perjury. In the event that the person or operator has been required by the district to produce or has in fact produced more water from ground water within district than the equivalent of the basin production percentage determined by district, such person or operator shall pay to district, on or before July 31, an amount determined by the number of acre-feet of water which such person or operator has produced from ground water within the district in excess of the acre-foot equivalent of the basin production percentage multiplied by the applicable basin equity assessment rate. In the event that a person or operator, pursuant to the requirement of district, has produced from ground water within district less than the equivalent of the basin production percentage, such person or operator, on or before the 30th day of September, shall be paid by district from the basin equity assessment fund an amount determined by the number of acre-feet by which the production of such person or operator from ground water as required by the district is less than the acre-foot equivalent of the basin production percentage multiplied

by the applicable basin equity assessment rate, or if the production of such person or operator from ground water is more than the production required by the district and less than the equivalent of the basin equity production percentage, then such person or operator shall be paid by district an amount determined by the number of acre-feet by which the actual production of such person or operator from ground water is less than the acre-foot equivalent of the basin production percentage multiplied by the applicable basin equity assessment.

(g) If any person or operator shall fail to pay the amount due by reason of the basin equity assessment when due, the district shall charge interest at the rate of 1 percent each month on said delinquent amount due. Should any person or operator within the district fail to file a basin equity assessment report on or before the 31st day of July of any year, the district shall, in addition to charging interest as provided herein, assess a penalty charge against such operator in the amount of 10 percent of the amount found by said district to be due.

The district may, from time to time, require other reports from persons and operators as necessary and desirable in the application of the basin equity assessment procedures provided herein.

Upon good cause shown an amendment to any report required under this section may be filed or a correction of any such report may be made within six (6) months after the date such report was filed with the district.

The district may reject any and all such bids presented and may readvertise in its discretion. Expenditures, likewise, may be incurred or contracts let or work undertaken without advertising for bids if such work shall be deemed by said district to be of urgent necessity for the preservation of life, health or property and shall be authorized by a resolution passed by at least eight affirmative votes of the board of directors and containing a declaration of the facts constituting such urgency.

Any person or persons to whom a contract may be awarded shall enter into a bond, with good and sufficient sureties, to be approved by the board, payable to said district for its use, for at least 25 percent of the amount of the estimated contract price, conditioned for the faithful performance of said contract. SEC. 2. Section 39151 of the Health and Safety Code is amended to read:

39151. No new motor vehicle required pursuant to this part to meet the emission standards in Article 2 (commencing with Section 39100) of this chapter or the standards set pursuant to Section 39052.5 or 39052.6, or revised standards set pursuant to subdivision (k) of Section 39052, shall be sold and registered in this state unless the engine and transmission combination used in that vehicle has been approved by the board.

8160. The Department of General Services shall establish a master plan for the orderly development of future state buildings in the Capitol area of the City of Sacramento and the County of Sacramento and formulate and carry out a long-range master plan for improvement of the Capitol Mall. In evolving the master plan the department shall take into consideration the following factors:

(a) The needs of the state relative to the location and design of buildings to be constructed, parking facilities, traffic management, and landscaping, including the placement of statues, monuments, or fountains as may be deemed desirable for the beautification of the area.

(b) The ordinances, plans, requirements and proposed improvements of the City of Sacramento and the County of Sacramento, including, but not limited to, zoning regulations, population trends, plans for rapid transit development, and the Capitol Mall Development Project.

(c) Any other factors which bear upon the orderly, integrated, and cooperative development by the state, the City of Sacramento, and the County of Sacramento of property in the area of the State Capitol.

8161. The department may request the assistance and advice of any state agency in the development of the master plan. Any state agency receiving such a request may render such assistance and advice to the department.

8162. The department shall inform the City of Sacramento and the County of Sacramento of the master plan, and subsequent revisions thereof, and shall make every effort to cooperate with appropriate city and county officials to the

end that the development efforts of the state, city and county may be integrated and may proceed without friction.

8163. The plan for location of state buildings and other improvements in the Capitol area, as approved by the Capitol Building and Planning Commission on February 15, 1961, as part of the report prepared by its consultants, is the official state master plan for the development of state buildings in the Capitol area. It is hereby designated the Capitol Area Plan. It shall be a guide for future state policy in the expansion of the state's physical plant and in the locating of state buildings and other facilities in the Capitol area.

8164. The department shall report to the Legislature at each of its sessions. The report shall list the state building construction projects initiated or completed since the last report, shall set forth the department's appraisal of the degree to which such projects conform to the official master plan, and shall incorporate a report relating to the acquisition and improvement of real property in the City of Sacramento. The department may include in its report such recommendations for revisions of the plan as from time to time become necessary or desirable for the orderly development of the Capitol area.

8165. The Legislature finds and declares:

(a) There is clear justification and need for the creation of a beautiful and impressive western approach to the capital city of California, which coordinates and integrates the planning and development of all major elements in the immediate environment, and emphasizes the most important single structure in the complex, the State Capitol Building.

(b) In order to provide for the formulation and implementation of a long-range, funded program for beautification of the mall, which is coordinated with the plans of the multiplicity of interests involved, it is necessary to assign responsibility and authority sufficient to achieve these objectives to a single agency. The department is the agency most able to effectively carry out this assignment.

8166. The department shall have the overall responsibility and authority for the formulation and implementation of a long-range master plan for the improvement of the Capitol Mall. Such plan shall be integrated and compatible with the development plans of all appropriate public and private interests, including the Sacramento Central City Development Projects. The principal objective of this master plan shall be to provide a physical and aesthetic expression in the approaches to the State Capitol Complex and to embody the best the state can produce in coordinated environmental planning and architectural integrity.

8167. That portion of Route 275 that extends from the end of the Sacramento River Bridge in the City of Sacramento to the junction of Capitol Avenue and Ninth Street in Sacramento is hereby designated as the "Capitol Mall" and shall be an integral part of the Capitol Area Plan.

8168. The department, in addition to the other powers granted by this article, shall have the express power to do all acts necessary to accomplish the overall planning and beautification of the Capitol Mall contemplated by the 1968 amendments to former Article 1 (commencing with Section 8160) of Chapter 2.8 of Division 1 of Title 2. [Approved by Governor June 1, 1970. Filed with
Secretary of State June 1, 1970.]

The people of the State of California do enact as follows:

SECTION 1. The Grass Valley Elementary School District is an impoverished school district in the state and has suffered significant decline in revenues which will cause great financial hardship and will render it impossible for the district to meet its fixed financial commitments for the year, including those made for the payment of teachers' salaries.

The Legislature finds that the unique circumstances in the Grass Valley Elementary School District require immediate and special legislation and that a general statute cannot be made applicable to these circumstances within the meaning of Section 16 of Article IV of the California Constitution. The appropriation made by Section 2 of this act is made in view of the unique circumstances in the Grass Valley Elementary School District, and is made for that purpose only. It is not the intention of the Legislature to establish a precedent with respect to the appropriation made by this act, but rather to assist in a situation involving unique circumstances when appropriate justification for such assistance has been found.

SEC. 2. There is hereby appropriated from the General Fund in the State Treasury the sum of one hundred sixty thousand dollars (\$160,000), or so much thereof as may be necessary, to the Grass Valley Elementary School District to enable the district to pay contracted indebtedness, due and owing, in the 1969-1970 fiscal year.

SEC. 3. The Superintendent of Public Instruction shall, during the 1970-1971, 1971-1972, and 1972-1973 fiscal years withhold from the apportionments to be made to the district from the State School Fund in each of those years an amount equal to one-third of the amount actually disbursed to the district from the appropriation made pursuant to Section 2 of this act, together with amounts representing interest at a rate based on the most current investment rate of the Pooled Money Investment Account as of the date of disbursement of funds to the district pursuant to Section 2 of this act. Such withholdings shall be directed to the end that the entire amount disbursed, plus the interest, shall have been recouped by the state at the end of the 1972-1973 fiscal year.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that money may be made available to the Grass Valley Elementary School District at the earliest possible time to aid the district in averting a financial crisis which directly involves the entire area of the district, it is necessary that this act take immediate effect.

SECTION 1. Section 69752 of the Government Code is amended to read:

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for superior courts to continue to serve the public in areas in which the need for their presence has been demonstrated for many years, this act must take effect immediately.

CHAPTER 188

An act to amend Sections 5627 and 5628 of the Education Code, relating to school district elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 4, 1970. Filed with
Secretary of State June 4, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 5627 of the Education Code is amended to read:

5627. The county superintendent of schools, upon receiving the petition or notice of agreement shall immediately order an election in the district, submitting to the voters of the district the question of withdrawal.

SEC. 2. Section 5628 of the Education Code is amended to read:

5628. Any action undertaken to withdraw from a junior high school or a system of junior high schools is complete when the county superintendent issues the certificate of election results required by Section 1416. Any such action completed prior to the first day of March shall be effective on the next succeeding July 1 and any such action completed on or after the first day of March shall be effective on the second succeeding July 1.

The pupils in grades 7 and 8 who are withdrawn from the junior high school program pursuant to Sections 5626 and 5627 shall not be counted in determining the eligibility of the elementary district withdrawing for square footage allowances for a state school building aid loan pursuant to Section 19420 if they have already been counted by the high school district maintaining the junior high school program as the basis upon which a state school building aid loan has been granted to the high school district.

SEC. 3. If an election has not been held by the county superintendent of schools on any petition to withdraw from a junior high school or system of junior high schools, which petition has been presented to the county superintendent of schools during the 1969-70 school year, because of the limitations heretofore contained in Education Code Section 5628, the county superintendent of schools shall forthwith order, hold, and conduct such election or proceed to hold and conduct any such election heretofore ordered.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The peace, health, and safety of the citizens of the state require the orderly and unhampered functioning of public bodies such as school districts and such functioning depends upon the validity of proceedings such as elections to determine the question of withdrawal of elementary school districts from the system of junior high schools maintained by the governing boards of high school districts. In order that pending elections on the question of withdrawal may proceed without fear of later legal attack, it is necessary that this act take effect immediately.

CHAPTER 190*An act to amend Sections 6, 8, 10, 15, 17, 31, 32, and 38 of the Tehama County Flood Control and Water Conservation District Act (Chapter 1280 of the Statutes of 1957), relating to the Tehama County Flood Control and Water Conservation District, and declaring the urgency thereof, to take effect immediately.*

[Approved by Governor June 9, 1970. Filed with
Secretary of State June 9, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 6 of the Tehama County Flood Control and Water Conservation District Act (Chapter 1280 of the Statutes of 1957) is amended to read:

Sec. 6. Within 90 days after a zone has been established the board shall appoint, for each zone, an advisory committee of three persons who own real property within the zone for which they are appointed and whose names appear on the last Great Register of Tehama County, to represent before the board the residents and property owners of that zone. Each person so appointed shall be entitled to participate and be heard at every meeting of the board in which any matter affecting his zone is discussed or considered. The board shall not discuss or consider any matter which affects any zone unless each member of the advisory committee for that zone has been notified in writing as to the time and place of meeting at least five days before the meeting. The board shall take

no affirmative action on any matter pertaining to a zone, unless and until said action is approved by a two-thirds majority of the advisory committee in writing and such written consent is filed with the board. After being notified as required by this section, should any member or members of the advisory committee fail to file a written consent, the said failure of said member or members to act shall be deemed as an approval of the act being considered by the board. The members of the first advisory committee appointed for a zone shall be appointed by the board for the following terms: one member for one year, one member for two years and one member for three years. Thereafter each member shall be appointed for a term of three years, and shall hold office until their successors are appointed and qualified. Vacancies on the advisory committee shall be filled by the board for the unexpired term. Nothing in this act shall be construed to require the appointment of a zone committee for a countywide zone.

SEC. 2. Section 8 of the Tehama County Flood Control and Water Conservation District Act (Chapter 1280 of the Statutes of 1957) is amended to read:

Sec. 8. The Board of Supervisors of the County of Tehama shall act as the ex officio Board of Directors of the Tehama County Flood Control and Water Conservation District and shall exercise all the powers enumerated in this act except as otherwise provided and shall perform all other acts necessary or proper in their discretion to accomplish the purpose of this act.

The board of directors may adopt and enforce reasonable rules and regulations for the administration and government of the district and facilitate the exercise of its powers and duties herein set forth, and may employ and fix the compensation of all necessary agents and employees to look after the performance of any work or improvements provided in this act. Each member of the board of directors shall receive twenty-five dollars (\$25) for each day he is in attendance at official meetings of the board and shall be allowed his actual, necessary, and reasonable expenses incurred in carrying out his duties under this act. The chairman of the board of supervisors shall be the chairman of the board of directors, who shall preside at all meetings of the board and in case of his absence or inability to act, the members present shall, by an order entered in their minutes, select one of their number to act as chairman temporarily. Any member of the board may administer oaths when necessary in the performance of his official duties. A majority of the members of the board shall constitute a quorum for the transaction of business, and no act of the board shall be valid or binding unless a majority of the board concur therein.

SEC. 3. Section 10 of the Tehama County Flood Control and Water Conservation District Act (Chapter 1280 of the Statutes of 1957) is amended to read:

SEC. 10. The board of directors may appoint the county clerk, county assessor and tax collector, county auditor, county treasurer, district attorney, their assistants, deputies, clerks and employees to be ex officio officers, assistants, deputies, clerks and employees respectively of the district. Upon appointment, the board of directors by board order shall determine the amount of compensation paid each officer for the ex officio duties required under this act.

SEC. 4. Section 15 of the Tehama County Flood Control and Water Conservation District Act (Chapter 1280 of the Statutes of 1957) is amended to read:

Sec. 15. All contracts for the construction of any unit of work, except as hereinafter provided, estimated to cost in excess of three thousand five hundred dollars (\$3,500) shall be let to the lowest responsible bidder in the manner hereinafter provided. The board shall advertise by three insertions in a daily newspaper of general circulation or two insertions in a weekly newspaper of general circulation published in the district inviting sealed proposals for the construction of the work before any contract shall be made therefor, and may let by contract separately any part of said work. The board shall require the successful bidder to file with the board good and sufficient bonds to be approved by the board conditioned upon the faithful performance of the contract and upon the payment of all claims for labor and material in connection therewith, such bonds to contain the terms and conditions set forth in Chapter 3 (commencing at Section 4200) of Division 5 of Title 1 of the Government Code, and to be subject to the provisions of that chapter. The board shall also have the right to reject any and all bids, in which case the board may advertise for new bids. In the event no proposals are received pursuant to advertisement therefor, where the estimated cost of such work does not exceed the sum of five thousand dollars (\$5,000) or where the work consists of emergency work necessary in order to protect life and property, the board of directors, by unanimous vote of all members present, may without advertising for bids therefor have said work done by force account. The district shall have the power to purchase in the open market without advertisement for bids therefor, materials and supplies for use in any work therewith either under contract or by force account; provided, however, that materials and supplies for use in any new construction work or improvement, except work referred to in the preceding sentence, may not be purchased if the cost thereof exceeds five thousand dollars (\$5,000), without advertising for bids and awarding the contract therefor to the lowest responsible bidder.

The provisions of this section shall have no application to a contract entered into with the United States under the authority of Section 3 of this act, or to a contract authorized by a vote of the electorate of the district.

SEC. 5. Section 17 of the Tehama County Flood Control and Water Conservation District Act (Chapter 1280 of the Statutes of 1957) is amended to read:

Sec. 17. The board in any year shall have the power to levy a tax, which shall be in addition to taxes for the payment of and interest on any bonded indebtedness, or any other indebtedness to the United States, upon the taxable property in said district. Said tax shall be levied and collected at the same time and in the same manner, together with county taxes and not to exceed, however, the sum of seven cents (\$0.07) on each one hundred dollars (\$100) of the assessed valuation of all property within the district, measured by the county assessment roll last equalized prior to the levying of said tax, to pay the costs and expenses of surveys, of zoning, compensation for clerical, engineering, legal, printing and advertising of all resolutions, notices, and other matter required to be printed, posted or published, all costs and expenses of legal actions or proceedings, and also the rental or purchase of real or personal property used in connection with such work and surveys, or any other of its purposes and to repay the county any and all moneys loaned to the district for the purposes herein stated and prior to the receipt of taxes.

The board may condition any increase in the tax levied pursuant to this section above the sum of three cents (\$0.03) on each one hundred dollars (\$100) of the assessed valuation of all property within the district upon the approval of a majority of the registered voters within the district voting at an election called for that purpose and held within the district.

The tax levied pursuant to this section shall be known as the general tax levy for the district.

SEC. 6. Section 31 of the Tehama County Flood Control and Water Conservation District Act (Chapter 1280 of the Statutes of 1957) is amended to read:

Sec. 31. The board shall at the time for fixing the general tax levy for district purposes pursuant to Section 17 and in the manner of such general tax levy provided, levy and collect annually each year until the bonds are paid or until there shall be a sum in the treasury of such district set apart for that purpose to meet all sums coming due for principal and interest on said bonds, a tax sufficient to pay the annual interest on said bonds and also such part of the principal thereof as shall become due before the time for fixing the next general tax levy. There may be included in such tax a sum sufficient, in the judgment of the board to take care of anticipated delinquencies, except that if the maturity of the indebtedness created by the issuance of bonds be made to begin more than one year after the date of the issuance thereof, tax shall be levied and collected annually at the time and in the aforesaid manner, in an amount sufficient to pay the interest on said indebtedness as it falls due and also to constitute a sinking fund for the redemption thereof on or before maturity. The tax herein required to be levied and collected shall be in addition to all

other taxes levied for district purposes and shall be collected at the time and in the same manner as other district taxes are collected, and be used for no other purpose than the payment of said bonds and accruing interest.

Such tax shall be levied upon all taxable property within the benefiting zones excluding any property belonging to any county, municipality, or political subdivision within the district, or property belonging to the State of California or the United States.

If the district has been divided into zones and the amount to be raised for the redemption of principal and interest of the bonds from each such zone has been determined as provided in this act, the amount of the tax levied shall be divided according to the amount, and the amount to be raised from the taxable property within each zone shall be levied upon and against the property in such zone as hereinbefore provided.

The provisions of law of this state prescribing the time and manner of levying, assessing, equalizing and collecting county property taxes including the sale of property for delinquency, and for redemption from such sale, and the duties of the several county officers with respect thereto, so far as they are applicable, and not in conflict with the specific provisions of this act, are hereby adopted and made a part hereof. Such officers shall be liable upon their several official bonds for the faithful discharge of the duties imposed upon them by this act.

The board shall take the assessment on the equalized roll of the County of Tehama as the basis for district taxes and for its taxes collected by the county officials of said county. On or before the first of August the board shall file with the auditor a certified copy of the map or plat showing the zones and the amount to be raised from each zone. The auditor of such county must, on or before the second Monday of August of each year, transmit to the board a statement in writing showing the total value of all property within the district, which value shall be ascertained from the equalized roll of such county for that year. Said statement shall also show the total value of all property in each of said zones respectively.

The board shall, on or before the first weekday in September, or if such weekday falls upon a holiday, then upon the first business day thereafter, fix the rate of tax for each zone, and designate the number of cents upon each one hundred dollars (\$100) on the equalized roll, which rate of taxation shall be sufficient to raise the amount previously fixed by the board as hereinabove prescribed. Such acts by the board shall constitute a valid assessment of the property and a valid levy of the tax so fixed. The board must immediately thereafter transmit to the county auditor a statement of the rate of taxes so fixed by said board for each zone into which the district may be divided and the county auditor shall enter such rate upon the county tax roll. Such taxes so levied shall be collected at the same time and in the same manner as county taxes and

when collected the net amount ascertained as hereinafter provided shall be paid to the treasurer of the district under the general requirements and penalties provided by law for the settlement of other taxes.

All taxes levied under the provisions of this act shall be a lien upon the property on which they are levied and unless the board has by resolution otherwise provided the enforcement of the collection of such taxes shall be had in the same manner and by the same means as provided by law for the enforcement of the liens for state and county taxes, all provisions of law relating to the enforcement of the latter being hereby made a part of this act.

SEC. 7. Section 32 of the Tehama County Flood Control and Water Conservation District Act (Chapter 1280 of the Statutes of 1957) is amended to read:

Sec. 32. After the formation of a zone in the district, the board shall have power, in any year, to levy a tax upon the taxable property in the benefiting countywide or intracounty zones as provided in Section 31 at the time and in the manner set forth therein, to carry out any of the objects or purposes of this act, and to pay the costs and expenses of maintaining, operating, extending and repairing any work or improvement of such zones for the ensuing fiscal year. The board shall have power to control and order the expenditures for said purposes of all revenue so derived, except that taxes levied under this section for any one year shall not exceed the rates specified in this section on each one hundred dollars (\$100) of the assessed valuation of the property in such zones as said assessed valuation is shown on the last preceding assessment records for state and county purposes.

The board on its own motion may set a tax rate not exceeding five cents (\$0.05) on each one hundred dollars (\$100) of the assessed valuation of such property. Upon the filing with the board of the unanimous written consent of the advisory committee, if there be a committee, the board may by majority vote set a tax rate not exceeding fifteen cents (\$0.15) on each one hundred dollars (\$100) of the assessed valuation of such property. The board may call a special election for the purpose of submitting to the voters of the zone a resolution to authorize the board to set a tax rate not exceeding fifty cents (\$0.50) on each one hundred dollars (\$100) of the assessed valuation of such property during the years specified in the resolution. If a majority of the votes cast at the special election approve the resolution, the board is authorized to set the tax rate in accordance with the resolution.

Such tax shall be in addition to any tax levied to meet the bonded indebtedness of said district and all interest thereon. If the district has been divided into zones, the taxes to be levied as provided in this section shall be apportioned in accordance with the zones established for the levying and collection of taxes to pay the principal and interest of the bonds of the district.

SEC. 8. Section 38 of the Tehama County Flood Control and Water Conservation District Act (Chapter 1280 of the Statutes of 1957) is amended to read:

Sec. 38. Notwithstanding Chapter 8 (commencing at Section 54900) of Part 1 of Division 2 of Title 5 of the Government Code, the district is validly created for the purposes of assessment and taxation. The creation of any zone in the district shall not be effective for purposes of assessment or taxation for the fiscal year 1957-58 and shall not be effective for such purposes for any fiscal year thereafter unless the statement and map or plat required by Chapter 8 (commencing at Section 54900) of Part 1 of Division 2 of Title 5 of the Government Code are filed with the county assessor and the State Board of Equalization on or before the first of February of the year in which the assessments or taxes are to be levied. Until such time as the creation of any zone shall be effective for purposes of assessment or taxation, any tax or assessment levied by the board shall be levied at a uniform rate on all property in the district.

For the fiscal year 1957-58, but for no other fiscal year, the assessment and equalization of property for the purpose of district taxation shall be effected as provided in this section.

Assessments of this district for the fiscal year 1957-58 are liens on the property the same as if they were county taxes, except that the district assessment liens attach as of noon on the day after this act becomes effective.

It is presumed that the assessments of property made by the county assessor and by the State Board of Equalization for county taxation purposes for the fiscal year 1957-58 are the correct assessments for purposes of assessment by the district and the rolls prepared by the county assessor and the State Board of Equalization shall be used for purposes of levying and collecting the assessments for the district. If the ownership or taxable situs or value of any property changes between noon on the first Monday in March, 1957, and the date on which attaches the lien for assessments of the district for the fiscal year 1957-58, then, on petition of the taxpayer affected to the assessing authority, suitable entry shall be made on the assessment roll, in the manner prescribed by the State Board of Equalization, to indicate such change in the ownership or taxability or value of the property for purposes of assessment by the district.

In equalizing the assessments made by the county assessor, the Tehama County Board of Equalization, in addition to its regular equalization duties shall also, in the same manner and under the same rules, equalize the valuation of property for purposes of assessment by the district in accordance with the requirements of this section and any such changes made by the county board of equalization in the assessment roll shall be entered in the manner prescribed by the State Board of Equalization.

If, for purposes of assessments by the district, a change in the assessment for county taxation purposes is not sought under this section before the end of the period during which such assessment may be equalized, or corrected on a petition for reassessment, such assessment, if valid for county taxation purposes, is conclusively presumed to be the correct assessment for assessment purposes of the district.

The board may prescribe by ordinance any necessary procedure, in accordance with the policy of this act, for the purpose of assessing, equalizing, levying, and collecting taxes or assessments for the district for the fiscal year 1957-58.

Chapter 8 (commencing with Section 54900) of Part 1 of Division 2 of Title 5 of the Government Code does not apply to the district with respect to any tax or assessment levied by the district for the fiscal year 1957-58.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The present operation of the Tehama County Flood Control and Water Conservation District has become so complex that it requires a greater amount of time and effort to be spent by the board of directors. The knowledgeable citizens who are available are not able to spend the considerable time that is needed for planning and executing a system to prevent recurrent floods and to carry out the other provisions of this act which are essential to these urgently needed programs of flood control and water conservation and to protect lives and property in Tehama County.

SECTION 1. Section 26906 of the Government Code is amended to read:

26906. Any money other than taxes erroneously paid into the county treasury may be returned to the person paying it in upon a warrant drawn by the auditor on the order of the board of supervisors based upon such voucher as shows proper evidence of the facts. The board of supervisors may, by resolution, authorize the auditor to act in lieu of and with the same

authority as the board of supervisors in ordering the return of such money. If the board of supervisors authorizes the auditor to make such refunds in lieu of and with the same authority as the board, the auditor shall periodically, but not less than annually, file a report with the board listing all such refunds.

SEC. 2. Section 29701 of the Government Code is amended to read:

29701. SEC. 3. Section 29742 of the Government Code is amended to read:

The auditor shall audit the account and forward to the auditor of the county from which the action was transferred a certified copy of the total amount of costs allowed by the court, giving each item as certified to him by the county clerk and the court. The auditor receiving the certified copy of the costs allowed shall enter them in his book as a charge against the treasury of his county, draw his warrant therefor upon such treasury and forward

the warrant to the auditor of the county to which the action was removed. The treasurer of the county from which the action was removed shall immediately upon presentation pay the warrant out of the general fund of his county. If at the date of presentation there is not sufficient money in the general fund to pay the warrant, he shall endorse upon it "Not paid for want of funds," and the warrant shall be registered and draw interest at the same rate and be paid in the same manner as other registered county warrants.

SEC. 6. Section 15001 of the Welfare and Institutions Code is amended to read:

SEC. 7. Section 29802 of the Government Code is amended to read:

29802. Unless otherwise provided by ordinance, any warrant issued is void if not presented to the county treasurer for payment within six months after its date.

Whenever, under the provisions of this section, warrants drawn on trust funds become void, the moneys in the county treasury represented by such warrants may be transferred to the general fund of the county by the county auditor unless disposition is otherwise provided by law.

Any time within two years from the date on which the original warrant became void, the payee or assignee of any warrant which is void as provided in this section may present such warrant to the governing body of the agency on which the warrant was drawn, or declare by affidavit that such warrant has been lost or destroyed, and the governing body of such agency may adopt an order instructing the county auditor to draw a new warrant in favor of the payee in the same amount as the original warrant, or the governing body may by resolution authorize the auditor to draw new warrants within the limitations prescribed by the resolution without prior individual order of the governing body, provided the limitations prescribed by this section have been complied with. Any such new warrant shall be subject to the same limitations as the original warrant which it replaces.

SEC. 8. Section 4 of this act shall become operative on July 1, 1971, and the provisions thereof shall be applicable to any warrants issued on or subsequent to such operative date.

The hearing board may file with the court the original of any document in the record in lieu of a copy thereof.

CHAPTER 195

An act to maintain the Insurance Code by amending Sections 986, 1712.5, and 1714, relating to insurance.

Such local ordinances may require payment of fees pursuant to this section if:

(1) The ordinance was adopted 30 days prior to the filing of the tentative map of any subdivision, or the filing of a parcel map for a division of land not defined as a subdivision, for which payment of a fee is required;

(2) The ordinance refers to a drainage plan adopted for a particular drainage area, which contains an estimate of the total costs of constructing the local drainage facilities required by the plan, and a map of the drainage area showing its boundaries and the location of planned drainage facilities;

(3) The drainage plan, in the case of a city, situated in a county having a countywide general drainage plan, has been determined by resolution of the governing body of the county to be in conformity with the county drainage plan, or in the case of a city situated in a county not having a countywide general drainage plan but in a district having a general drainage plan, has been determined by resolution of the governing body of the district to be in conformity with the district general plan, or in the case of a city situated in a county having a countywide general drainage plan and in a district having a general drainage plan, has been determined by resolution of the governing body of the county to be in conformity with the county drainage plan and by resolution of the governing body of the district to be in conformity with the district general plan;

(6) The drainage facilities planned are in addition to existing local drainage facilities serving the area at the time of the adoption of the drainage plan for the area.

Fees required by an ordinance adopted pursuant to this section shall be paid into a "planned local drainage facilities fund." A separate fund shall be established for each local drainage area. Moneys in such fund shall be expended solely for the construction or reimbursement for construction of local drainage facilities within the planned local drainage area from which the fees comprising the fund were collected, or to reimburse the county or city for the cost of engineering and administrative services to form the district and design and construct the facilities. An ordinance adopted pursuant to this section may provide for the acceptance of cash or other consideration in lieu of the payment of fees.

A county or city imposing fees pursuant to this section may advance money from its general fund to pay the costs of constructing drainage facilities within a local drainage area and reimburse the general fund for such advances from the planned local drainage facilities fund for the local drainage area in which the drainage facilities were constructed.

A county or city imposing fees pursuant to this section may incur an indebtedness for the construction of drainage facilities within a local drainage area; provided that the sole security for repayment of such indebtedness shall be moneys in the planned local drainage facilities fund.

SEC. 2. The proceeds from the sale of bonds made after the effective date of this act pursuant to the State School Building Aid Bond Law of 1966 (Chapter 15.7 (commencing with Section 19931) of Division 14 of the Education Code) shall be utilized in the following order of priority:

(a) The first priority shall be given to those bond sales which the State Allocation Board hereafter requests the State School Building Finance Committee to make for the benefit of specified school districts, where it appeared or does hereafter appear to the satisfaction of the board at the time of the request that the bonds could not be or were unlikely to be sold generally at the maximum interest rate permitted by law, but that there would be bidders for the specific amount of bonds requested to be sold for the benefit of the specified school districts who would bid within the maximum rate as an accommodation to the school districts; provided that such priority shall be honored only from the proceeds of any such sales so made.

(b) The second priority from the proceeds of the bond sales shall be to repay fourteen million dollars (\$14,000,000) to the General Fund, or so much as has been previously advanced from the General Fund to the State School Building Aid Fund pursuant to an executive order of the Director of Finance pursuant to Section 19938 of the Education Code, as well as any further advances from the General Fund to the State School Building Aid Fund pursuant to Section 19938 of the Education Code.

(c) The third priority from the proceeds of the bond sales shall be to repay the amount appropriated from the State Construction Program Fund pursuant to Section 1 of this act.

(d) The fourth priority shall be for the use of the proceeds of the bond sales as otherwise provided by law.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There are a number of rapidly growing school districts in the state which do not have resources with which to construct schools. Many of these districts have schools which are already on double sessions. The national bond market conditions have made it impossible to sell state general obligation bonds for continuation of the State School Building Aid Program, thereby making it impossible for such districts to obtain school building construction aid at this time. Further growth is continuing in these rapidly growing school districts which will result in more and more pupils being on double sessions, imposing an even further hardship. An appropriation from the State Construction Program Fund is necessary to alleviate the problem at the earliest possible time and thus effectuate the intent of the Legislature in its support of the public school program.

CHAPTER 212

An act to amend Section 22825 of the Government Code, relating to the Meyers-Geddes State Employees' Medical and Hospital Care Act, and making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 17, 1970. Filed with Secretary of State June 17, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 22825 of the Government Code is amended to read:

22825. The employer and each employee or annuitant shall contribute a portion of the cost of providing for each employee and annuitant the benefit coverage afforded under any health benefit plan which the board has approved or for which it has executed a contract pursuant to this part, and in which the employee or annuitant may be enrolled.

The employer's contribution for each employee or annuitant shall be the amount necessary to pay the cost of his enrollment, including the enrollment of his family members, in a health benefits plan or plans, or, if less, the monthly amount in each fiscal year as indicated in the following table:

Monthly contribution	Fiscal year
\$8.00 -----	1969-70
\$10.00 -----	1970-71
\$12.00 -----	1971-72
\$14.00 -----	1972-73
\$16.00 -----	1973-74

The monthly employer contributions provided for in this table shall be based on payroll periods and retirement rolls, and shall commence with the July payroll period and July retirement rolls for the fiscal year specified. There shall be only one such contribution with respect to all annuitants receiving allowances as survivors of the same employee or annuitant. The employer's contribution to the health benefits plan or plans to each employee shall commence on the first day of the calendar month next following the completion of six months of employment by the employer; provided the employment has not been interrupted by a break of more than one month, except that absence for military service shall not be considered a break.

The contribution of each employee and annuitant shall be the total cost per month of the benefit coverage afforded him under the plan or plans less the portion thereof to be contributed by the employer.

Sec. 2. In order to reimburse the General Fund and the other funds in the State Treasury for the increased contributions by the State of California during the 1970-71 fiscal year

to employees' health benefits plans, as provided for by this act, there is hereby appropriated the sum of two million eight hundred thousand dollars (\$2,800,000) out of the unencumbered balance of the state's contributions to the State Employees' Contingency Reserve Fund for transfer by the State Controller to the General Fund and to the other funds in the State Treasury from which the contributions were made upon allocation by and at the direction of the Director of Finance.

SEC. 3. This act shall become operative July 1, 1970.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into effect immediately. The facts constituting such necessity are:

Increased costs under the health benefits plans effective in fiscal year 1969-70 will result in a significant reduction in take-home pay of state employees enrolled in such plans. To provide relief against the hardship of such employees and to the end of improving the public service, it is necessary that this act take immediate effect.

CHAPTER 226

An act to amend Section 860 of the Financial Code and to amend Section 1091 of the Government Code, relating to conflicts of interest, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 22, 1970. Filed with Secretary of State June 22, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 860 of the Financial Code is amended to read:

860. A bank may act as a depository, paying agent, trustee, or fiscal agent for the holding or handling of public funds or securities notwithstanding the fact that a member of the legislative body or an officer or employee of the depositor is an officer, employee, or stockholder of such bank, or of a holding company that owns any of the stock of such bank. Such mem-

ber of a legislative body, or such officer or employee thereof, shall not be deemed "interested in any contract" as that phrase is used in Section 1090 of the Government Code, if his sole interest is the fact that he is an officer, employee, or stockholder of the bank selected to act as such depository, paying agent or fiscal agent.

An officer or employee of a local public agency shall be deemed to have only a "remote interest" in a contract, as that phrase is used in Section 1091 of the Government Code, where such contract is entered into without competitive bidding under a procedure established by law, if his sole interest is that of an officer, director, or employee, of a bank, bank holding company, or savings and loan association with which a party to the contract has the relationship of borrower or depositor, debtor or creditor, and if the conditions of subdivision (a) of Section 1091 of the Government Code are met.

SEC. 2. Section 1091 of the Government Code is amended to read:

1091. (a) An officer shall not be deemed to be interested in a contract entered into by a body or board of which he is a member within the meaning of this article if he has only a remote interest in the contract and if the fact of such interest is disclosed to the body or board of which he is a member and noted in its official records, and thereafter the body or board authorizes, approves, or ratifies the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer or member with the remote interest.

(b) As used in this article "remote interest" means:

(1) That of a nonsalaried officer of a nonprofit corporation;

(2) That of an employee or agent of the contracting party, if such contracting party has 10 or more other employees and if the officer was an employee or agent of said contracting party for at least three years prior to his initially accepting his office.

For the purposes of this subsection, time of employment with the contracting party by the officer shall be counted in computing the three-year period specified in this subsection even though such contracting party has been converted from one form of business organization to a different form of business organization within three years of the initial taking of office by such officer. Time of employment in such case shall be counted only if, after the transfer or change in organization, the real or ultimate ownership of the contracting party is the same or substantially similar to that which existed before such transfer or change in organization. For the purposes of this subsection, stockholders, bondholders, partners, or other persons holding an interest in the contracting party are regarded as having the "real or ultimate ownership" of such contracting party.

(3) That of a parent in the earnings of his minor child for personal services;

(4) That of a landlord or tenant of the contracting party;

(5) That of an attorney of the contracting party; or

(6) That of a member of a nonprofit corporation formed under the Agricultural Code or a nonprofit corporation formed under the Corporations Code for the sole purpose of engaging in the merchandising of agricultural products or the supplying of water.

(7) That of a supplier of goods or services when such goods or services had been supplied to the contracting party by the officer for at least five years prior to his election or appointment to office.

(8) That of a person subject to the provisions of Section 1090 in any contract or agreement entered into pursuant to the provisions of the California Land Conservation Act of 1965.

(9) That of an officer, director, or employee of a bank, bank holding company, or savings and loan association with which a party to the contract has the relationship of borrower or depositor, debtor or creditor.

(c) The provisions of this section shall not be applicable to any officer interested in a contract who influences or attempts to influence another member of the body or board of which he is a member to enter into the contract.

(d) The willful failure of an officer to disclose the fact of his interest in a contract pursuant to this section shall be punishable as provided in Section 1097. Such violation shall not void the contract however, unless the contracting party had knowledge of the fact of the remote interest of the officer at the time the contract was executed.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

It is necessary to make an exception to the complete prohibition against contracting now contained in Section 1090 of the Government Code due to the fact that many cities have entered into or desire to enter into contractual arrangements which may present a conflict of interest due to the fact that the other party to such arrangements have financial dealings with banks or savings and loan associations with which city officials are connected as officers, directors or employees. These contracts are of great significance to the cities and due to the uncertain status of such city officials with regard to possible conflict of interest, and the serious penal sanctions which could be imposed in the event of an incorrect interpretation, this legislation must be given immediate effect.

CHAPTER 227

An act to amend Section 7053 of the Business and Professions Code, relating to contractors.

[Approved by Governor June 22, 1970. Filed with Secretary of State June 22, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 3 of the Marin County Flood Control and Water Conservation District Act (Chapter 666 of the Statutes of 1953) is amended to read:

Sec. 3. The board of supervisors of the district created by this act, by resolution thereof adopted from time to time, may establish zones within said district without reference to the boundaries of other zones, setting forth in such resolutions descriptions thereof by metes and bounds and entitling each of such zones by a zone number, and institute zone projects for specific benefit of such zones. The board may, by resolution, amend the boundaries by annexing property to or by withdrawing property from said zones or may divide existing zones into two or more zones or may superimpose a new or amended zone on zones already in existence, setting forth in such resolutions descriptions of the amended, divided or superimposed zones by metes and bounds and entitling each of such zones by a zone number. The boundaries of such zones may overlap or one zone may be entirely included within the boundaries of another zone.

Proceedings, including a hearing and determination of protests, for the establishment, amendment, division or superimposition of any zone or the establishment of any project, the estimated cost of which exceeds ten thousand dollars (\$10,000), shall be conducted in the manner prescribed in Section 11 of

this act. As an alternative to, and in addition to, the proceedings prescribed in Section 11 of this act for the establishment, annexation, division or superimposition of any zone or any project, the estimated cost of which exceeds ten thousand dollars (\$10,000), the board of supervisors of the district may submit proposals for the establishment, annexation, division or superimposition of any zone or any project, the estimated cost of which exceeds ten thousand dollars (\$10,000), to the registered voters residing within the zone, the territory of a proposed zone or the territory to be annexed, as the case may be, which election shall be called and held as nearly as practicable in the manner provided in Section 13.

Proceedings for the establishment, amendment, division, or superimposition of zones may be conducted concurrently with and as a part of proceedings for the instituting of projects relating to such zones.

SEC. 2. Section 11 of the Marin County Flood Control and Water Conservation District Act (Chapter 666 of the Statutes of 1953) is amended to read:

Sec. 11. The board may institute projects for single zones and joint projects for two or more zones, for the financing, constructing, maintaining, operating, extending, repairing or otherwise improving any work or improvement of common benefit to such zones or participating zones and may establish, amend, divide or superimpose zones. For the purpose of acquiring authority to proceed with any such project, the estimated cost of which exceeds ten thousand dollars (\$10,000), or establishment, amendment, division, or superimposition of a zone, the board shall adopt a resolution specifying its intention to undertake such project or zone establishment, amendment, division or superimposition, together with the engineering estimates of the cost of any project to be borne by the particular zone and in the case of participating zones the proportionate cost to be borne by each of the participating zones and fixing a time and place for public hearing of said resolution and which shall refer to a map or maps showing the general location and general construction of said project or proposed zone. Notice of such hearing shall be given by publication pursuant to Section 6066 of the Government Code, in a newspaper of general circulation, circulated in such zone or each of said participating zones, if there be such newspaper, and if there be no such newspaper then by posting notice for two consecutive weeks prior to said hearing in five public places designated by the board, in such zone or territory of a proposed zone or in each of said participating zones. Said notice must designate a public place in such zone or territory of a proposed zone or in each of said participating zones where a copy or copies of the map or maps of said joint project may be seen by any interested person. Said map must be posted in each of said public places so designated in said notice at least two weeks prior to said hearing.

At the time and place fixed for the hearing, or at any time to which said hearing may be continued, the board shall consider all written and oral objections to the proposed project, or establishment, amendment, division or superimposition of a zone. Upon the hearing, the board may modify the proportionate cost of any project to be borne by each of the participating zones according to the benefits to be derived from the project by the participating zones. Upon the hearing, the board may modify the boundaries of the proposed zone, as set forth in the resolution of intention to establish, annex to, divide, or superimpose the zone, by excluding therefrom any land which would not be benefited by inclusion in the zone; the boundaries shall not be modified to include any land which is neither described in the resolution of intention nor formerly within the boundaries of a zone. At the conclusion of the hearing the board may abandon the proposed project or plan or proceed with the same, unless prior to the conclusion of said hearing a written protest against the proposed project or plan signed by a majority in number of the holders of title to real property, or assessable rights therein, or evidence of title thereto, representing one-half or more of the assessed valuation of the real property within such zone or within any of the participating zones for which said project was initiated or within the territory to be included in the proposed zone or within the territory to be added to or subtracted from a zone, be filed with the board, in which event further proceedings relating to such project or plan must be suspended for not less than six months following the date of the conclusion of said hearing, or said proceeding may be abandoned in the discretion of the board.

In all matters in this section referred to, the last equalized assessment roll of the County of Marin next preceding the filing of the protest shall be prima facie evidence as to the ownership of real property, the names and number of the persons who are the holders of title or evidence of title, or assessable rights therein, and as to the assessed valuation of real property within the zone, or proposed zone, or within any of the participating zones for which the project was initiated.

Executors, administrators, special administrators and guardians may sign the protest provided for in this act on behalf of the estate represented by them. If the property is assessed in the name of such representatives, that fact shall establish the right of such representatives to sign the protest; if assessed in the name of the decedent, minor or incompetent person, certified copies of the letters or such other evidence as may be satisfactory to the board must be produced.

Where real property appears to be owned in common or jointly or by a partnership, or where letters of representatives of decedents, minors or guardians are joint, only one of the owners or representatives or partners may sign the protest for all joint owners or representatives or partners; provided, the party claiming the right to protect for all produces the writ-

ten consent of his coowners or representatives or partners so to do, duly acknowledged by the consenting coowners or representatives or partners in the manner that deeds of real property are required to be acknowledged to entitle such deeds to be recorded in the recorder's office of the county except that if the property jointly held is held by husband and wife and occupied by them as a dwelling, if the other spouse consents, the protest may be signed by either spouse without producing written evidence of the other's consent.

Where real property is assessed in the name of a trustee or trustees, such trustee or trustees shall be deemed to be the person entitled to sign the protest, and if assessed in the name of more than one trustee the right to sign the protest shall be determined in like manner as above provided with respect to coowners.

The protest of any public or quasi-public corporation, private corporation or unincorporated association, may be signed by any person authorized by the board of directors or trustees or other managing body thereof, which authorization shall be in writing; and a proxy executed by an officer or officers thereof, attested by its seal and duly acknowledged, shall constitute sufficient evidence of such authority, and shall be filed with the board.

The owner of any real property or interest therein, appearing upon the assessment roll, which has been assessed in the wrong name or to unknown owners or which has passed from the owner appearing as such on the last equalized assessment roll, since the same was made, shall be entitled to sign the protest represented thereby, either by the production of a proxy from such former owner, or by furnishing evidence of his ownership by a conveyance duly acknowledged showing the title to be vested in the person claiming the right to sign the protest, accompanied by a certificate of a competent searcher of titles, certifying that a search of the official records of the county, since the date of the conveyance, discloses no conveyance or transfer out from the grantee or transferee named in the conveyance.

Where the real property has been contracted to be sold, the vendee shall be entitled to sign the protest, unless such real property is assessed in the name of the vendor, in which event the vendor shall be entitled to so do.

The board shall likewise be entitled to inquire and take evidence for the purpose of identifying any person claiming the right to sign the protest as being the person shown on the assessment roll or otherwise as entitled thereto. And, unless satisfactory evidence is furnished, the right to sign said protest may be denied.

SEC. 3. Section 11.1 of the Marin County Flood Control and Water Conservation District Act (Chapter 666 of the Statutes of 1953) is amended to read:

Sec. 11.1. The provisions of Section 11 of this act shall be exclusive in determining the proper procedure for the institution of projects, the estimated cost of which exceeds ten thousand dollars (\$10,000), under this act, any other provision of law notwithstanding.

SEC. 4. Section 22 of the Marin County Flood Control and Water Conservation District Act (Chapter 666 of the Statutes of 1953) is amended to read:

Sec. 22. Any improvement or unit of work when the cost thereof according to the estimate of the engineer, will exceed three thousand five hundred dollars (\$3,500), shall be done by contract let to the lowest responsible bidder or bidders in the manner hereinafter provided. The board shall first determine whether such contract shall be let as a single unit for the whole of the work, or shall be divided into severable convenient parts, or both, according to the best interests of the district. The board shall make call for bids and advertise such call pursuant to Section 6066 of the Government Code in said district inviting sealed proposals for the construction of performance of the improvement or work before any contract is made therefor. Such call for bids shall state whether such work is to be performed as a unit for the whole thereof or shall be divided into separate convenient specific parts, or both, as stated in the call. The board may let such work by single contract for the whole thereof as a unit or it may divide such work into severable convenient parts by separate contracts, as stated in such call, according to the best interests of the district. The board shall require the successful bidder or bidders to file with the board good and sufficient bonds to be approved by the board conditioned upon the faithful performance of the contract and upon the payment of their claims for labor and material in connection therewith, such bonds to contain the terms and conditions set forth in Chapter 3 of Division 5 of Title 1 of the Government Code and to be subject to the provisions of that chapter. The board shall also have the right to reject any and all bids. In the event no proposals are received pursuant to advertisement therefor, or the estimated cost of such work does not exceed the sum of three thousand five hundred dollars (\$3,500), or the work consists of channel protection, or maintenance, or emergency work when necessary in order to protect life and property from impending flood damage, the board of supervisors may, without advertising for bids therefor, have said work done by day labor, under the direction of the board, by contract, or by a combination of the two. The district shall have the power to acquire in the open market without advertising for bids therefor, materials, equipment and supplies for use in any work or for any other purpose; provided, however, that materials and supplies for use in any new construction work or improvement, except work referred to in the preceding sentence, may not be purchased if the cost thereof exceeds three thousand five hundred dollars (\$3,500),

without advertising for bids and awarding the contract therefor to the lowest responsible bidder.

SEC. 5. Section 37 is added to the Marin County Flood Control and Water Conservation District Act (Chapter 666 of the Statutes of 1953), to read:

Sec. 37. No proceeding under this act shall be invalidated or affected by any inadvertent error, mistake, or departure from the provisions of this act regarding posting, publishing, or procuring the publication or posting of any notice, resolution, order or other matter, or the content of such notice, resolution, or order, without a showing of substantial harm to the person or persons affected by the deviation in the requirements and evidence that a different result would have ensued were it not for the inadvertence.

The people of the State of California do enact as follows:

SECTION 1. Section 21650.1 of the Public Utilities Code is amended to read:

An airport shall be marked as required by rule of the department with letters or symbol selected by the department to designate that such airport is privately owned and not open to the general public. CHAPTER 230

An act to amend Sections 13 and 14 of the Alameda County Flood Control and Water Conservation District Act (Chapter 1275 of the Statutes of 1949), relating to the Alameda County Flood Control and Water Conservation District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 22, 1970 Filed with
Secretary of State June 22, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 13 of the Alameda County Flood Control and Water Conservation District Act (Chapter 1275 of the Statutes of 1949) is amended to read:

Sec. 13. (1) Whenever the board determines that a bonded indebtedness should be incurred to pay the cost of any work or improvement in any zone or zones, the board may by resolution determine and declare the respective amounts of bonds necessary to be issued in each zone in order to raise the amount of money necessary for each work or improvement and the denomination and the maximum rate of interest of said bonds. The board shall cause a copy of the resolution, duly certified by the clerk, to be filed for record in the office of the recorder of Alameda County within five (5) days after its issuance. From and after said filing of said copy of said resolution the board shall be deemed vested with the authority to proceed with the bond election.

(2) After the filing for record of the resolution specified in subdivision (1) of this section, the board may call a special bond election in said zone or participating zones at which shall be submitted to the qualified electors of said zone or participating zones the question whether or not bonds shall be issued in the amount or amounts determined in said resolution and for the purpose or purposes therein stated. Said bonds and the interest thereon shall be paid from revenue derived from annual taxes or assessments levied as provided in this act.

(3) Said board shall call such special bond election by ordinance and not otherwise and submit to the qualified electors of said zone or participating zones the proposition of incurring a bonded debt in said zone or participating zones in the amount and for the purposes stated in said resolution and shall recite therein the objects and purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to give a brief, general description of such objects and purposes, and refer to the recorded copy of such resolution adopted by said board, and on file for particulars; and said ordinance shall also state the estimated cost of the proposed work and improvements, the amount of the principal of the indebtedness to be incurred therefor, and the maximum rate of interest to be paid on said indebtedness, and shall fix the date on which such special election shall be held, and the form and contents of the ballot to be used. The rate of interest to be paid on such indebtedness shall not exceed seven percent (7%) per annum. For the purposes of said election, said board shall in said ordinance establish special bond election precincts within the boundaries of each zone and participating zone and may form election precincts by consolidating the precincts established for general elections in said district to a number not exceeding six general precincts for each such special bond election precinct, and shall designate a polling place and appoint one inspector, one judge and one clerk for each of such special bond election precincts.

In all particulars not recited in said ordinance, such special bond election shall be held as nearly as practicable in conformity with the general election laws of the state.

Said board shall cause a map or maps to be prepared covering a general description of the work to be done, which said map shall show the location of the proposed works and improvements and shall cause the said map to be posted in a prominent place in the county courthouse for public inspection for at least thirty (30) days before the date fixed for such election.

Said ordinance calling for such special bond election shall, prior to the date set for such election, be published pursuant to Section 6062 of the Government Code in a newspaper of general circulation circulated in each zone and participating zone affected. The last publication of such ordinance must be at least fourteen (14) days before said election, and if there be no such newspaper, then such ordinance shall be posted in five public places designated by the board, in each zone and participating zone for at least thirty (30) days before the date fixed for such election. No other notice of such election need be given nor need polling place cards be issued.

Any defect or irregularity in the proceedings prior to the calling of such special bond election shall not affect the validity of the bonds authorized by said election. Where a project affects a single zone only, if at such election two-thirds ($\frac{2}{3}$) of the votes cast in said zone on the proposition of incurring a bonded indebtedness are in favor thereof, then bonds for such zone for the amount stated in such proceedings shall be issued and sold as in this act provided. Where the incurring of bonded indebtedness by participating zones is to be determined at such election, no bonds for any of such participating zones shall be issued or sold unless two-thirds ($\frac{2}{3}$) of the votes cast on the proposition in each such participating zone are in favor of incurring the bonded indebtedness to be undertaken by such zone.

SEC. 2. Section 14 of the Alameda County Flood Control and Water Conservation District Act (Chapter 1275 of the Statutes of 1949) is amended to read:

Sec. 14. The board shall, subject to the provisions of this act, prescribe by resolution the form of said bonds, which must include a designation of the zone or participating zone affected, and of the interest coupons attached thereto. Said bonds shall be payable annually or semiannually at the discretion of the board each and every year on a day and date, and at a place to be fixed by said board, and designated in such bonds, together with the interest on all sums unpaid on such date until the whole of said indebtedness shall have been paid.

The board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different times from those of any other series. The maturity of each series shall comply with this section. The board may fix a date, not more than two years from the date of issuance, for the earliest maturity of each issue or series of bonds. Beginning

with the date of the earliest maturity of each issue or series, not less than one-fortieth of the indebtedness of such issue or series shall be paid every year. The final maturity date shall not exceed 40 years from the time of incurring the indebtedness evidenced by each issue or series.

The bonds shall be issued in such denomination as the board may determine, except that no bonds shall be of a less denomination than one hundred dollars (\$100), nor of a greater denomination than one thousand dollars (\$1,000), and shall be payable on the days and at the place fixed in said bonds, and with interest at the rate specified in such bonds, which rate shall not be in excess of seven per centum (7%) per annum, and shall be made payable annually or semiannually, and said bonds shall be numbered consecutively and shall be signed by the chairman of the board, and countersigned by the auditor of said district, and the seal of said district shall be affixed thereto by the clerk of the board. Either or both such signatures may be printed, engraved or lithographed. The interest coupons of said bonds shall be numbered consecutively and signed by the said auditor by his printed, engraved or lithographed signature. In case any such officers whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officers before the delivery of such bonds to the purchaser, such bonds and coupons, and signatures or countersignatures shall nevertheless be valid and sufficient for all purposes the same as if such officers had remained in office until the delivery of the bonds.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Serious and urgent problems of flood control, storm drainage, water conservation and water supply presently exist in Alameda County. The solution of these problems requires the sale of bonds for adequate financing of the projects of the Alameda County Flood Control and Water Conservation District. Because of the prevailing conditions in the bond market, bonds cannot be sold unless the maximum rate of interest is raised. In order to provide the necessary financing at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 231

An act to amend Section 8610 of the Agricultural Code, relating to citrus pest districts.

[Approved by Governor June 22, 1970. Filed with Secretary of State June 22, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 8610 of the Agricultural Code is amended to read:

8610. The county treasurer shall pay out money of the district only upon warrants of the county auditor drawn upon the order of the board of directors of the district signed by the chairman or vice chairman and attested by the secretary or assistant secretary. The county treasurer, with the approval of the board of supervisors, shall pay out the money of the district upon one master warrant of the county auditor drawn upon the order of the board of directors of the district and signed by the chairman or vice chairman and attested to by the secretary or assistant secretary, to meet the district's expenses, including salaries, at such intervals as is approved by the board of supervisors. The county treasurer shall report in writing on the first day of July, October, January, and March of each year, to the board the amount of money he then holds for the districts, the amount of receipts since his last report, and the amounts paid out. Each such report shall be verified and filed with the secretary of the district to whom it is addressed.

CHAPTER 232

An act to amend Sections 53854, 53856, and 53858 of the Government Code, relating to borrowing and indebtedness, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 22, 1970. Filed with
Secretary of State June 22, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 53854 of the Government Code is amended to read:

53854. Any note issued under this article may be negotiable, may be payable to order or to bearer and may be in any denomination. Such note shall be payable not later than the last day of the fiscal year in which it is issued; provided that such note may be made payable during the fiscal year succeeding the fiscal year in which issued, but in no event later than 15 months after the date of issue, when such note is payable only from revenue received or accrued during the fiscal year in which issued. Such note may bear interest not to exceed 7 percent per annum, payable as provided therein. Such interest may be represented by coupons attached to said note.

SEC. 2. Section 53856 of the Government Code is amended to read:

53856. Any taxes, income, revenue, cash receipts, accrued accounts receivable from state or federal governments for which funds have been committed and appropriated or other

moneys of the local agency, including moneys deposited in inactive or term deposits, may be pledged to the payment of the note or notes and the interest thereon, except, however, that no moneys which, when received by the local agency, will be encumbered for a special purpose may be pledged for the payment of the note or notes or the interest thereon unless an equivalent amount of the proceeds from said note or notes is set aside for and used for said special purpose. The note or notes and the interest thereon are a first lien upon and charge against the taxes, income, revenue, cash receipts, accrued accounts receivable from state or federal governments for which funds have been committed and appropriated or other moneys pledged for the payment thereof.

SEC. 3. Section 53858 of the Government Code is amended to read:

53858. Notes shall not be issued pursuant to this article in any fiscal year in an amount which, when added to the interest payable thereon, shall exceed 85 percent of the estimated amount of the then uncollected taxes, income, revenue, cash receipts, accrued accounts receivable from state or federal governments for which funds have been committed and appropriated and other moneys of the local agency which will be available for the payment of said notes and the interest thereon; provided, however, that to the extent that any principal of or interest on such notes is secured by a pledge of the amount in any inactive or term deposit of the local agency, the term of which will terminate during said fiscal year, such principal and interest may be disregarded in computing said limit.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Certain local governments have experienced large and unexpected growth in programs operated at the direction of the state. Such program growth has caused these local agencies to expend all available surplus funds. As a result of this expenditure of local funds, these agencies are experiencing significant cash flow problems in attempting to operate local programs. Without the provision of additional funds at an early date it will be impossible for programs to be effectively operated during the balance of the 1969-70 fiscal year and the early portion of the 1970-71 fiscal year. State and federal agencies presently owe substantial unpaid moneys to local government which will not be received in time to offset such cash flow shortages. The use of temporary borrowing with such state and federal securities as collateral security would provide local governmental agencies with the necessary funds to operate these programs required for the public peace, health and safety of the citizens of the State of California. It is, therefore, necessary that this act go into immediate effect.

CHAPTER 233

An act relating to compensation of county officers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 22, 1970. Filed with
Secretary of State June 22, 1970.]

The people of the State of California do enact as follows:

SECTION 1. All laws or parts of laws in force on June 1, 1970, establishing, regulating, or otherwise affecting the salaries or compensation of county district attorneys or auditors are continued in force and effect solely as ordinances of the respective counties to which they relate, and may be superseded, modified, or otherwise affected by ordinances adopted in the respective counties and subject to the rights of initiative and referendum as reserved to the electors of the counties.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the salaries of the district attorneys and auditors of the several counties, whose salaries were regulated by the Legislature under Article XI of the California Constitution until its amendment on June 2, 1970, by the passage of Proposition 2, be continued to be paid in their present amounts, it is necessary that this measure go into immediate effect.

CHAPTER 234

An act to add Section 8606 to, and to repeal Section 8606 of, the Fish and Game Code, relating to commercial fishing gear.

[Approved by Governor June 22, 1970. Filed with

The people of the State of California do enact as follows:

SECTION 1. Section 8606 of the Fish and Game Code is repealed.

SEC. 2. Section 8606 is added to the Fish and Game Code, to read:

8606. The commission shall encourage the development of new types of commercial fishing gear and new methods of using existing commercial fishing gear by issuing permits for such development or use, subject to the following restrictions:

(a) A permit is subject to such conditions as the commission deems necessary to insure the proper utilization of the marine resources.

(b) A permit is valid for a period of not more than one year, but may be renewed until the Legislature approves or disapproves the permanent use or type of gear.

(c) A permit shall be revoked if the continued use would endanger any resource.

Such permit may authorize the use of new types of commercial fishing gear and new methods of using existing gear otherwise prohibited by this code and may authorize such use or the use of existing gear in areas otherwise closed to such use by this code.

CHAPTER 235

An act to amend Section 15101 of the Agricultural Code, relating to commercial feed.

The people of the State of California do enact as follows:

SECTION 1. Section 15101 of the Agricultural Code is amended to read:

15101. (a) Any violation of any provision of this article is a misdemeanor which is punishable by a fine of not more than one hundred dollars (\$100) for the first violation and not less than one hundred dollars (\$100) for each subsequent violation.

(b) The director may, after hearing, refuse to issue or renew, or may suspend or revoke a license for any violation of this chapter or any regulation which is adopted pursuant thereto. Proceedings under this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

CHAPTER 236

[Approved by Governor June 22, 1970. Filed with
Secretary of State June 22, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 3785.5 is added to the Elections Code, to read:

ment in favor. The authors may prepare and submit rebuttal arguments not exceeding 250 words. The rebuttal arguments must be filed with the county clerk not more than 10 days after the final date for filing direct arguments. Rebuttal arguments shall be printed in the same manner as the direct arguments. Each rebuttal argument shall immediately follow the direct argument which it seeks to rebut.

SEC. 2. Section 14985 is added to the Elections Code, to read:

14985. The commission may study, and adopt regulations governing, the use of voting machines and vote tabulating devices.

SEC. 3. Section 14986 is added to the Elections Code, to read:

14986. The commission may investigate any alleged violation of its regulations with power to subpoena all necessary persons and records.

SEC. 4. Section 14987 is added to the Elections Code, to read:

14987. A copy of each election computer program for an election in the state shall be filed with the Secretary of State at least one week before the election. Copies of any subsequent alterations in the program shall be filed in the same manner prior to the election.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

A number of important measures will be on the ballot in many counties at the November general election. In order for these provisions to be operative in time for that election, it is necessary that this statute take immediate effect.

duty is paid, may be assorted for quantity discounts only with imported distilled spirits upon which duty is paid. Sales of distilled spirits to retailers by each distilled spirits manufacturer, brandy manufacturer, rectifier, and wholesaler shall be made in compliance with the price list of the licensee on file with the department.

CHAPTER 238

An act to amend Section 1208 of the Penal Code, relating to the Work Furlough Law.

[Approved by Governor June 22, 1970. Filed with
Secretary of State June 22, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 1208 of the Penal Code is amended to read:

1208. (a) The provisions of this section, insofar as they relate to employment, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of employment conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to employment, in that county is feasible. The provisions of this section, insofar as they relate to education, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of education conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to education, in that county is feasible. In any such ordinance the board shall prescribe whether the sheriff, the probation officer, or the superintendent of a county industrial farm or industrial road camp in the county shall perform the functions of the work furlough administrator. The board of supervisors may also terminate the operativeness of this section, either with respect to employment or education in the county if it finds by ordinance that, because of changed circumstances, the operation of this section, either with respect to employment or education in that county is no longer feasible.

(b) When a person is convicted of a misdemeanor and sentenced to the county jail, or is imprisoned therein for nonpayment of a fine, for contempt, or as a condition of probation for any criminal offense, or committed under the terms of Section 6404 or 6406 of the Welfare and Institutions Code as a habit-forming drug addict, the work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular employment, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure employment for himself in the county, unless the court at the time of sentencing or committing has ordered that such person not be

granted work furloughs. The work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular educational program, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure education for himself in the county, unless the court at the time of sentencing has ordered that such person not be granted work furloughs.

(c) If the work furlough administrator so directs that the prisoner be permitted to continue in his regular employment or educational program, the administrator shall arrange for a continuation of such employment or education, so far as possible without interruption. If the prisoner does not have regular employment or a regular educational program, and the administrator has authorized the prisoner to secure employment or education for himself, the prisoner may do so, and the administrator may assist him in doing so. Any employment or education so secured must be suitable for the prisoner. Such employment or educational program, if such educational program includes earnings by the prisoner, must be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in such area. In no event may any such employment or educational program involving earnings by the prisoner be permitted where there is a labor dispute in the establishment in which the prisoner is, or is to be, employed or educated.

(d) Whenever the prisoner is not employed or being educated and between the hours or periods of employment or education, he shall be confined in the jail unless the court directs otherwise. If the prisoner is injured during a period of employment or education, the work furlough administrator shall have the authority to release him from jail for continued medical treatment by private physicians or at medical facilities at the expense of the employer, workman's compensation insurance, or the prisoner. Such release shall not be construed as assumption of liability by the county or work furlough administrator for medical treatment obtained.

(e) The earnings of the prisoner shall be collected by the work furlough administrator, and it shall be the duty of the prisoner's employer to transmit such wages to the administrator at the latter's request. Earnings levied upon pursuant to writ of attachment or execution or in other lawful manner shall not be transmitted to the administrator. If the administrator has requested transmittal of earnings prior to levy, such request shall have priority. In a case in which the functions of the administrator are performed by a sheriff, and such sheriff receives a writ of attachment or execution for the earnings of a prisoner subject to this section but has not yet requested transmittal of the prisoner's earnings pursuant to this section, he shall first levy on the earnings pursuant to the writ. When an employer or educator transmits such earnings to the

administrator pursuant to this subdivision he shall have no liability to the prisoner for such earnings. From such earnings the administrator shall pay the prisoner's board and personal expenses, both inside and outside the jail, and shall deduct so much of the costs of administration of this section as is allocable to such prisoner, and, in an amount determined by the administrator, shall pay the support of the prisoner's dependents, if any. If sufficient funds are available after making the foregoing payments, the administrator may, with the consent of the prisoner, pay, in whole or in part, the preexisting debts of the prisoner. Any balance shall be retained until the prisoner's discharge and thereupon shall be paid to him.

(f) The prisoner shall be eligible for time credits pursuant to Sections 4018, 4019, and 4019.2.

(g) In the event the prisoner violates the conditions laid down for his conduct, custody, education, or employment, the work furlough administrator may order the balance of the prisoner's sentence to be spent in actual confinement.

(h) Willful failure of the prisoner to return to the place of confinement not later than the expiration of any period during which he is authorized to be away from the place of confinement pursuant to this section is punishable as provided in Section 4532 of the Penal Code.

(i) As used in this section, "education" includes vocational training, and "educator" includes a person or institution providing vocational training.

(j) This section shall be known and may be cited as the "Cobey Work Furlough Law."

SEC. 1.5. Section 1208 of the Penal Code is amended to read:

1208. (a) The provisions of this section, insofar as they relate to employment, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of employment conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to employment, in that county is feasible. The provisions of this section, insofar as they relate to education, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of education conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to education, in that county is feasible. In any such ordinance the board shall prescribe whether the sheriff, the probation officer, or the superintendent of a county industrial farm or industrial road camp in the county shall perform the functions of the work furlough administrator. The board of supervisors may also terminate the operativeness of this section, either with respect to employment or education in the county if it finds by ordinance that, because of changed circumstances, the operation of this section, either with respect to employment or education in that county is no longer feasible.

(b) When a person is convicted of a misdemeanor and sentenced to the county jail, or is imprisoned therein for nonpayment of a fine, for contempt, or as a condition of probation for any criminal offense, or committed under the terms of Section 6404 or 6406 of the Welfare and Institutions Code as a habit-forming drug addict, the work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular employment, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure employment for himself in the county, unless the court at the time of sentencing or committing has ordered that such person not be granted work furloughs. The work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular educational program, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure education for himself in the county, unless the court at the time of sentencing has ordered that such person not be granted work furloughs.

(c) If the work furlough administrator so directs that the prisoner be permitted to continue in his regular employment or educational program, the administrator shall arrange for a continuation of such employment or education, so far as possible without interruption. If the prisoner does not have regular employment or a regular educational program, and the administrator has authorized the prisoner to secure employment or education for himself, the prisoner may do so, and the administrator may assist him in doing so. Any employment or education so secured must be suitable for the prisoner. Such employment or educational program, if such educational program includes earnings by the prisoner, must be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in such area. In no event may any such employment or educational program involving earnings by the prisoner be permitted where there is a labor dispute in the establishment in which the prisoner is, or is to be, employed or educated.

(d) Whenever the prisoner is not employed or being educated and between the hours or periods of employment or education, he shall be confined in the facility designated by the board of supervisors for work furlough confinement unless the work furlough administrator directs otherwise. If the prisoner is injured during a period of employment or education, the work furlough administrator shall have the authority to release him from the facility for continued medical treatment by private physicians or at medical facilities at the expense of the employer, workman's compensation insurer, or the prisoner. Such release shall not be construed as assumption of liability by the county or work furlough administrator for medical treatment obtained.

(e) The earnings of the prisoner shall be collected by the work furlough administrator, and it shall be the duty of the prisoner's employer to transmit such wages to the administrator at the latter's request. Earnings levied upon pursuant to writ of attachment or execution or in other lawful manner shall not be transmitted to the administrator. If the administrator has requested transmittal of earnings prior to levy, such request shall have priority. In a case in which the functions of the administrator are performed by a sheriff, and such sheriff receives a writ of attachment or execution for the earnings of a prisoner subject to this section but has not yet requested transmittal of the prisoner's earnings pursuant to this section, he shall first levy on the earnings pursuant to the writ. When an employer or educator transmits such earnings to the administrator pursuant to this subdivision he shall have no liability to the prisoner for such earnings. From such earnings the administrator shall pay the prisoner's board and personal expenses, both inside and outside the jail, and shall deduct so much of the costs of administration of this section as is allocable to such prisoner, and, in an amount determined by the administrator, shall pay the support of the prisoner's dependents, if any. If sufficient funds are available after making the foregoing payments, the administrator may, with the consent of the prisoner, pay, in whole or in part, the preexisting debts of the prisoner. Any balance shall be retained until the prisoner's discharge and thereupon shall be paid to him.

(f) The prisoner shall be eligible for time credits pursuant to Sections 4018, 4019, and 4019.2.

(g) In the event the prisoner violates the conditions laid down for his conduct, custody, education, or employment, the work furlough administrator may order the balance of the prisoner's sentence to be spent in actual confinement.

(h) Willful failure of the prisoner to return to the place of confinement not later than the expiration of any period during which he is authorized to be away from the place of confinement pursuant to this section is punishable as provided in Section 4532 of the Penal Code.

(i) As used in this section, "education" includes vocational training, and "educator" includes a person or institution providing vocational training.

(j) This section shall be known and may be cited as the "Cobey Work Furlough Law."

SEC. 2. It is the intent of the Legislature, if amendments to Section 1208 of the Penal Code proposed by both this bill and Senate Bill No. 317 are enacted, that both amendments be given effect and incorporated in Section 1208 in the form set forth in Section 1.5 of this act. Therefore, in the event S.B. 317 is enacted and amends Section 1208, Section 1.5 of this act shall become operative at the same time that Section 1208 as amended by S.B. 317 becomes operative, and, at that time, Section 1208 of the Penal Code as amended by Section 1 of this act is repealed.

CHAPTER 239

An act to add Section 69845.5 to the Government Code, relating to register of actions.

[Approved by Governor June 22, 1970. Filed with Secretary of State June 22, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 69845.5 is added to the Government Code, to read:

69845.5. In lieu of maintaining a register of actions as described in Section 69845, the clerk of the superior court may maintain a register of actions by means of photographing, microphotographing, or mechanically or electronically storing the whole content of all papers and records, or any portion thereof as will constitute a memorandum, necessary to the keeping of a register of actions so long as the completeness and chronological sequence of the register are not disturbed.

All such reproductions shall be placed in convenient, accessible files, and provision shall be made for preserving, examining and using them.

Any photograph, microphotograph or photocopy which is made pursuant to this section shall be made in such manner and on such paper as will comply with the minimum standards of quality approved therefor by the National Bureau of Standards.

CHAPTER 240

An act to maintain the Civil Code by amending Section 232, relating to parental custody and control.

[Approved by Governor June 22, 1970. Filed with Secretary of State June 22, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 232 of the Civil Code is amended to read:

232. An action may be brought for the purpose of having any person under the age of 21 years declared free from the custody and control of either or both of his parents when such person comes within any of the following descriptions:

(a) Who has been left by both of his parents or his sole parent in the care and custody of another without any provision for his support, or without communication from such parent or parents, for the period of six months with the intent on the part of such parent or parents to abandon such person. Such failure to provide, or such failure to communicate for the period of six months, shall be presumptive evidence of the intent to abandon. Such person shall be deemed and called a person abandoned by the parent or parents abandoning him.

If in the opinion of the court the evidence indicates that such parent or parents have made only token efforts to support or communicate with the child, the court may declare the child abandoned by such parent or parents.

The fact that a child is in a foster care home, licensed under subdivision (a) of Section 16000 of the Welfare and Institutions Code, shall not prevent a licensed adoption agency which is planning adoption placement for the child, from instituting, under this subdivision, an action to declare such child free from the custody and control of his parents. When the requesting agency is a licensed county adoption agency, the county counsel or, if there is no county counsel, the district attorney, shall institute such action.

(b) Who has been cruelly treated or neglected by either or both of his parents, if such person has been a dependent child of the juvenile court, and such parent or parents deprived of his custody for the period of one year prior to the filing of a petition praying that he be declared free from the custody and control of such cruel or neglectful parent or parents.

(c) Whose parent or parents are habitually intemperate, or morally depraved, if such person has been a dependent child of the juvenile court, and the parent or parents deprived of his custody because of such intemperance, or moral depravity, for the period of one year continuously immediately prior to the filing of the petition praying that he be declared free from the custody and control of such habitually intemperate or morally depraved parent or parents.

(d) Whose parent or parents are deprived of their civil rights due to the conviction of a felony, if the felony of which such parent or parents were convicted is of such nature as to prove the unfitness of such parent or parents to have the future custody and control of the child, or if any term of sentence of such parent or parents is of such length that the child will be deprived of a normal home for a period of years.

(e) Whose parent or parents have, in a divorce action, been found to have committed adultery and been divorced on that ground, if the court finds that the future welfare of the child will be promoted by an order depriving such parent or parents of the control and custody of the child.

(f) Whose parent or parents have been declared by a court of competent jurisdiction to be mentally deficient or mentally ill, if the State Director of Mental Hygiene and the superintendent of the state hospital of which, if any, such parent or parents are inmates or patients certify that such parent or parents so declared to be mentally deficient or mentally ill will not be capable of supporting or controlling the child in a proper manner.

(g) Whose parent or parents are, and will remain incapable of supporting or controlling the child in a proper manner because of mental deficiency or mental illness, if there is testimony to this effect from two medical examiners certified under Section 6750 of the Welfare and Institutions Code. The

parent or parents shall be cited to be present at the hearing, and if he or they have no attorney, the judge shall appoint an attorney or attorneys to represent the parent or parents and fix the compensation to be paid by the county for such services, if he determines the parent or parents are not financially able to employ counsel.

A licensed adoption agency may institute under this section, an action to declare a child, as described in this section, free from the custody and control of his parents. When the requesting agency is a licensed county adoption agency, the county counsel, or if there is no county counsel, the district attorney shall in a proper case institute such action.

SEC. 2. Any section of any act enacted by the Legislature at its 1970 Regular Session prior or subsequent to the enactment of this act, which amends or repeals the section amended by this act, shall prevail over this act.

CHAPTER 241

An act to maintain the Code of Civil Procedure by amending Sections 710 and 1822.51, relating to civil procedure.

[Approved by Governor June 22, 1970 Filed with
Secretary of State June 22, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 710 of the Code of Civil Procedure is amended to read:

710. (a) Whenever a judgment for the payment of money is rendered by any court of this state against a defendant to whom money is owing and unpaid by this state or by any county, city and county, city or municipality, quasi-municipality, district or public corporation, the judgment creditor may file a duly authenticated abstract or transcript of such judgment together with an affidavit stating the exact amount then due, owing and unpaid thereon and that he desires to avail himself of the provisions of this section in the manner as follows:

1. If such money, wages or salary is owing and unpaid by this state to such judgment debtor, said judgment creditor shall file said abstract or transcript and affidavit with the state department, board, office or commission owing such money, wages or salary to said judgment debtor prior to the time such state department, board, office or commission presents the claim of such judgment debtor therefor to the State Controller or to the State Personnel Board. Said state department, board, office or commission in presenting such claim of such judgment debtor to said State Controller shall note thereunder the fact that the filing of such abstract or transcript and affidavit and state the amount unpaid on said judgment as shown by said affidavit and shall also note any

amounts advanced to the judgment debtor by, or which the judgment debtor owes to, the State of California by reason of advances for expenses or for any other purpose. Thereupon the State Controller, to discharge such claim of such judgment debtor, shall pay into the court which issued such abstract or transcript by his warrant or check payable to said court the whole or such portion of the amount due such judgment debtor on such claim, after deducting from such claim an amount sufficient to reimburse the state department, board, officer or commission for any amounts advanced to said judgment debtor or by him owed to the State of California, and after deducting therefrom an amount equal to one-half the salary or wages owing to the judgment debtor for his personal services to the state rendered at any time within 30 days next preceding the filing of such abstract or transcript, as will satisfy in full or to the greatest extent the amount unpaid on said judgment and the balance thereof, if any, to the judgment debtor.

2. If such money, wages or salary is owing and unpaid to such judgment debtor by any county, city and county, city or municipality, quasi-municipality, district or public corporation, said judgment creditor shall file said abstract or transcript and affidavit with the auditor of such county, city and county, city or municipality, quasi-municipality, district or public corporation (and in case there be no auditor then with the official whose duty corresponds to that of auditor). Thereupon said auditor (or other official) to discharge such claim of such judgment debtor shall pay into the court which issued such abstract or transcript by his warrant or check payable to said court the whole or such portion of the amount due on such claim of such judgment debtor, less an amount equal to one-half the salary or wages owing by the county, city and county, city, municipality, quasi-municipality, district or public corporation to the judgment debtor for his personal services to such public body rendered at any time within 30 days next preceding the filing of such abstract or transcript, as will satisfy in full or to the greatest extent the amount unpaid on said judgment and the balance thereof, if any, to the judgment debtor.

(b) The judgment creditor upon filing such abstract or transcript and affidavit shall pay a fee of two dollars and fifty cents (\$2.50) to the person or agency with whom the same is filed.

(c) Whenever a court receives any money hereunder, it shall pay as much thereof as is not exempt from execution under this code to the judgment creditor and the balance thereof, if any, to the judgment debtor. The procedure for determining the claim of exemption shall be governed by the procedure set forth in Section 690.26 of this code.

(d) In the event the moneys owing to a judgment debtor by any governmental agency mentioned in this section are owing by reason of an award made in a condemnation pro-

ceeding brought by the governmental agency, such governmental agency may pay the amount of the award to the clerk of the court in which such condemnation proceeding was tried, and shall file therewith the abstract or transcript of judgment and the affidavit filed with it by the judgment creditor. Such payment into court shall constitute payment of the condemnation award within the meaning of Section 1251 of this code. Upon such payment into court and the filing with the county clerk of such abstract or transcript of judgment and affidavit, the county clerk shall notify by mail, through their attorneys, if any, all parties interested in said award of the time and place at which the court which tried the condemnation proceeding will determine the conflicting claims to said award. At said time and place the court shall make such determination and order the distribution of the money held by the county clerk in accordance therewith.

(e) The judgment creditor may state in the affidavit any fact or facts tending to establish the identity of the judgment debtor. No public officer or employee shall be liable for failure to perform any duty imposed by this section unless sufficient information is furnished by the abstract or transcript together with the affidavit to enable him in the exercise of reasonable diligence to ascertain such identity therefrom and from the papers and records on file in the office in which he works. The word "office" as used herein does not include any branch or subordinate office located in a different city.

(f) Nothing in this section shall authorize the filing of any abstract or transcript and affidavit against any wages, or salary owing to the Governor, Lieutenant Governor, Secretary of State, Controller, Treasurer, and Attorney General.

(g) Any fees received by a state agency under this section shall be deposited to the credit of the fund from which payments were, or would be, made on account of a garnishment under this section. For the purpose of this paragraph, payments from the State Pay Roll Revolving Fund shall be deemed payments made from the fund out of which moneys to meet such payments were transferred to said revolving fund.

SEC. 2. Section 1822.51 of the Code of Civil Procedure is amended to read:

1822.51. An inspection warrant shall be issued only upon cause, support by affidavit, particularly describing the place, dwelling, structure, premises, or vehicle to be searched and the purpose for which the search is made. In addition, the affidavit shall contain either a statement that consent to inspect has been sought and refused or facts or circumstances reasonably justifying the failure to seek such consent.

SEC. 3. Any section of any act enacted by the Legislature at its 1970 Regular Session prior or subsequent to the enactment of this act, which amends or repeals a section amended by this act, shall prevail over this act.

All members shall be selected with due consideration of their judicial temperament and abilities. Each member shall receive an annual salary equal to the annual salary paid a judge of a superior court in this state.

SEC. 2. Section 3852 of the Labor Code is amended to read:

3852. The claim of an employee for compensation does not affect his claim or right of action for all damages proximately resulting from such injury or death against any person other than the employer. Any employer who pays, or becomes obligated to pay compensation, or who pays, or becomes obligated to pay salary in lieu of compensation, may likewise make a claim or bring an action against such third person. In the latter event the employer may recover in the same suit, in addition to the total amount of compensation, damages for which he was liable including all salary, wage, pension, or other emolument paid to the employee or to his dependents.

(e) Tanks not subject to an internal or external pressure of more than 15 pounds per square inch, irrespective of size.

SEC. 4. Any section of any act enacted by the Legislature

Any state agency may make exhibits descriptive or illustrative of any activity or pursuit relating to its work or affairs at any international, state, district, county or municipal fair, exposition or exhibit, authorized or recognized by the laws of the state or acts of Congress and may pay all actual and necessary expenses incurred in making the exhibits from any appropriation available for the use, support or maintenance of the agency.

CHAPTER 245

An act to amend Sections 12852, 13151.10, and 13193 of, and to add Article 6b (commencing with Section 12860) to Chapter 6 of Division 6 of, the Public Utilities Code, relating to public securities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 23, 1970. Filed with
Secretary of State June 23, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 12852 of the Public Utilities Code is amended to read:

12852. The provisions of Sections 54380 through 54387, inclusive, and the limitation on the rate of interest set forth in Section 54402(b) of the Government Code shall not apply to the issuance and sale of bonds pursuant to this article. Whenever a district proposes to exercise the power to issue bonds pursuant to this article, the board shall adopt a preliminary resolution declaring its intention to authorize the issuance of bonds, which resolution shall specify all of the following:

(a) The purpose for which the proposed bonds are to be issued.

(b) The maximum principal amount of the bonds then proposed to be issued.

(c) The maximum term for which any of such bonds are to run.

(d) The maximum rate of interest to be payable upon such bonds which rate shall be determined by the board; provided, that the bonds may be sold at a discount not to exceed 6 percent of par value.

SEC. 2. Article 6b (commencing with Section 12860) is added to Chapter 6 of Division 6 of the Public Utilities Code, to read:

Article 6b. Bonds

12860. Bonds issued pursuant to Article 8 (commencing with Section 53540), Chapter 3, Part 1, Division 2, Title 5, of the Government Code, may bear interest at such rate or rates as may be fixed by the board of directors without regard to the limitations set forth in Section 53541 of the Government Code; and may be sold at a discount not to exceed 6 percent of par value.

SEC. 3. Section 13151.10 of the Public Utilities Code is amended to read:

Before selling the bonds, or any part thereof, the board shall give notice not less than 10 days prior to the date of sale by publication in a newspaper of general circulation circulating in the district inviting sealed bids in such manner as the board shall prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders, the board may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

SEC. 4. Section 13193 of the Public Utilities Code is amended to read:

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall

go into immediate effect. The facts constituting such necessity are:

Because of the unusually high interest rates which prevail in the municipal bond market, the issuers affected by this act may or will be unable to sell bonds under present statutory limitations on interest rates. Unless these limitations are changed immediately, it will be impossible to finance critically needed public improvements.

[Approved by Governor June 23, 1970. Filed with
Secretary of State June 23, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 5201 of the Education Code is amended to read:

(a) The public schools shall close on January 1st, February 12th known as "Lincoln Day," the third Monday in February known as "Washington Day," the last Monday in May known as "Memorial Day," July 4th, the first Monday in September known as "Labor Day," September 9th known as "Admission Day," the fourth Monday in October known as "Veterans Day," that Thursday in November proclaimed by the President as "Thanksgiving Day," and December 25th.

(b) The Governor in appointing any other day for a public fast, thanksgiving, or holiday may provide whether the public schools shall close on the day. If the Governor does not provide whether the public schools shall close, they shall continue in session on all special or limited holidays appointed by the Governor, but shall close on all other days appointed by the Governor for a public fast, thanksgiving, or holiday.

(c) The public schools shall close on every day appointed by the President as a public fast, thanksgiving, or holiday, unless it is a special or limited holiday.

(d) The public schools shall continue in session on all legal holidays other than those designated by or pursuant to this section and shall hold proper exercises commemorating the day.

(g) Nothing in this section is to be interpreted as authorizing a school district governing board to maintain schools in its district for a lesser number of days during the school year than the minimum established by law.

SEC. 2. Section 5203 of the Education Code is amended to read:

5203. All public schools and educational institutions throughout the state shall hold exercises in memory of Abraham Lincoln and George Washington on February 12th and February 22nd, respectively, or on the day in which school is in session next preceding, if the specified day is a holiday.

SEC. 3. Section 5209 of the Education Code is amended to read:

5209. During any national emergency declared by the President of the United States of America, or during any war in which the United States of America is engaged, upon a finding by the Department of Human Resources Development that spoilage of a perishable crop will result because of a critical shortage of farm labor the governing board of a school district in which such crop is located may maintain the schools of the district on Saturdays, the first day of January, the 12th day of February, the third Monday of February, the last Monday of May, and the fourth Monday in October, in order to make pupils of the district available for the harvesting of crops without undue reduction in the number of days the schools of the district are maintained.

Nothing in this section shall permit or allow any student under the age of fourteen (14) to harvest such crops nor shall any student be permitted or allowed to use or to be in a position to use any dangerous equipment.

SEC. 4. Section 13656 of the Education Code is amended to read:

Regular employees of the district who are not normally assigned to duty during the school holidays of December 25 and January 1 shall be paid for those two holidays provided that they were in a paid status during any portion of the working day of their normal assignment immediately preceding or succeeding the holiday period.

When a holiday herein listed falls on a Sunday, the following Monday shall be deemed to be the holiday in lieu of the day observed. When a holiday herein listed falls on a Saturday, the preceding Friday shall be deemed to be the holiday in lieu of the day observed. When a classified employee is required to work on any of said holidays, he shall be paid compensation, or given compensating time off, for such work, in addition to the regular pay received for the holiday, at the rate specified in Section 13590.2.

The provisions of Article 3 (commencing with Section 5201) of Chapter 2 of Division 6 shall not be construed to in any way limit the provisions of this section, nor shall anything in this section be construed to prohibit the governing board from providing holiday pay for employees who have not been in paid status on the days specified herein.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 5 (commencing with Section 13701) of this chapter.

SEC. 5. Section 13656.2 of the Education Code is amended to read:

13656.2. Prior to July 1 of any school year, the governing board of any school district may designate other days during such year as the holidays to which classified employees are entitled in lieu of the holidays on February 12 known as "Lincoln Day," the third Monday in February known as "Washington Day," the last Monday in May known as "Memorial Day," September 9 known as "Admission Day," or the fourth Monday in October known as "Veterans Day" as specified in Section 13656, provided that such designated days will provide for at least a three-day weekend. Classified employees shall be required to work on the regular holiday for which another day is designated pursuant to this section, and for work of eight hours or less, shall be paid compensation at their regular rate of pay.

If any classified employee would be entitled to the regular paid holiday but would not be in a paid status during any portion of the working day immediately preceding or succeeding the day so designated in lieu of such holiday and therefore would not be entitled to such day in lieu of the holiday, he shall be entitled to the regular holiday; however, if he is required to work on such holiday, he shall be paid compensation at the rate of time and one-half of his regular rate of pay in addition to the regular pay received for the holiday.

This section shall not be construed to authorize the maintenance of schools on holidays other than as provided in Arti-

cle 3 (commencing with Section 5201) of Chapter 2 of Division 6.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 5 (commencing with Section 13701) of this chapter.

SEC. 6. Section 13656.3 is added to the Education Code, to read:

13656.3. Any school district which requires any classified employee to work a workweek other than Monday through Friday and as a result thereof the employee loses a holiday to which he would otherwise be entitled shall provide a substitute holiday for such employee, or provide compensation in the amount to which the employee would have been entitled had the holiday fallen within his normal work schedule.

CHAPTER 248

An act making an appropriation to the Ravenswood School District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 23, 1970. Filed with
Secretary of State June 23, 1970]

The people of the State of California do enact as follows:

SECTION 1. The Ravenswood School District is an impoverished school district in the state and has suffered significant decline in revenues which will cause great financial hardship and will render it impossible for the district to meet its fixed financial commitments for the year, including those made for the payment of teachers' salaries.

The Legislature finds that the unique circumstances in the Ravenswood School District require immediate and special legislation and that a general statute cannot be made applicable to these circumstances within the meaning of Section 16 of Article IV of the California Constitution. The appropriation made by Section 2 of this act is made in view of the unique circumstances in the Ravenswood School District, and is made for that purpose only. It is not the intention of the Legislature to establish a precedent with respect to the appropriation made by this act, but rather to assist in a situation involving unique circumstances when appropriate justification for such assistance has been found.

SEC. 2. There is hereby appropriated from the General Fund in the State Treasury the sum of six hundred thousand dollars (\$600,000), or so much thereof as may be necessary, to the Ravenswood School District to enable the district to pay contracted indebtedness, due and owing, in the 1969-1970 fiscal year.

SEC. 3. The Superintendent of Public Instruction shall, during the 1971-1972, 1972-1973, 1973-1974, and 1974-1975 fiscal years withhold from the apportionments to be made to the district from the State School Fund in each of those years an amount equal to one-fourth of the amount actually disbursed to the district from the appropriation made pursuant to Section 2 of this act, together with amounts representing interest at a rate based on the most current investment rate of the Pooled Money Investment Account as of the date of disbursement of funds to the district pursuant to Section 2 of this act. Such withholdings shall be directed to the end that the entire amount disbursed, plus the interest, shall have been recouped by the state at the end of the 1974-1975 fiscal year.

SEC. 4. The governing board of the Ravenswood School District shall, in cooperation with the county superintendent of schools and the Superintendent of Public Instruction, develop a plan to correct the financial problems of the district, including specific items to insure that the expenditures of the district will not exceed its revenues.

SEC. 5. Until June 30, 1975, the Ravenswood School District shall submit to the county superintendent of schools all financial and other reports requested by him.

SEC. 6. The maximum tax rate of the Ravenswood School District may be increased until June 30, 1975, by a majority vote of the qualified electors of the district, by an amount sufficient to raise the amount withheld from district

pursuant to Section 3. The election shall be called, held, and conducted by the county superintendent of schools, as nearly as is practicable in accordance with the provisions of Chapter 6 (commencing with Section 1301) of Division 4 of the Education Code.

SEC. 7. This act shall cease to be operative on June 30, 1975.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that money may be made available to the Ravenswood School District at the earliest possible time to aid the district in averting a financial crisis which directly involves the entire area of the district, it is necessary that this act take immediate effect.

CHAPTER 249

An act relating to financial assistance to public schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 24, 1970 Filed with
Secretary of State June 24, 1970.]

The people of the State of California do enact as follows:

SECTION 1. The uncertainty of the appropriation to the Department of Health, Education, and Welfare and attendant funding delays have resulted in a financial crisis for many school districts in the state which prepared their 1969-1970 fiscal year budgets in contemplation of the timely receipt of federal impact funds under Public Law 874 of the 81st Congress. The Legislature, by this act, intends to provide a procedure whereby these affected school districts can receive assistance in meeting their financial obligations for the remaining portion of the 1969-1970 fiscal year.

SEC. 2. During the 1969-1970 fiscal year only, the board of supervisors of each county or city and county may authorize the treasurer of the county or city and county to make a temporary transfer from the funds in his custody not immediately needed to pay claims against them to any school district in the county or city and county in which 5 percent or more of the revenues for its adopted total school budget for the 1969-1970 fiscal year were based on 1969-1970 budgeted entitlements under Public Law 874, the amount requested by the school district, subject to the provisions of Section 3 of this act. The county or city and county may establish a charge to pay all costs of any such transfer of funds. The costs may include, but are not limited to, all costs to the county or city and county of securing the funds to make such temporary transfers.

SEC. 3. The temporary transfer of funds made to eligible school districts, as described in Section 2 of this act, shall not exceed an amount equal to 50 percent of the school district's 1968-1969 fiscal year entitlement of Public Law 874 funds.

SEC. 4. School districts may repay such temporary transfer of funds without any interest to the county or city and county on or before May 1, 1971. Upon receipt of such 1969-1970 Public Law 874 funds, the school district shall immediately repay to the county or city and county the amount of the temporary transfer of funds made pursuant to Section 2 of this act.

If such temporary transfer of funds are not repaid by May 1, 1971, the county treasurer shall withhold from the May and June apportionments to such school districts an amount equal to the temporary transfer of funds and charges made to the school district under Section 2 of this act.

SEC. 5. The provisions of this act shall be effective until June 30, 1971, and shall have no force or effect thereafter.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

As a result of the recent presidential veto of the appropriation measure for the Department of Health, Education, and Welfare, many school districts in this state which had adopted school budgets for the 1969-1970 fiscal year based upon expected availability of Public Law 874 of the 81st Congress entitlements are now faced with a serious financial crisis. In order to place these school districts in a cash position to meet their financial obligations for the remainder of the 1969-1970 fiscal year, it is necessary that this act take immediate effect.

CHAPTER 250

An act to add Section 6306 to the Public Resources Code, relating to state lands.

[Approved by Governor June 24, 1970. Filed with
Secretary of State June 24, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 6306 is added to the Public Resources Code, to read:

6306. Notwithstanding any other provision of law, on and after the effective date of this section as enacted at the 1970 Regular Session of the Legislature, whenever a legislative enactment now in force or hereafter enacted grants or conveys state tide or submerged lands and requires the filing of any financial report with the Department of Finance, such financial report shall be filed, instead, with the State Lands Commission.

CHAPTER 251

Such examination may be given by the examining committee, or, if the examining committee so elects, the examination may be given under its supervision by such members of the faculty of a college as the examining committee may select or by the Department of Education of this state; provided, however, that any person who receives an adverse determination by the committee without an examination or fails an examination given directly by the committee shall, upon demand made within 30 days after receiving notice thereof, have the right to be reexamined either by such faculty members or department as the committee may decide. In the event that the examination is given by the Department of Education, a fee for such examination shall be charged by the department, which fee shall not exceed fifteen dollars (\$15).

The requirements of paragraph (2) of this subdivision shall not apply to a person who had reached the age of 25 years prior to commencing the study of law and who commenced such study and registered with the examining committee as

provided in subdivision (e) of this section prior to January 1, 1955.

(g) Have passed a final bar examination given by the examining committee.

(h) After completion of his first year of law study, have passed a first-year law student's examination given by the examining committee. This requirement shall not apply to a student who satisfactorily completes the first-year course of instruction in a law school accredited by the examining committee and who either (1) commenced the study of law and registered with the examining committee as provided in subdivision (e) of this section prior to January 1, 1954, or (2) had completed at least two years of college work as defined in this section prior to matriculating in such accredited law school, nor shall this requirement apply to an applicant who

has passed the bar examination of a sister state or of a country wherein the common law of England constitutes the basis of jurisprudence. An applicant who is required to take such first-year examination shall not receive credit for his first year of law study until he has passed such examination; nor shall he receive credit for any law study subsequent to the first year, and before he shall have passed such examination, unless for good cause in a particular case the committee decides that credit should be given for such subsequent study or for some part thereof.

SEC. 2. Section 6062 of the Business and Professions Code is amended to read:

SEC. 3. Section 13584.2 of the Education Code is amended to read:

13584.2. If all or any part of any district or districts which is unified with all or any part of a district, has, or have, the merit system prior to the date of the reorganization election, all employees not legally requiring certification qualifications of the reorganized district shall be employed in accordance with Article 5 (commencing with Section 13701) of Chapter 3 of Division 10. If on the date of such reorganization election, two or more of the said defined districts of such reorganized district have merit systems, the reorganized district shall adopt a single merit system which shall contain all provisions necessary to secure to all employees the rights guaranteed by Section 13584.3 of this code.

Seniority of the personnel of the reorganized district shall be established as of the date of original employment in the district or districts as defined above. Where there are more than a sufficient number of employees for a given classification under the provisions of Article 5 (commencing with Section 13701) of Chapter 3 of Division 10, such personnel shall be retained in employment for a period of not less than two years as if the reorganization had not occurred but without prejudice to the powers of the personnel commission and the governing board of the new unified district to reasonably reassign such persons. If at the expiration of such period, upon a finding made by the personnel commission that there are excess personnel in any given classification, such personnel shall, if the governing board so directs, be placed upon appropriate reemployment lists for 39 months, and shall, if so placed, be offered and may accept positions of lower rank in their line of promotion in the order of seniority as established by this section in accordance with rules drawn in compliance with the provisions of Article 5 (commencing with Section 13701) of Chapter 3 of Division 10. The acceptance of a position in lower rank in accordance herewith shall not be deemed to constitute a waiver of the right to reemployment at the original level should a vacancy at such level occur within the period mentioned in this section.

SEC. 4. Section 13584.3 of the Education Code is amended to read:

13584.3. Persons employed in positions not requiring certification qualifications in districts, all or part of whose territory is included in a unification of districts, shall continue as

employees of the unified school district for not less than two years, and shall not, by reason of any unification, be deprived of any benefit which they would have had had the unification not taken place. In determining the rights of such employees, their salaries, accumulated leaves, and other rights shall be determined as of the date the unification election was conducted. No increase in benefits not previously conferred, granted by the governing board of any district, all or part of whose territory is included in a unification of districts, after such unification election, shall be binding on the governing board of the unified district, except that benefits granted in the districts comprising the new unified district which does not become effective until the second succeeding first day of July shall be binding on the governing board of the unified district. Nothing herein contained shall preclude the governing board of the unified school district from making any reasonable reassignment of the duties of such employees. The governing board of the unified district shall establish a system of uniform salaries, employee benefits and working conditions for employees performing like services in conformity with the provisions of this section.

SEC. 5. Section 25413.1 of the Education Code is amended to read:

25413.1. When a junior college district, members of the governing board of which are also members of the governing board of a city school district with an average daily attendance of 400,000 or more in grades kindergarten through 12, serves a greater area than the city school district, the persons who serve as members on the governing board of the junior college district shall not serve also as members of the city school district board. Those persons who serve as members of the governing boards of both the junior college district and the city school district shall, on or before December 31, 1968, elect on which of the two boards they will continue to serve. Those persons who elect to serve as members of either the governing board of the junior college district or the governing board of the city school district shall continue to serve also as members of the governing board from which they have elected to withdraw until their successors on such board are elected at the governing board election next following December 31, 1968, and have assumed office.

Prior to December 1, 1968, the governing board shall identify each position the wages or salary of which is paid in whole or in part from the funds of the junior college district and shall so notify each incumbent. Each employee whose regular-position wages or salary is paid exclusively from the funds of either district as of June 30, 1969, shall be deemed on July 1, 1969 to be an employee of the district paying the wages or salary. Each classified employee whose regular-position wages or salary was upon written notification made after July 1, 1968, paid in part from junior college district funds and in part from city school district funds, and each certifi-

cated employee paid 50 percent or more from the funds of the junior college districts, shall make an irrevocable, written election on or before December 31, 1968, as to the district in which he will serve. Upon the effective date of the election, a classified employee in either district shall have the right, based upon his seniority in the position classification in which he is then serving, to transfer to a position in the same position classification in the other district and to displace a classified employee with lesser seniority in such class employed in the other district, under rules established by the personnel commission serving the city school district. Should such an employee fail to make such election he shall be deemed to have elected to serve the city school district. Such election shall become effective on July 1, 1969, unless the employee has prior to June 30, 1969 voluntarily accepted regular assignment to a regular position the wages or salary of which is paid on June 30, 1969 exclusively by one district, and he is the incumbent in such position on said date. After June 30, 1969, no such employee shall have tenure or classification as a permanent employee in other than the district in which he elects to serve.

If both the city school district and the junior college district have adopted a merit system as provided in Article 5 (commencing with Section 13701) of Chapter 3, Division 10 of this code, and were served by a single personnel commission as provided in Section 13705, then a new personnel commission shall be appointed for the junior college district effective January 1, 1969, or as soon thereafter as possible, under the procedures applicable to the original appointments to the personnel commission which has served both districts. Subsequent appointments shall be made in accordance with Section 13707.4. The new personnel commission shall be empowered to meet prior to July 1, 1969, for the purpose of appointing a personnel director, and may enter into a contract with the personnel commission which has served both districts for the necessary selection procedures. It may also take action on all other matters necessary for the orderly transition of responsibility between the two personnel commissions. The new personnel commission shall appoint a personnel director in the manner provided in Section 13717 within 90 days after the appointment of at least two of its members, but not before July 1, 1969. The personnel commission which had served both districts may continue to serve both districts pursuant to the terms of a contract which may be entered into by the personnel commissions of both school districts until such time as the newly appointed personnel commission determines that it can serve the junior college district.

Except as otherwise provided in this section, the rights, benefits and burdens of regular classified employees of both the city school district and the junior college district shall be fixed in accordance with the provisions of Sections 13584 and 13584.1. The personnel commission of the junior college dis-

trict shall initially adopt the rules of the personnel commission which had served both districts. The governing board of the junior college district shall fix the compensation of classified employees in accordance with Section 13601.5. The junior college district shall maintain for a period of two years after June 30, 1969 at least the same benefits of salary, vacation, hospital-medical insurance, paid illness leave, and other paid leaves provided for classified employees on June 30, 1969.

A classified employee who has probationary status in either district on June 30, 1969, shall remain in probationary status, with accumulated seniority credit, until he completes his probationary period. A classified employee who has permanent status on June 30, 1969, shall have the rights and privileges listed below on and after the separation of the junior college and city school boards of education:

(a) Seniority for all purposes for all creditable service, as provided by the rules of the appropriate personnel commission, in either district.

(b) In case of layoff from one district the right of reemployment in the other district, including the exercise of bumping rights, if the employee has the least seniority in his class in the employing district. Such reemployment and bumping rights shall apply to employees laid off on or before June 30, 1970; and through August 31, 1970, to employees whose layoff or bumping would have been effective as of June 30, 1970 except for delay caused by the process of determining relative seniority and bumping rights of employees. Subject to the approval of the employing district, the privilege of being reinstated after layoff in either district in a parallel class for a period of 27 months commencing July 1, 1970.

(c) Subject to the approval of the employing district, the privilege of reinstatement after resignation or voluntary demotion, and the privilege of transfer or voluntary demotion in either district, with the approval of both districts, for a period of 39 months after July 1, 1969.

(d) The right to compete in promotional examinations in both districts through June 30, 1970 for classes for which he is qualified.

(e) The retention of all accrued vacation and illness leave benefits.

All classified eligibility lists which are in effect on June 30, 1969, shall continue to be in effect in both districts, for applicable classes, until they expire in accordance with Section 13738. Employees of both the city school district and the junior college district who are on such lists on June 30, 1969 may be certified for and may accept appointments to positions in either district.

For the purposes of Section 13723, the junior college district shall be deemed to be a school district which had already adopted the merit system prior to the amendment of Section 13723 in 1965.

It is the intent of the Legislature in enacting this act to continue the rights, benefits, and privileges of regular classified employees, insofar as practicable, without disruption which may be caused by the separation of the junior college and city boards of education.

Any part or all of the land, buildings, fixtures, leases, and other real property which are jointly owned by the city school district and the junior college district may, at the option of the city school district, become the property of the city school district subject to the requirement that the city school district pay cash, or other valuable consideration acceptable to the junior college district, to the junior college district for its proportionate interest in such real property. Such payments may be made in installments over a five-year period, commencing July 1, 1969. Not less than 20 percent of such proportionate interest of the junior college district shall be paid in any one installment. Such property shall be valued at its insurable value as of May 1, 1969. In cases where the value of real property cannot be established by reference to insurable value the market value of the property shall be used for valuation purposes. In order to provide for such payments, and for cash payments authorized in this section for the purpose of purchasing equipment, supplies, fixtures, vehicles, and other personal property, the maximum school district tax for such city school district is hereby increased by such amount as will produce the amount of such payments made pursuant to this section, and the increase shall be in addition to any other school district tax authorized by law to be levied. Such maximum school district tax increase may be levied commencing July 1, 1968 and shall remain in effect until all payments to the junior college district for its interest in such real and personal property have been made.

All equipment and supplies, including fixtures, and other personal property located in any school shall remain with and become the property of the district operating such school. Any part or all of the equipment, supplies, fixtures, and other personal property, located in a facility owned jointly by both such districts, and which property has been used jointly by both such districts may, at the option of the city school district, become the property of the city school district subject to the requirement that the city school district pay cash, or other valuable consideration acceptable to the junior college district, to the junior college district for its proportionate interest in such personal property. Such personal property shall be valued at its insurable value as of May 1, 1969.

Equipment, supplies, and other stores possessed jointly by both districts as of July 1, 1969 shall be distributed in kind or in cash value in accordance with the costs as reflected in the records of the junior college district and the city school district.

Vehicles jointly owned or jointly used by the city school district and by the junior college district, including those used for grading, landscaping, building or ground maintenance, cleaning, and for materials handling purposes, regardless of location, may, at the option of the city school district, become the property of the city school district, subject to the requirement that the city school district pay cash, or other valuable consideration acceptable to the junior college district, to the junior college district for its proportionate interest in such personal property. Such personal property shall be valued at its insurable value as of May 1, 1969.

One district may contract with the other district for the performance of services under such terms and conditions as may be agreed upon by the two districts.

Whenever in this code a section refers to a district, or to two or more districts, governed by a single governing board, or by governing boards of identical personnel, or to a district or districts in which the average daily attendance is in excess of 400,000, or makes a similar such reference, all provisions of such section shall apply with equal force to both such city school district and junior college district.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Major organizational changes in school districts will become effective July 1, 1970. In order to carry out the intent of the Legislature to continue the rights, benefits, and privileges of regular classified employees, insofar as possible, without disruption due to reorganizations, it is necessary that this act take effect immediately to extend protection beyond the present July 1, 1970 date.

(b) For the 1970-1971 and 1971-1972 fiscal years, the 1969-1970 base figures provided for in subdivision (a) of this section shall be increased by 100 percent for each county and city and county.

(c) For the 1972-1973 fiscal year and each fiscal year thereafter, the 1969-1970 base figures provided for in subdivision (a) of this section shall be used.

SEC. 3. Section 129 of the Revenue and Taxation Code is amended to read:

129. "Business inventories" shall include goods intended for sale or lease in the ordinary course of business and shall include raw materials and work in process with respect to such goods. "Business inventories" shall also include animals and crops held primarily for sale or lease, or animals used in the production of food or fiber and feed for such animals.

"Business inventories" shall not include any goods actually leased or rented on the lien date nor shall "business inventories" include business machinery or equipment or office furniture, machines or equipment, except when such property is held for sale or lease in the ordinary course of business. SEC. 4. Section 218.5 is added to the Revenue and Taxation Code, to read:

218.5. (a) In order to assure the accuracy of the state's reimbursements for the homeowner's property tax exemption, county assessors shall supply the board with information required to identify and eliminate duplicate exemptions arising from the filing of claims in two or more counties by members of a single household.

(b) Upon written request of the board, assessors shall supply information from the county records in such form as the board may specify, with the concurrence of the Controller, which is necessary to fully identify all homeowner's exemption claims allowed by the assessors. The information may be required in the form of data processing media or other media and in such format as is compatible with the recordkeeping processes of the counties and the auditing procedures of the state.

SEC. 5. Wherever, under any provision of law, state reimbursement is made for lost tax revenue to taxing authorities by reason of partial business inventory and homeowner's property tax exemption, the loss of tax revenue to a metropolitan water district or a county water authority by reason of taxing agencies within such a district or authority paying out of their funds, other than funds derived from ad valorem property taxes, all or a stated percentage of the taxes levied by such a district or authority, shall be reimbursed by the state to such a district or authority in the same manner as provided by law for other taxing authorities and to the same extent as if all of the taxes of such a district or authority had been carried on the county assessment roll.

SEC. 6. Notwithstanding any other provision of law to the contrary, the Controller shall recompute the amount allocated on or before April 30, 1970, within seven days after the effective date of this section, pursuant to subdivision (d) of Section 31 of Chapter 1 of the Statutes of of the 1968 First Extraordinary Session on the basis of the schedule contained in

The Controller shall recompute the amount allocated on or before August 31, 1969, pursuant to subdivision (d) of such Section 31 on the basis of the schedule contained in subdivision (a) of Section 16107 of the Government Code, as amended by Section 2 of this act, and shall, on or before June 30, 1970, pay the difference, if any, between the amount so recomputed and the amount paid on or before August 31, 1969.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Problems continue to arise in the administration of the recently enacted homeowner's property tax exemption and the partial exemption for business inventories. The Legislature has undertaken to provide property tax relief for homeowners and businessmen without a resulting revenue loss to local government by compensating local government for the amount of such losses from state funds. However, additional information keeps coming to light to indicate that some units of local government are not being compensated for their losses in full. In order to correct these inequities at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 273

An act to amend Section 13443 of the Education Code, relating to probationary employees.

[Approved by Governor July 2, 1970. Filed with
Secretary of State July 2, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 13443 of the Education Code is amended to read:

13443. (a) No later than March 15 and before an employee is given notice by the governing board that his services will not be required for the ensuing year, the governing board and the employee shall be given written notice by the superintendent of the district or his designee, or in the case of a district which has no superintendent by the clerk or secretary of the

governing board, that it has been recommended that such notice be given to the employee, and stating the reasons therefor. If a probationary employee has been in the employ of the district for less than 45 days on March 15, the giving of such notice may be deferred until the 45th day of employment and all time periods and deadline dates herein prescribed shall be coextensively extended.

(b) The employee may request a hearing to determine if there is cause for not reemploying him for the ensuing year. A request for a hearing must be in writing and must be delivered to the person who sent the notice pursuant to subdivision (a), on or before a date specified therein, which shall not be less than seven days after the date on which the notice is served upon the employee. If an employee fails to request a hearing on or before the date specified, his failure to do so shall constitute his waiver of his right to a hearing. The notice provided for in subdivision (a) shall advise the employee of the provisions of this subdivision.

(c) In the event a hearing is requested by the employee, the proceeding shall be conducted and a decision made in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code and the governing board shall have all the power granted to an agency therein, except that: (1) the respondent shall file his notice of defense, if any, within five days after service upon him of the accusation and he shall be notified of such five-day period for filing in the accusation; (2) the discovery authorized by Section 11507.6 of the Government Code shall be available only if request is made therefor within 15 days after service of the accusation, and the notice required by Section 11505 of the Government Code shall so indicate; and (3) the hearing shall be conducted by a hearing officer who shall prepare a proposed decision, containing findings of fact and a determination as to whether the charges sustained by the evidence are related to the welfare of the schools and the pupils thereof, but the proposed decision shall not contain a determination as to the sufficiency of the cause or a recommendation as to disposition, which sufficiency and disposition shall be determined by the governing board. The proposed decision shall be submitted to the governing board on or before May 7 of the year in which the proceeding is commenced. All expenses of the hearing, including the cost of the hearing officer, shall be paid by the governing board from the district funds. The board may adopt from time to time such rules and procedures not inconsistent with provisions of this section, as may be necessary to effectuate this section.

(d) The governing board's determination not to reemploy a probationary employee for the ensuing school year shall be for cause only. The determination of the governing board as to the sufficiency of the cause pursuant to this section shall be conclusive, but the cause shall relate solely to the welfare of

the schools and the pupils thereof. The decision made after the hearing shall be effective on May 15 of the year in which the proceeding is commenced.

(e) Notice to the probationary employee by the governing board that his service will not be required for the ensuing year, shall be given no later than May 15.

(f) If a governing board notifies a probationary employee that his services will not be required for the ensuing year, the board shall, within 10 days after delivery to it of the employee's written request, provide him with a statement of its reasons for not reemploying him for the ensuing school year.

(g) Any notice or request shall be deemed sufficient when it is delivered in person to the employee to whom it is directed, or when it is deposited in the United States registered mail, postage prepaid and addressed to the last known address of the employee.

(h) In the event that the governing board does not give notice provided for in subdivision (e) of this section on or before May 15, the employee shall be deemed reemployed for the ensuing school year.

(i) If after request for hearing pursuant to subdivision (b) any continuance is granted pursuant to Government Code Section 11524, the dates prescribed in subdivisions (c), (d), (e) and (h) which occur on or after the date of granting the continuance shall be extended for a period of time equal to such continuance.

CHAPTER 277

An act to amend Section 11602 of the Business and Professions Code, and to amend Section 2823 of the Revenue and Taxation Code, relating to subdivisions.

[Approved by Governor July 2, 1970. Filed with
Secretary of State July 2, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 11602 of the Business and Professions Code is amended to read:

The board of supervisors may also order the creation of a new assessor's parcel pursuant to Section 2823 of the Revenue and Taxation Code which shall include all the land within the subdivision.

If the land being subdivided is sold for taxes it may be redeemed from such sale without the redemption of the remainder of the larger parcel of which it is a part pursuant to the provisions of the Revenue and Taxation Code as if it were held in ownership separate from and other than the ownership of the remainder.

SEC. 2. Section 2823 of the Revenue and Taxation Code is amended to read:

2823. The county assessor shall determine a separate valuation on the parcel, and shall determine the valuation of the remaining parcel. The sum of the valuations of the parcels shall equal their total valuation before separation.

In connection with the recording of a final subdivision map a segregation may nevertheless be made so as to include all of the land within the subdivision in a single parcel.

A separate valuation shall not be made dividing any piece of property separately assessed in the original assessment into more than four parcels.

If the application requested that the tax created by the assessment of personal property, or leasehold improvements, or possessory interests be allowed to remain as a lien on the parcel sought to be separately valued, and the assessor determines that the value of the parcel is sufficient to secure the payment of the tax, the assessor shall set forth the value of such personal property, or leasehold improvements, or possessory interests opposite his determination of the value of the parcel.

34870. This article applies only to cities.

34871. At any municipal election, or special election held for that purpose, the legislative body may submit to the electors an ordinance providing for the election of members of the legislative body by districts or from districts. The term "by districts" as used in this article shall mean election of members of the legislative body by voters of the district alone. The term "from districts" shall mean election of members of the legislative body who are residents of the district from which they are elected by the voters of the entire city. "Geographical area making up the district" shall in the case of

elections by district mean the district, and in the case of elections from districts shall mean the entire city except with respect to the residence requirements imposed by Section 34883.

34872. The ordinance shall state whether there are to be five, seven, or nine districts, describe the boundaries of each, number them, and state whether members of the legislative body shall be elected by districts or from districts.

34873. An ordinance enacted pursuant to this article may be amended or repealed in the same manner; provided, the term of office of any councilman elected shall not be affected.

34874. No amendatory ordinance altering the boundaries of the legislative districts established pursuant to this article shall be submitted to the electors until the ordinance has been submitted to the planning commission of the city or, in absence of a planning commission, to the legislative body of said city for an examination as to the definiteness and certainty of the boundaries of the legislative districts proposed.

34875. The amendatory ordinance shall not be submitted to the voters if (a) one or more of the legislative districts do not close, (b) one or more entire legislative districts are eliminated prior to the termination of the term of office of the councilman of or from the district, (c) the effect is that a greater number of councilmen will be qualified to hold office concurrently than are authorized by this article or the amendatory ordinance.

34876. The planning commission of the city or, in absence of such body, the legislative body of the city shall make findings as to the matters set forth in Section 34875 by resolution within 90 days after submission of the amendatory ordinance to the city clerk. Failure to make findings shall be constituted as a finding of compliance with Section 34875.

34877. The proposition of establishing or altering legislative districts shall be printed on the ballots substantially as follows:

“Shall members of the legislative body of the City of _____ be elected by (or from) districts described in Ordinance No. _____,”

34878. If a majority of the qualified electors of the city, who vote, vote in favor of the ordinance, at the expiration of the terms of office of the members of the legislative body, or as provided by ordinance, members of the legislative body shall be elected by (or from) the districts described and in the manner provided.

34879. The term of office of members of the legislative body elected pursuant to the provisions of this article shall be four years, unless otherwise expressly provided.

quired to be included in an ordinance providing for such election, the members of the legislative body shall be elected in the manner provided in the petition.

(b) The members of the legislative body shall hold office until the next general municipal election. At the next general municipal election the members elected by or from the even-numbered districts shall hold office for four years and the members elected by or from the odd-numbered districts shall hold office for two years. Thereafter the term of office is four years.

34881. One member of the legislative body shall be elected by or from each district. With the possible exception as to the number of members of the legislative body, the officers of the city remain the same.

34882. A person is not eligible to hold office as a member of the legislative body unless he is otherwise qualified and has resided in the geographical area making up the district from which he is elected for 90 days next preceding the first day the legislative body is empowered to canvass the ballot.

34883. Electors signing nomination petitions or voting for a member of the legislative body shall be residents of the geographical area making up the district from which the member is to be elected.

34884. Electors signing recall petitions for, or voting for the recall of, a member of the legislative body shall be residents of the geographical area making up the district which the member is representing.

SEC. 3. Article 3 (commencing with Section 34890) is added to Chapter 7 of Part 1 of Division 2 of Title 4 of the Government Code, to read :

Article 3. Redistricting of City Legislative Body Elected by or From Districts

34890. This article applies only to general law cities electing members of the legislative body by districts or from districts, as defined in Section 34871.

34891. Following each decennial federal census, and using the census as a basis, the council shall, by ordinance or resolution, adjust the boundaries of any or all of the councilmanic districts of the city so that the districts shall be as nearly equal in population as may be. In establishing the boundaries of the districts the council may give consideration to the following factors: (a) topography, (b) geography, (c) cohesiveness, contiguity, integrity, and compactness of territory, and (d) community of interests of the districts.

34892. The boundaries of the councilmanic districts shall be adjusted by the council before the first day of November of the year following the year in which each decennial federal census is taken.

Notwithstanding the provisions of Article 2 of this chapter, if the council fails to adjust the boundaries prior to the 90th

day before the final date for registration of electors for an election of councilmen in the city, each councilman to be elected at that election and at any succeeding election shall have the qualifications required by Section 34883, but shall be elected at large. Councilmen shall continue to be so elected until the council adjusts the boundaries of the districts.

34893. If at any time between each decennial federal census, a city annexes territory or consolidates with another city, the legislative body of the city annexing the territory or the legislative body of the consolidated city, shall reexamine the boundaries of its councilmanic districts after the first census is taken or the first current population estimates are obtained, following such annexation or consolidation.

If upon reexamination, the legislative body finds that the population of any councilmanic district has varied so that the districts no longer meet the criteria specified in Section 34891, the legislative body shall, within 60 days after such census is taken, or current population estimate received, by ordinance or resolution, adjust the boundaries of any or all of the councilmanic districts of the city so that the districts shall be as nearly equal in population as may be.

34894. Any person claiming that the estimates of population used in the redistricting pursuant to Section 34893 do not reflect the current population within the district boundaries more accurately than the most recent census data, may commence an action in the superior court in declaratory relief to determine that fact. Such an action shall be brought within 30 days after the adoption of the redistricting ordinance or resolution.

34895. The council may appoint a committee composed of residents of the city to study the matter of changing the boundaries of the councilmanic districts. The committee shall make its report to the council of its findings on the need for change of boundaries, and the recommended changes by the first day of August of the year following the year in which the decennial federal census is taken. Recommendations of the committee are advisory only.

34896. (a) The term of office of any councilman who has been elected and whose term of office has not expired shall not be affected by any change in the boundaries of the district from which he was elected.

(b) At the first election for councilmen in each city following adjustment of the boundaries of councilmanic districts, a councilman shall be elected for each district under the readjusted district plan that has the same district number as a district whose incumbent's term is due to expire.

(c) Notwithstanding any other provisions of this article, a change in the boundaries of a councilmanic district shall not be made within 90 days prior to the final date of voter registration for an election of councilmen in the city or between the municipal primary election and the general municipal election.

2. The term newspaper of general circulation as used herein is as defined in Article 1 (commencing with Section 6000) of Chapter 1, Division 7, Title 1 of the Government Code.

When, however, it appears from the inventory and appraisal that the value of the property to be sold does not exceed one thousand dollars (\$1,000), the executor or administrator may in his discretion dispense with the publication, and in lieu thereof post a notice of the time and place of sale at the courthouse of the county in which the land or some portion thereof lies for 10 days prior to the day of the sale, or, in the case of a private sale, prior to the day on or after which the sale is to be made. The property proposed to be sold must be described with particularity in the notice. In addition to describing the property with particularity, the notice shall describe the property by giving its street address, if any, or other common designation, if any; but, if a legal description of the property is given, the validity of the notice shall not be affected by the fact that the street address or other common designation recited is erroneous or that the street address or other common designation is omitted.

SECTION 1. Section 1062 of the Education Code is amended to read:

Whenever any property is sold under this section it shall be removed from the premises of the district selling it within 60 days from the date of the sale.

CHAPTER 283

An act to amend Sections 44 and 3100 of, and to repeal Section 657 of, the Education Code, relating to school district unification.

[Approved by Governor July 2, 1970. Filed with
Secretary of State July 2, 1970]

The people of the State of California do enact as follows:

SECTION 1. Section 44 of the Education Code is amended to read:

44. A unified school district means a district maintaining grades kindergarten or 1 through 12. A unified district may comprise territory in more than one county.

SEC. 2. Section 657 of the Education Code is repealed.

SEC. 3. Section 3100 of the Education Code is amended to read:

3100. It is the intent and purpose of the Legislature that the procedures prescribed by the provisions of this chapter and Chapter 9 (commencing with Section 3001) of this division be utilized primarily for the formation of unified school districts, and that this form of organization be ultimately adopted throughout the state. It is the further intent of the Legislature that in exercising the authority to approve master plans and plans and recommendations developed at the local level, the State Board of Education consider the boundaries of existing high school districts as the minimum geographical base for the organization of individual unified school districts, to be deviated from only in exceptional situations. The State Board of Education may approve proposals for the formation of districts based upon the division of the territory of existing high school districts, provided that the board has determined, with respect to the proposal and the resulting new districts that the following conditions are substantially met:

(a) That the new districts will be adequate in terms of number of pupils enrolled, having a projected average daily attendance of at least 10,000 by the beginning of the seventh fiscal year following the date that any such new district became effective for all purposes; provided that, if the assessed valuation per pupil in grades kindergarten to 12, inclusive, in the proposed new districts is greater than the statewide average assessed valuation per pupil in grades kindergarten to 12, inclusive, the board may approve of the formation where there will be an average daily attendance of more than 5,000 in the year following the date that the resulting districts would become effective for all purposes, or if the assessed valuation per pupil in grades kindergarten to 12, inclusive, in the proposed new districts is greater than the statewide average assessed valuation per pupil in grades kindergarten to 12, inclusive, the board may approve of the formation where there will be a projected average daily attendance of more than 7,000 by the beginning of the seventh fiscal year following the date that the resulting districts become effective for all purposes.

(b) That the new districts will be adequate in terms of financial ability. For purposes of determining financial ability, the board shall consider assessed valuations per pupil. For purposes of evaluating proposals pursuant to this section, the board may give such consideration as it deems appropriate to federal funds received by a school district under the act of Congress entitled "An act to provide financial assistance for local educational agencies in areas affected by federal activities, and for other purposes," approved September 30, 1950 (Public Law 874—81st Congress) or under any similar act of Congress. Except as otherwise provided in this section, the board shall not approve of the formation of districts by division of the territory of existing high school districts, where the assessed valuation per pupil in grades kindergarten to 12, inclusive, in any of the proposed new districts varies from the average assessed valuation per pupil in such grades in all of the territory of which the proposed new districts are comprised by more than 10 percent, except that if the assessed valuation per pupil in grades kindergarten to 12, inclusive, in each and every proposed new district is greater than the statewide average assessed valuation per pupil in grades kindergarten to 12, inclusive, the board shall not approve of the formation where the assessed valuation per pupil in grades kindergarten to 12, inclusive, in any of the new districts varies by more than 15 percent from the average assessed valuation per pupil in such grades in all of the territory of which the proposed new districts are comprised.

(c) That the new districts are each organized on the basis of a substantial community identity.

(d) That the proposal will result in an equitable division of property and facilities of the original district.

(e) That the proposal and the formation of the new districts will not promote racial or ethnic discrimination or segre-

gation. The State Board of Education may secure the advice and assistance of any other public agencies concerned with intergroup relationships for purposes of making determinations under this subdivision.

The State Board of Education may approve a proposal for the formation of two or more unified districts from the territory of a high school district if the board determines that it is not practical or possible to apply the criteria of this section literally, and that the circumstances with respect to the proposals provide an exceptional situation sufficient to justify approval of the proposals.

The board may require that proposals combine the area of existing high school districts, with respect to any proposed new or reorganized districts which would not meet the requirements prescribed by Section 17672 or come within the exceptions prescribed by Section 17673.

CHAPTER 284

An act to amend Sections 221, 58941, and 59948 of the Agricultural Code, relating to the Department of Agriculture Fund.

The people of the State of California do enact as follows:

SECTION 1. Section 221 of the Agricultural Code is amended to read:

221. The "Department of Agriculture Fund," which is a special fund, is continued in existence. Any money which is directed by law to be paid into the fund shall be paid into it and, unless otherwise specifically provided, shall be expended solely for the enforcement of the law under which such money was derived. (e) Article 9 (commencing with Section 40931) of Chapter 2 of Division 16.

(f) Article 4 (commencing with Section 41191) of Chapter 3 of Division 16.

SEC. 2. Section 58941 of the Agricultural Code is amended to read:

58941. Notwithstanding the provisions of Article 3 (commencing with Section 241), Chapter 2, Division 1 of this code, each marketing order or agreement shall be charged the amounts which are computed by the director as required to reasonably provide for services to be rendered to such marketing orders by the department. Such amounts are subject to approval by the advisory board which is concerned, shall be included in each budget which is recommended to and approved by the director pursuant to Sections 58923 and 58924, and shall be withdrawn as required by the director and expended only for the necessary expenses which are incurred by the director in the administration of this chapter.

SEC. 3. Section 59948 of the Agricultural Code is amended to read:

59948. The proportionate amount of fees which are payable to the department shall be withdrawn from the funds monthly by the director and shall be used only for the department in carrying out its duties as required by this chapter.

Where a city transfers the assessing and tax collecting functions to the county but continues to assess and collect unsecured taxes for one additional year, the county auditor, in computing the city's reimbursement for the business inventory

(8) Any motor vehicle or class of motor vehicles, as described or designated in the policy, with respect to which coverage is explicitly excluded, in whole or in part.

The term "the insured" as used in paragraphs (1), (2), (3), and (4) of this subdivision shall mean only that insured under the policy against whom the particular claim is made or suit brought. The term "an insured" as used in paragraphs (5) and (6) of this subdivision shall mean any insured under the policy.

(d) Notwithstanding the provisions of paragraph (4) of subdivision (b), or the provisions of Article 2 (commencing with Section 16450) of Chapter 3 of Division 7, or Article 2 (commencing with Section 17150) of Chapter 1 of Division 9, of the Vehicle Code, the insurer and any named insured may, by the terms of any policy of automobile liability insurance to which subdivision (a) applies, or by a separate writing relat-

ing thereto, agree as to either or both of the following limitations, such agreement to be binding upon every insured to whom such policy applies and upon every third party claimant:

(1) That coverage under such policy shall not apply nor accrue to the benefit of the insured or any third party claimant while any insured motor vehicle is being used by a natural person or persons designated by name.

(2) That with regard to any such policy issued to a named insured engaged in the business of selling, repairing, servicing, delivering, testing, road-testing, parking, or storing automobiles, coverage shall not apply to any person other than the named insured or his agent or employee, except to the extent that the limits of liability of any other valid and collectible insurance available to such person are not equal to the limits of liability specified in subdivision (a) of Section 16059 of the Vehicle Code.

(e) Nothing in this section or in Section 16057 or 16450 of the Vehicle Code shall be construed to constitute a homeowner's policy, personal and residence liability policy, personal and farm liability policy, general liability policy, comprehensive personal liability policy, manufacturers' and contractors' policy, premises liability policy, special multiperil policy, or any policy or endorsement where automobile liability coverage is offered as incidental to some other basic coverage as an "automobile liability policy" within the meaning of Section 16057 of the Vehicle Code, or as a "motor vehicle liability policy" within the meaning of Section 16450 of the Vehicle Code, notwithstanding that any such policy may provide automobile or motor vehicle liability coverage on insured premises or the ways immediately adjoining.

SEC. 5. Section 11580.8 is added to the Insurance Code, to read:

11580.8. The Legislature declares it to be the public policy of this state to avoid so far as possible conflicts and litigation, with resulting court congestion, between and among injured parties, insureds, and insurers concerning which, among various policies of liability insurance and the various coverages therein, are responsible as primary, excess, or sole coverage, and to what extent, under the circumstances of any given event involving death or injury to persons or property caused by the operation or use of a motor vehicle.

The Legislature further declares it to be the public policy of this state that Section 11580.9 of the Insurance Code expresses the total public policy of this state respecting the order in which two or more of such liability insurance policies covering the same loss shall apply, and such public policy is not to be changed or modified by any provision of the Vehicle Code except in those express cases where the requirements of Article 2 (commencing with Section 16450) of Chapter 3 of Division 7 of the Vehicle Code apply with regard to a policy

of liability insurance certified as provided in Section 16431 of the Vehicle Code.

SEC. 6. Section 11580.9 of the Insurance Code is repealed.

SEC. 7. Section 11580.9 is added to the Insurance Code, to read:

11580.9. (a) Where two or more policies affording valid and collectible automobile liability insurance apply to the same motor vehicle in an occurrence out of which a liability loss shall arise, and one of such policies affords coverage to a named insured engaged in the business of selling, repairing, servicing, delivering, testing, road-testing, parking, or storing motor vehicles, then both of the following shall be conclusively presumed:

(1) If, at the time of loss, the motor vehicle is being operated by any person engaged in any of such businesses, or by his employee or agent, the insurance afforded by the policy issued to the person engaged in such business shall be primary, and the insurance afforded by any other policy shall be excess.

(2) If, at the time of loss, the motor vehicle is being operated by any person other than as described in paragraph (1), the insurance afforded by the policy issued to any person engaged in any of such businesses shall be excess over all other insurance available to such operator as a named insured or otherwise.

(b) Where two or more policies are applicable to the same loss, and one of such policies affords coverage to a named insured engaged in the business of renting or leasing commercial vehicles without operators, as the term "commercial vehicles" is used in Section 260 of the Vehicle Code, or the leasing of any other motor vehicle for six months or longer, it shall be conclusively presumed that the insurance afforded by such policy to a person other than the named insured or his agent or employee shall not be primary, but shall be excess over any other valid and collectible insurance applicable to the same loss covering such person as a named insured or as an additional insured under a policy with limits at least equal to the financial responsibility requirements specified in Section 16059 of the Vehicle Code; and, in such event, the two or more policies shall not be construed as providing concurrent coverage, and only that policy which covers the liability of such person as a named insured, or as an agent or employee of a named insured, shall be primary and the other policy or policies shall be excess.

(c) Where two or more policies are applicable to the same loss arising out of the loading or unloading of a motor vehicle, and one or more of the policies is issued to the owner, tenant, or lessee of the premises on which the loading or unloading occurs, it shall be conclusively presumed that the insurance afforded by the policy covering the motor vehicle shall not be primary, notwithstanding anything to the contrary in any endorsement required by law to be placed on such policy, but shall be excess over all other valid and collectible insurance

applicable to the same loss with limits at least equal to the financial responsibility requirements specified in Section 16059 of the Vehicle Code; and, in such event, the two or more policies shall not be construed as providing concurrent coverage, and only the insurance afforded by the policy or policies covering the premises on which the loading or unloading occurs shall be primary and such policy or policies shall cover as an additional insured with respect to the loading or unloading operations all employees of such owner, tenant, or lessee while acting in the course and scope of their employment.

(d) Except as provided in subdivisions (a), (b), and (c), where two or more policies affording valid and collectible liability insurance apply to the same motor vehicle in an occurrence out of which a liability loss shall arise, it shall be conclusively presumed that the insurance afforded by that policy in which such motor vehicle is described or rated as an owned automobile shall be primary and the insurance afforded by any other policy or policies shall be excess.

(e) Any insurance policy which, under the terms of subdivisions (a) to (d), inclusive, applies as excess coverage may provide with respect to any loss to which primary insurance is not valid and collectible in whole or in part, such excess policy shall apply only to the extent necessary to provide the insured with coverage limits at least equal to the limits specified in Section 16059 of the Vehicle Code.

(f) The presumptions stated in subdivisions (a) to (d), inclusive, may be modified or amended only by written agreement signed by all insurers who have issued a policy or policies applicable to a loss described in such subdivisions and all named insureds under such policies.

SEC. 8. This act shall only apply to insurance policies issued or renewed on or after the effective date of this act.

GENERAL SECTIONS

SEC. 4. Notwithstanding any other provisions of this act, no appropriations made herein, or funds obtained from any other source, over \$3,000 may be expended by any state entity for expansion, improvement or addition to electronic data processing activities, personnel, equipment, facilities or supplies during fiscal year 1970-71, or any expenditure budgeted for fiscal year 1971-72 for electronic data processing activities, personnel, equipment, facilities and supplies unless the Director of the Office of Management Services certifies that the criteria and procedures set forth in the Supplementary Report of the Committee on Conference have been met and followed.

SEC. 4.5. Subject to the provisions of this act, any appropriation for expenditure under this act during the 1970-71 fiscal year, may, with the approval of the Department of Finance, be encumbered prior to July 1, 1970, by incurring obligations to be paid after June 30, 1970; and in addition, any appropriation for expenditure provided by the Budget

Act of 1971 during the 1971-72 fiscal year, may, with the approval of the Department of Finance, be encumbered prior to July 1, 1971, by incurring obligations to be paid after June 30, 1971.

SEC. 5. Because it is necessary to insure the availability of adequate equipment for physical facilities constructed for the operation of custodial, mental health, educational, administrative, military, and other agencies of the state government; because uncertainties as to completion dates make precise advance planning of equipment purchases impossible; and since delivery of some kinds of equipment cannot be made for six months or longer from the date of ordering; state agencies are therefore authorized to incur obligations, to be met during the 1971-72 fiscal year, for the purchase of equipment related to capital outlay projects for which the Legislature has appropriated construction funds; provided, that no obligation shall be incurred under the provisions of this section without the approval of the Department of Finance and the State Public Works Board. Purchase orders issued and contracts entered into under the provisions of this section shall not exceed a total of two million dollars (\$2,000,000) in estimated cost.

SEC. 6. Any project, except minor projects, included in any appropriation made herein for capital outlay shall be subject to the provisions of Section 15790 of the Government Code.

SEC. 7. Any acquisition of land or other real property included in any appropriation made herein for capital outlay except appropriations from the California Water Fund or the State Highway Fund or appropriations to the Board of Governors of the California Community Colleges for allocation to the community college districts shall be subject to the provisions of the Property Acquisition Law.

All property acquisitions, notwithstanding other exemptions of this section, shall be reported to the State Public Works Board.

SEC. 8. No money appropriated herein in any item for capital outlay may be expended by any state agency, including the University of California, the State Colleges and the Community Colleges, except amounts for acquisition of land or other real property, amounts needed for equipment, minor projects and amounts appropriated specifically for preliminary surveys, studies and planning until the State Public Works Board and the Department of Finance have approved preliminary plans for the project to be financed from such item of appropriation for capital outlay with the exception that Community College approvals by the Public Works Board will apply only to the allocation of State Capital Outlay Funds appropriated heretofore and hereafter by the Legislature; provided further, no major project for which appropriation is made hereunder regarding which the Director of Finance or his authorized representative requests review of working plans

shall be put out to bid until the working plans therefor have been approved by the Department of Finance; provided further, that no money appropriated herein may be spent for working drawings for any project as to which there has been made substantial change or changes from the preliminary plans as approved by the State Public Works Board and the Department of Finance unless there has first been obtained the approval of the Department of Finance to make such change or changes; provided further, that no money appropriated herein may be spent for equipment until prior approval for purchase of such equipment shall have been given by the Department of Finance.

Nothing in this section shall be construed to limit or control the Department of Public Works in the expenditure of State Highway Fund money appropriated for capital outlay purposes.

The Department of Public Works shall report to the State Public Works Board the expenditures for capital outlay, except minor projects, from appropriations contained in this act.

SEC. 8.5. In making appropriations to state agencies which are eligible for federal assistance programs for capital outlay purposes, it is the intent and understanding of the Legislature that applications made by such agencies for federal funds under any such programs shall be for the maximum amount allowable under federal law.

SEC. 9. Notwithstanding any other provision of law, the portion of each sum of money heretofore appropriated or allocated, hereby appropriated or hereafter allocated to the Regents of the University of California for capital outlay which remains after the purpose for which each said sum was appropriated or allocated has been accomplished, and which have been or hereafter are withdrawn from the State Treasury by the Regents of the University of California pursuant to the provisions of Section 23201 of the Education Code, together with increments, by way of interest or otherwise, on any such appropriation or allocations, shall be used and expended by the Regents of the University of California in executing and furthering the building and improvement program of the University of California; provided, that no such sums shall be allocated by the Regents of the University of California to projects for the purpose of augmenting those projects without prior approval of the State Public Works Board of the requested augmentations. Such sums shall be available for expenditure in payment of any encumbrances heretofore or hereafter incurred without regard to fiscal years; provided, however, that any unencumbered balances existing as of the date on which each such appropriation or allocation otherwise would lapse, shall then revert.

SEC. 10. Notwithstanding any other provisions of law, the undisbursed balances, on the effective date of this act, of the appropriations provided in the following citations, are reappropriated for the purposes provided for in said appropria-

On the effective date of this act, all amounts held in reserve pursuant to Section 18460 of the Education Code which were not reverted by Section 12 of the Budget Act of 1968, shall revert to the unappropriated balance of the General Fund and shall be available for any appropriation made therefrom.

SEC. 16. The University of California having made applications for federal grant funds which would reimburse in whole or in part any appropriation made by Item 313, Budget Act of 1970, any state-appropriated funds thereby released, equal in amount to federal grants made to any project in Item 313, Budget Act of 1970, notwithstanding any other provisions of law, shall revert to the unappropriated balance of the Capital Outlay Fund for Public Higher Education.

SEC. 17. The Trustees of the California State Colleges having made applications for federal grant funds which would reimburse in whole or in part any appropriation made by Item 322, Budget Act of 1970, any state-appropriated funds thereby released, equal in amount to federal grants made to any project in Item 322, Budget Act of 1970, notwithstanding any other provisions of law, may be used as a source of funding for Item 322.5, Budget Act of 1970; and provided, that any state funds released by federal grants in excess of those needed for Item 322.5, Budget Act of 1970, shall revert to the unappropriated balance of the Capital Outlay Fund for Public Higher Education.

For the purposes of complying with this section, the State Controller shall consider a written federal grant commitment as adequate for the release of state funds.

SEC. 18. The Director of Finance may direct the transfer of such unexpended balances of appropriations and of other funds available for use in connection with any function or agency affected by a reorganization plan submitted to the Legislature pursuant to Article 7 (commencing with Section 12070) of Chapter 1, Part 2, Division 3, Title 2 of the Government Code when the plan becomes effective pursuant to Section 12075 of the Government Code, as he deems necessary by reason of the reorganization, for use in connection with the functions affected by the reorganization, or for the use of the agency which has such functions after the reorganization plan is effective; provided that, unexpended balances so transferred shall be used only for the purpose for which the appropriation was originally made.

SEC. 18.9. The sum of \$90,000,000 reserved by Section 153 of Chapter 963, Statutes of 1967, is appropriated together with other funds available therefor, for the purposes of capital outlay under items contained within Section 2.2 of this act, including, but not limited to, Item 312 of this act.

SEC. 18.10. The unappropriated balance of the \$90,000,000 in revenues made available by Section 153, Chapter 963, Statutes of 1967, for capital outlay purposes, as of June 30, 1971, is appropriated for all General Fund purposes and shall be transferred to the General Fund on June 30, 1971.

SEC. 19. On or before September 30, 1970, the State Controller shall transfer to the General Fund any amount of surplus and working capital advances in the Service Revolving Fund for the Office of State Printing which totals in excess of \$6,472,197 as of June 30, 1970.

No machinery or equipment shall be purchased by or for the Office of State Printing except as provided for in this act and for emergency replacements which shall be reported to the Joint Legislative Budget Committee quarterly.

No augmentation shall be made to the capital of the Service Revolving Fund for the benefit of the Office of State Printing during the 1970-71 fiscal year except as specifically provided for in this act.

Any proposed capital addition to the Service Revolving Fund for the benefit of the Office of State Printing for the 1971-72 fiscal year shall be included in the proposed budget for that fiscal year as an appropriation out of the General Fund.

SEC. 19.1. The unencumbered balance of the Department of Employment Contingent Fund, which at any time during the 1970-71 fiscal year exceeds \$1,000,000, is hereby appropriated for transfer to the General Fund; such transfer to be made from time to time by the State Controller.

SEC. 19.2. The additional surplus in the State School Fund transferred in the 1969-70 fiscal year by the State Controller after June 1, 1970 to the State Construction Program Fund in accordance with the provisions of Chapter 784, Statutes of 1969, is hereby appropriated for transfer by the State Controller during the 1970-71 fiscal year to the State School Fund. In addition, during both the 1969-70 fiscal year and the 1970-71 fiscal year, the transfer of funds authorized by subdivision (c) of Section 17301 of the Education Code shall be inoperative.

SEC. 19.22. \$16,564,322 of the amount transferred to the State Construction Program Fund, in accordance with the provisions of Chapter 784, Statutes of 1969, is hereby appropriated for transfer by the State Controller to the State School Fund.

SEC. 19.23. There is hereby appropriated \$31,700,000 for transfer by the State Controller upon order of the Director of Finance during the 1970-71 fiscal year from the Capital Outlay Fund for Public Higher Education to the General Fund.

SEC. 19.24. The unencumbered balance in the Driver Training Penalty Assessment Fund, as of June 30, 1970, is hereby appropriated for transfer by the State Controller to the State School Fund.

SEC. 19.3. There is hereby appropriated \$18,000,000 for transfer by the State Controller during the 1970-71 fiscal year from the Motor Vehicle Transportation Tax Fund to the State School Fund.

SEC. 19.4. On the effective date of this act, \$250,000 of the unencumbered balance of the Judges' Retirement Fund is hereby appropriated for transfer by the State Controller to the unappropriated surplus of the General Fund.

SEC. 19.5. There is hereby appropriated \$90,298 for transfer to the General Fund by the State Controller on or before August 1, 1970, from the Service Revolving Fund.

SEC. 19.6. (a) Since the State Scholarship Commission must announce in the spring of 1971, those individuals to whom state scholarship awards and graduate fellowship awards will be granted for the following fall semester of 1971 and, since the Budget Act of 1971 may not be enacted in adequate time, the State Scholarship Commission is authorized to incur scholarship obligations and graduate fellowship obligations for the maximum number of awards authorized by Sections 31204 and 31240 of the Education Code in an amount not to exceed \$17,045,000 during the 1970-71 fiscal year for awards to be in effect during the 1971-72 fiscal year.

(b) Since the State Scholarship and Loan Commission must announce in the spring of 1971 those individuals to whom College Opportunity Grants will be awarded for the following fall semester of 1971, and since the Budget Act of 1971 may not be enacted in adequate time, the Scholarship and Loan Commission is authorized to incur College Opportunity Grant obligations for renewal of awards to those eligible and qualified individuals receiving an award in 1970-71 as authorized by Section 31263 of the Education Code, in an amount not to exceed two million dollars (\$2,000,000) during the 1970-71 fiscal year for awards to be in effect during the 1971-72 fiscal year.

The intent of this authorization is to prevent the occurrence of there being insufficient funds available to support state scholarships and graduate fellowships, or College Opportunity Grants, the recipients of which have already been notified of their award. It is necessary that the State Scholarship Commission announce awards in the spring of each year, often prior to the time the Budget Bill containing the appropriation for this purpose is enacted, in order that students receiving the scholarship awards may have sufficient time to plan for entering or returning to school the following fall.

SEC. 20. No money appropriated by this act shall be used to pay the salary of any authorized state position which position was vacant continuously during the period between October 1, 1969, and July 1, 1970. The State Controller, no later than August 1, 1970, shall notify in writing the Department of Finance of any authorized state position which was vacant continuously during such period. All such positions, except those specifically exempted in writing by the Department of Finance, are abolished effective September 1, 1970.

The State Controller, not later than 30 days prior to the convening of the 1971 Regular Session of the Legislature, shall furnish the Joint Legislative Budget Committee a report on all positions as of July 1, 1970, which were unfilled continuously during the period between October 1, 1969, and July 1, 1970, identifying therein all positions authorized for continuation by the Department of Finance.

SEC 20.1. Notwithstanding any other provisions of law; (a) expenditures under Item 14 of this act or any appropriation in augmentation of such item for salaries and wages shall

be as submitted in the Governor's Budget or for such number of positions as otherwise authorized by the Joint Committee on Legislative Organization within established classifications and (b) expenditures under Item 14 of this act or any appropriation in any augmentation of such item, other than salaries and wages, shall be as submitted in the Governor's Budget or as otherwise authorized by the Joint Committee on Legislative Organization and shall be exempt from the provisions of Sections 13320 and 13325 of and Chapter 3 (commencing with Section 14250) of Part 5 of, and Chapter 6 (commencing with Section 14780) of Part 5.5 of, Division 3 of Title 2 of the Government Code and Sections 6, 8, and 25 of this act.

SEC. 21. Since it is imperative for the university and the state colleges to recruit adequate and competent faculty necessary to maintain the current academic standards and to meet the immediately foreseeable needs occasioned by the rapid growth of enrollment during the years just ahead, and since, by the nature of their duties, faculty members must as a rule be employed on an academic year basis therefore, the University of California and the California State Colleges are authorized to incur salary obligations in an amount not to exceed \$3,000,000 for the university and a total of \$1,500,000 for the state colleges by appointment of academic staff members during the 1970-71 fiscal year for services beginning in the 1971-72 academic year.

The intent of this authorization is to assist California's institutions of higher education in their continuing effort to recruit the best qualified faculty members possible by authorizing them to make firm employment offers in advance of specific legislative position authorization.

SEC. 21.2. Since newly appointed faculty members of the California State Colleges who are recruited from other states ordinarily move to the state college to which they were appointed during the fiscal year following the acceptance of such appointment, the California State Colleges are authorized to incur obligations to pay the travel and moving expenses of such newly appointed faculty members in an aggregate amount not to exceed \$100,000, by appointments and authorizations during the 1970-71 and 1971-72 fiscal years, to pay such travel and moving expenses during the 1971-72 fiscal year.

SEC. 21.3. Since it is imperative for the Department of the California Highway Patrol to purchase special service automobiles in order to adequately patrol the highways of this state and since such automobiles can be purchased more effectively and economically on an annual basis with relation to the model year, which so-called year bridges two fiscal years, the Department of the California Highway Patrol is authorized to incur automotive equipment purchase obligations in an amount not to exceed \$1,500,000 during the 1970-71 fiscal year for delivery beginning in the 1971-72 fiscal year, and the sum of \$1,500,000 is hereby appropriated from the Motor Vehicle

Fund to the Department of the California Highway Patrol. This appropriation shall be available until July 1, 1971.

SEC. 21.4. Since it is imperative that the maximum amount of time possible be provided the State Board of Education and the Curriculum Commission in the selection of textbooks and the State Printer to print the textbooks for the ensuing school year, the Department of Education and the Department of General Services are authorized to incur textbook printing obligations in an amount not to exceed \$5,000,000 during the 1970-71 fiscal year for delivery by the State Printer to the Department of Education beginning in the 1971-72 fiscal year, subject to those provisions in Item 268 of this act that pertain to the printing of textbooks.

SEC. 22. No purchase order for acquisition or replacement of motor vehicles shall be issued against any appropriation made herein until the Department of Finance has investigated and established the necessity therefor.

All passenger-type motor vehicles purchased from any appropriation made by this act for the use of state employees and officers, except constitutional officers, shall be of the light class, as defined by the State Board of Control, unless excepted by the Director of General Services on the basis of unusual requirements, such as use by the California Highway Patrol, which would justify the need for an automobile of a heavier class.

SEC. 23. All passenger-type motor vehicles purchased either from any appropriation made by this act or from any other appropriation available therefor for the use of the Department of Public Works, except for use of officers excepted in Section 22 of this act, shall be of the light class, as defined by the State Board of Control, unless excepted by the Director of General Services on the basis of unusual requirements which would justify the need for an automobile of a heavier class.

SEC. 24. None of the moneys appropriated by this act or for an expenditure which is supplemented from money appropriated by this act shall be used to purchase furnishings for any house or apartment of three or more rooms other than a dormitory which is rented to a state employee except for a superintendent of an institution, warden of a prison, or physicians. This provision shall not apply to the purchase of refrigerators, heaters, air-conditioning equipment, stoves, linoleum, or equipment normally furnished in construction of the house as may be determined by the State Board of Control. Any such funds that are appropriated by this act for this purpose shall be held intact and be reverted to the fund from which they were appropriated. It is the intent of the Legislature that no money shall be appropriated henceforth for the purpose of house furnishings. Such furnishings are not to be provided by the state nor shall any money be paid from this appropriation for their replacement, repair or otherwise except in connection with the disposal of the same.

SEC. 25. No moneys appropriated by this act shall be used, either directly or by supplementing any other appropriation, to purchase rugs or carpets for any state office except for offices used by elective officers, the President of the University of California, a Chancellor of the University of California, the Chancellor of the California State Colleges, a president of a state college, department heads and for other facilities or areas under the control of the agencies financed by this act in accordance with standards issued by the Director of General Services, such standards to be formulated by the Director of General Services with the advice and counsel of the Department of Finance and the Legislative Analyst. The Director of General Services shall furnish a detailed report annually to the Joint Legislative Budget Committee of all rugs or carpets purchased for state facilities under this section.

Approval of the Director of General Services shall be obtained prior to procurement and installation of such materials. The Director of General Services may authorize the use of carpeting in other specialized facilities not meeting the established standards 30 days after notification in writing of the proposal with justification therefor to the Joint Legislative Budget Committee.

SEC. 26. Whenever herein an appropriation is made for support it shall include salaries and all other proper expenses, including repairs and equipment, incurred in connection with the institution, department, board, bureau, commission, officer, employee, or other agency, for which such appropriation is made.

Whenever herein an appropriation is made for capital outlay, it shall include acquisition of land or other real property, major construction, improvements, equipment, designs, working plans, specifications, repairs and equipment necessary in connection with a construction or improvement project.

Whenever herein any item of appropriation contains provision for acquisition of land or other real property, it shall include all necessary expenses in connection with the acquisition of such property.

Whenever herein an appropriation is made in accordance with a schedule set forth after such appropriation, the expenditures from such item for each category or project included in the schedule shall be limited to the amount specified for such category or project, except as otherwise provided in this act. Each such schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any money, and is not itself an item of appropriation.

As used in this act in reference to such schedules "category" or "project" means a class of expenditures such as, but not limited to:

(a) "Personal services" which shall include all expenditures for payment of officers and employees of the state; including salaries and wages, workmen's compensation, insur-

ance premiums for workmen's compensation coverage, the state's contributions to the Public Employees' Retirement Fund, the Teachers' Retirement Fund, the Old Age and Survivors' Insurance Revolving Fund, the State Employees' Contingency Reserve Fund, and the state's cost of a basic health benefits plan; but do not include compensation of independent contractors rendering personal services to the state under contract;

(b) "Operating expenses and equipment" which shall include all expenditures for purchase of materials, supplies, equipment, services (other than services of state officers and employees), and all other proper expenses;

(c) "Construct" or "construction" when used in connection with a capital outlay project shall include all such related things as fixtures, installed equipment, and auxiliary facilities;

(d) "Working drawings" are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of such drawings.

(e) "Minor projects" include construction, improvements, repairs and equipment projects not specifically set forth in the schedule.

For the purpose of further interpreting the meaning of the words, terms and phrases used in such schedules, reference is hereby made to those documents entitled, "State Budget of California for Support and Local Assistance 1970-71" and "State Budget of California for Capital Outlay and Five-Year Construction Program 1970-71" submitted by the Governor to the Legislature at the 1970 Regular Session, the uniform accounting system prescribed by the Department of General Services under the provisions of Section 13290 of the Government Code, and the appropriate portions thereof. The State Board of Control shall establish such interpretations as are necessary to carry out the provisions of this section and shall furnish the same to the State Controller and to every state agency to whom appropriations are made under this act.

SEC. 26.5. Whenever herein an appropriation is made for support or other expenses for an institution, department, board, bureau, commission, officer, employee, or other agency, there shall be charged to such appropriation from which salaries and wages are paid: workmen's compensation, the state's contribution to the Public Employees' Retirement Fund as provided by Sections 20751 and 20752 of the Government Code, the state's contribution to the Teachers' Permanent Fund and the Retirement Annuity Fund as provided by Sections 14209 and 14210 of the Education Code, the state's contribution to the Old Age and Survivors' Insurance Revolving Fund as provided by Sections 20782 and 20783 of the

Government Code, the state's contribution to the State Employees' Contingency Reserve Fund and the state's contribution for the cost of a basic health benefits plan as provided by Sections 22828 and 22829 of the Government Code.

As of the effective date of this act, the state's contributions as provided by Sections 22828 and 22829 of the Government Code for any month shall be charged to the same appropriations used for payment of salaries and wages from which the employee premium contributions for such month are deducted.

The appropriations made by Sections 20751, 20752, 20782, 20783, 22828, and 22829 of the Government Code, by Sections 14209 and 14210 of the Education Code, shall continue to be available for expenditure, and shall be charged for any expenditure which is not chargeable to an appropriation for support or other expenses as provided in this section. This transfer may be chargeable to such appropriation for a previous fiscal year if there are no funds available from that fiscal year.

The State Controller may transfer to the State Payroll Revolving Fund the contributions required by Sections 20751, 20752, 20782, 20783, 22828, and 22829 of the Government Code, and upon certification by the Board of Administration of the Public Employees' Retirement System in accordance with Sections 20754 and 20784 of the Government Code, may transfer from the State Payroll Revolving Fund to the Public Employees' Retirement Fund and the Old Age and Survivors' Insurance Revolving Fund the amounts of contributions so certified.

SEC. 27. The Department of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to whom an appropriation is made herein, authorize the augmentation of the amount available for expenditure for a category or project designated in any schedule set forth for such appropriation by transfer from any of the other designated categories or projects within the same schedule. The Department of Finance shall furnish the Joint Legislative Budget Committee a report on all authorizations given pursuant to this section during the preceding quarter.

SEC. 28. The Director of Finance may authorize the augmentation of the amount available for expenditure for any category in the schedule set forth for any appropriation in this act or any additional category in the amount of any funds which he estimates will be received by an officer, department, division, bureau, or other agency during the 1970-71 fiscal year from any other state agency, from any agency of local government or the federal government, from any appropriation made by the Legislature or from any other source which he determines has not been taken into consideration in said schedule, or is in excess of the amount so taken into consideration, except that the director may authorize expenditures for a new program not identified in the budget as such or for purposes which

in his judgment constitute an increase in the level of services above that authorized by the Budget Act or other existing law not sooner than 30 days after notification in writing of the necessity therefor to the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairman of said committee, or his designee, may in each instance determine.

The Director of Finance may also reduce any category whenever he determines that funds to be received will be less than the amount taken into consideration in the schedule.

SEC. 28.1. Since it is the intent of the Legislature in enacting this budget that no qualified student be denied admission to the California State Colleges or to the University of California because of a budget deficiency caused by unanticipated additional enrollments, the Director of Finance may, following the adoption of a resolution by the Trustees of the California State Colleges or from the Regents of the University of California declaring an enrollment emergency, authorize the accelerated expenditure of amounts budgeted for the state colleges or the University in the form of an agreement to seek a supplementary appropriation from the General Fund to the extent necessary to insure that all qualified students can be admitted when he certifies that the systemwide enrollment of the California State Colleges or of the University of California exceeds by 2 percent or more the enrollment upon which the budget for the state colleges or the University was based; provided that no increased expenditure may exceed \$5,000,000 in the aggregate or be authorized sooner than 30 days after notification in writing of the necessity therefor to the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairman of such committee, or his designee, may in each instance determine.

SEC. 28.2. All appropriations under this act for the support of the state colleges and the Trustees of the California State Colleges shall be subject to the provisions of Section 13320 of the Government Code and Section 31 of this act, with the following exception:

(a) The Trustees of the California State Colleges may approve any transfer of funds appropriated to them in salary items 247 and 249 for administrative purposes when computational errors occur with a report to the Department of Finance.

SEC. 28.3. The Director of Finance may transfer funds budgeted for Educational Opportunity programs in one segment of higher education to augment the Educational Opportunity programs in another segment of higher education. He shall not transfer funds under this section sooner than 30 days after notification in writing of the necessity thereof to the Joint Legislative Budget Committee or not sooner than such lesser time as the chairman of said committee or his designee may in each instance determine.

SEC. 28.5. Approvals by the Department of Finance to the creation of deficiencies pursuant to Section 11006 of the Government Code and approvals to expend at rates which, in the opinion of the Director of Finance, will require a deficiency appropriation shall be made in writing and filed with the Joint Legislative Budget Committee within 10 days after approval stating the reasons for and amount of such authorization.

SEC. 29. Premiums for official bonds may be paid out of appropriations contained in this act, notwithstanding the period covered by such bonds.

SEC. 30. Whenever an expenditure is authorized from the Emergency Fund, from price increase funds, from the salary increase funds, or from a special fund pursuant to Section 11006 of the Government Code, in addition to an appropriation made by this act, such authorized expenditures may, for accounting purposes, be deemed to be an augmentation and increase of the appropriation made by this act.

SEC. 31. The appropriations under this act, unless otherwise provided, shall be subject to the provisions of Section 13320 of the Government Code requiring expenditures to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.

The fiscal year budget shall authorize in such manner as the Department of Finance shall prescribe all established positions whose continuance for the year is approved and all new positions. No new positions shall be established unless authorized by the Department of Finance on the basis of work program and organization.

Each fiscal year budget shall provide for a salary savings reserve to which shall be transferred on a document initiated by the agency and submitted to the Department of Finance the unencumbered balance remaining in each allotment for salaries and wages at the close of each quarter or other period of time covered by the allotment. The unencumbered balance remaining in each budget allotment for salaries and wages shall be computed by deducting from the amount of the allotment the expenditures and accrued obligations for salaries and wages chargeable to such allotment for the period covered thereby. The amount in the salary savings reserve shall not be available for expenditure except upon transfer to allotments for salaries and wages approved by the Department of Finance. Such transfer shall be approved only after it has been demonstrated to the satisfaction of the Department of Finance that the allotment to be augmented is insufficient to meet necessary expenditures for salaries and wages.

No money in any salary savings reserve may be expended to pay increases in salary ranges established after July 1, 1969, unless the Department of Finance certifies to the State Personnel Board, or other salary-fixing authority, prior to the adoption of such increased salary range that funds will be made available to pay the increased salaries resulting there-

from. Provided, that the provisions of this paragraph shall not apply to salaries fixed by the State Personnel Board based on prevailing rates pursuant to Government Code Section 18853.

A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the State Controller that such expenditures comply with the provisions of this section.

Each agency, department, board, commission, and institution, for whose benefit and support appropriations are made in this act, shall certify to the Director of Finance that its expenditures have been made for the purposes stated in the budget, as implemented by the Budget Act, except as the purposes stated have been revised, in accordance with law, by the Department of Finance subsequent to the enactment of the Budget Act.

SEC. 32. The officers of the various departments, boards, commissions and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of such appropriations, except the consent of the Department of Finance be first obtained, and a certificate, in writing, duly signed by the director of said department, of the unavoidable necessity of such expenditure; and any indebtedness attempted to be created against the state in violation of the provisions of this section shall be absolutely null and void; and shall not be allowed by the State Controller nor paid out of any state appropriation. Any member of any such department, board, commission or institution, who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act, except by the consent of the Department of Finance and the certificate in this section provided to be first obtained, shall be liable on his official bond for the amount of such indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm or corporation to whom such indebtedness is owing.

The Department of Finance shall submit copies of certificates approved by it under this section to the Joint Legislative Budget Committee quarterly, and shall indicate in the case of each certificate the code section or section of this act under which the department gave its consent to exceed the particular appropriation.

SEC. 32.8. As of June 30, 1970, the unencumbered balance of the revenues provided by Chapter 1326, Statutes of 1965, and appropriated by Section 32.7 of the Budget Act of 1967, shall be transferred to the unappropriated balance of the General Fund.

SEC. 33. If any item of appropriation in this act is vetoed, eliminated or reduced by the Governor under Section 10 of Article IV of the Constitution while approving portions of this act, such veto, elimination or reduction shall not affect

the other portions of this act and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act and as if any reduced item of appropriation had not been reduced.

SEC. 34. If any section, subsection, sentence, clause, or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act, and each section, subsection, sentence, clause, and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared unconstitutional.

SEC. 35. This act, inasmuch as it provides for an appropriation for the usual current expenses of the state, shall, under the provisions of Section 8 of Article IV of the Constitution of the State of California, take effect immediately.

SEC. 36. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There exists an extreme shortage of physical facilities for the operation of the custodial, mental treatment, educational, administrative, military and other agencies of the state government, the present facilities being entirely inadequate due to great increases in population and added governmental responsibilities. The capital outlay appropriations in this budget are all in continuation of an existing program to remedy the aforesaid shortage of facilities and to promote and sustain the economy of the state. If they are not available for expenditure on July 1, 1970, the existing program will be delayed. The expeditious correction of such condition and the efficient operation of the state's business requires the immediate availability of the new capital outlay appropriation and the uninterrupted availability of reappropriated capital outlay items contained in this measure. It is therefore necessary that this act go into immediate effect.

SEC. 37. Funds from each appropriation made in this act may be expended to pay such salary adjustments as are authorized by salary-fixing authorities to provide an increase in the compensation for officers and employees during the month of July 1970 to provide compensation equivalent to that which they would have otherwise received had this act been adopted prior to July 1, 1970.

SEC. 38. Funds from each appropriation made in this act may be expended to pay any obligation incurred between the commencement of the 1970-71 fiscal year and the effective date of this act, which would otherwise have been authorized hereunder had this act been adopted prior to July 1, 1970, subject to the same limitations, conditions and requirements.

(d) Where one or more periodic rates may be used to compute the finance charge, each such rate, the range of balances to which it is applicable, and the corresponding annual percentage rate determined by multiplying the periodic rate by the number of periods in a year.

(e) The conditions under which any other charges may be imposed, and the method by which they will be determined.

(f) The conditions under which the creditor may retain or acquire any security interest in any property to secure the payment of any credit extended on the account, and a description or identification of the type of the interest or interests which may be so retained or acquired.

(g) The minimum periodic payment required.

In addition to the penalties provided under Article 12 2 (commencing with Section 1812.6) of this chapter, until the seller delivers the written statement required by this section, the buyer shall be obligated to pay only the cash price of the goods or services.

SEC. 2. This act shall become operative on January 1, 1971.

CHAPTER 305

*An act to amend Section 31206 of the Education Code,
relating to state competitive scholarships.*

CHAPTER 1. TERMINATION OF MARRIAGE AND JURISDICTION

4350. Marriage is dissolved only by (1) the death of one of the parties, (2) the judgment of a court of competent jurisdiction decreeing a dissolution of the marriage, or (3) a judgment of nullity.

4351. In proceedings under this part, the superior court has jurisdiction to inquire into and render such judgments and make such orders as are appropriate concerning the status of the marriage, the custody and support of minor children of the marriage, the support of either party, the settlement of the property rights of the parties and the award of attorneys' fees and costs.

CHAPTER 2. PROCEDURAL PROVISIONS

4355. In proceedings under *this part*, a responsive pleading, if any, shall be filed and served upon the other party within 30 days of the date of the service upon the respondent of a copy of the petition and summons.

4356. In proceedings under Chapter 2 (commencing with Section 4425) of Title 2 or under Title 3 (commencing with Section 4500) of *this part*, in those counties which have established a conciliation court, the petitioner shall complete and file a questionnaire approved by the Judicial Council, concurrently with the filing of the petition.

An order made pursuant to this section shall not prejudice the rights of the parties or children with respect to any subsequent order which may be made. Any such order may be modified or revoked at any time except as to any amount that may have accrued prior to the date of filing of the notice of motion or order to show cause to modify or revoke.

4358. In any proceeding under *this part*, upon a determination that payment of an obligation of a party would benefit either party or a minor child, the court may order one of the parties to pay the obligation, or any portion thereof, directly to the creditor. The creditor shall have no right to enforce the order nor shall his rights be affected by such determination.

4359. During the pendency of any proceeding under Title 2 (commencing with Section 4400) or Title 3 (commencing with Section 4500) of *this part*, upon application of either party in the manner provided by Section 527 of the Code of Civil Procedure, the superior court may issue *ex parte* orders (1) restraining any person from transferring, encumbering, hypothecating, concealing, or in any way disposing of any property, real or personal, whether community, quasi-community, or separate, except in the usual course of business or for the necessities of life, and if such order is directed against a party, requiring him to notify the other party of any proposed extraordinary expenditures and to account to the court for all such extraordinary expenditures; (2) enjoining any party from molesting or disturbing the peace of the other party; (3)

4361. Any evidence collected by eavesdropping in violation of Chapter 1.5 (commencing with Section 630) of Title 15 of Part 1 of the Penal Code is inadmissible in any proceeding for dissolution of the marriage or legal separation or for a declaration of void or voidable marriage. If it appears that such a violation exists, the court may refer the matter to the proper authority for investigation and prosecution.

4362. In any proceeding under this part, except an action for legal separation, the court may restore the maiden or former name of the wife regardless of whether or not a request therefor was included in the petition.

(a) During the pendency of any proceeding under this part, the court may order the husband or wife, or father or mother, as the case may be, to pay such amount as may be reasonably necessary for the cost of maintaining or defending the proceeding and for attorneys' fees; and from time to time and before entry of judgment, the court may augment or modify the original award for costs and attorneys' fees as may be reasonably necessary for the prosecution or defense of the proceeding or any proceeding relating thereto. In respect to services rendered or costs incurred after the entry of judgment, the court may award such costs and attorneys' fees as may be reasonably necessary to maintain or defend any subsequent proceeding therein, and may thereafter augment or modify any award so made. Attorneys' fees and costs within the provisions of this subdivision may be awarded for legal services rendered or costs incurred prior, as well as subsequent, to the commencement of the proceeding.

(b) During the pendency of any proceeding under this part, an application for a temporary order making, augmenting, or modifying an award of attorneys' fees or costs or both shall be made by motion on notice or by an order to show cause, except that it may be made without notice by an oral motion in open court:

(1) At the time of the hearing of the cause on the merits; or

(2) At any time prior to entry of judgment against a party whose default has been entered pursuant to Section 585 or 586 of the Code of Civil Procedure

4371. When the court orders one of the parties to pay costs and attorneys' fees for the benefit of the other party, such costs and fees may, in the discretion of the court, be made payable in whole or in part to the attorney entitled thereto. An order of the court providing for payment of such costs and fees may be enforced directly by such attorney in his own name or by the party in whose behalf such order was made, provided that if such attorney has ceased to be such, it shall be a condition of such enforcement, and must appear of record, that such attorney shall have given to his former client or successor counsel 10 days' written notice of his application for such enforcement, and during such period the client may file in such proceeding a motion directed to such former attorney for partial or total reallocation of fees and costs to cover the services and cost of successor counsel, in which event such proceeding shall be stayed until the court has resolved such motion.

CHAPTER 4. ENFORCEMENT OF JUDGMENTS, ORDERS, AND DECREES

4380. Any judgment, order, or decree of the court made or entered pursuant to this part may be enforced by the court by execution, attachment, the appointment of a receiver, contempt, or by such other order or orders as the court in its discretion may from time to time deem necessary.

In addition, the Alum Rock Union School District shall, to pay contracted indebtedness due and owing in the 1969-1970 fiscal year, utilize so much of the moneys apportioned to the district by the County Superintendent of Schools of Santa Clara County in the 1969-1970 fiscal year pursuant to Section 21053 of the Education Code, as specified in Section 2, as may be necessary for such purposes.

Such contributions and interest shall be paid to this system at times, in amounts, and in a manner fixed by the board. If he affirmatively exercises the option:

(a) He shall receive credit for previous service as a legislative employee in the same manner as if he had been a member when the service was rendered, and

21252.10. The combined prior and current service pensions for law enforcement members and those local safety members subject to provisions applicable to law enforcement members, upon retirement at or after age 55 is a pension derived from the contributions of the employer which, when added to that portion of the service retirement annuity that is derived from

the accumulated normal contributions of the member, shall equal a percentage of his final compensation, multiplied by the number of years of law enforcement, fire, police or county peace officer service, as the case may be, such percentage to be $2\frac{1}{2}$ or, if less, the percentage obtained by division of 50 percent by the difference between age 55 and the member's age at his birthday nearest to the date of his first entry into any service to which this section, Section 21252.1 or 21252.2 of this part applied, whether or not such service is credited at retirement, increased, as to service following an absence from employment to which any such section applies, by the number of completed years of such absence. Any member entering such service at or after age 55 shall be deemed, for purposes of this section, to have entered such service at age 54.

The amendment to this section at the 1968 Regular Session shall apply only to such members retiring on and after the effective date of the amendment. Current and prior service pensions of such members retired prior to the effective date shall be continued in accordance with the provisions of this part (commencing with Section 20000) as they existed on the day preceding the effective date.

The percentage shall be reduced by one-third, as applied to that part of the member's final compensation which does not exceed four hundred dollars (\$400) per month for service after the effective date of coverage of a member under the federal system; provided, however, that the retirement allowance of any member who was a law enforcement member on October 1, 1965, and who is subject to such reduced percentage, shall not be less than the actuarial equivalent of the retirement allowance he would have received under this section prior to its amendment at the 1965 Regular Session of the Legislature.

SEC. 32. Section 21365.5 of the Government Code is amended to read:

21365.5. Upon the death of a member who has attained the minimum age for voluntary service retirement applicable to him in his last employment preceding death, and who is credited with five or more years of state service and in circumstances in which the basic death benefit is payable other than solely that of membership in a county retirement system, or a retirement system maintained by the university, a monthly allowance equal to one-half of and derived from the same source as the unmodified retirement allowance which the member would have been entitled to receive if he had retired for service on the date of his death shall be payable:

(a) To the surviving wife of a male member as long as she lives or until her remarriage; or

(b) To a dependent surviving husband of a female member as long as he lives or until remarriage; or

(c) To the children under age 18 collectively if there is no surviving spouse or if the surviving spouse dies or remarries before all children of the deceased member attain age 18, until

every child dies or attains age 18; provided, that no child shall receive any allowance after marrying or attaining the age of 18.

Where a member does not have a surviving spouse nor any children under the age of 18 years at the time of death, no allowance shall be payable under this section.

No allowance shall be payable under this section if a special death benefit or a benefit under Section 21337 is payable.

The allowance provided by this section shall be paid in lieu of the basic death benefit but a person, or such person's guardian, qualifying for the allowance may elect before the first payment on account of it to receive such basic death benefit in lieu of the allowance.

Any person who is receiving the allowance under this section on October 1, 1959, shall have the right to elect, not later than ninety (90) days after the date upon which notice of such right is mailed to him by this system, to receive in lieu of further payments of the allowance, a sum equal to the excess of the basic death benefit which was otherwise payable on account of the member's death over the sum of the monthly payments made prior to such election.

If the total of the payments made hereunder is less than the basic death benefit which was otherwise payable on account of the member's death, the amount of the basic death benefit less any payments made pursuant to this section shall be paid in a lump sum as follows:

(a) If the person last entitled to the allowance is the remarried spouse of such member, to such spouse;

(b) Otherwise, to the surviving children of the member, share and share alike, or if there are no such children, to the estate of the person last entitled to the allowance.

The board shall compute the amount by which benefits paid pursuant to this section exceed the benefits which would otherwise be payable and shall charge any such excess against the contributions of the state so that there shall be no increase in contributions of members by reason of benefits paid pursuant to this section. As used in this section, "a surviving wife" means a wife that was married to the member for at least one year prior to his death, a "dependant surviving husband" means a dependent husband that was married to the member for at least one year prior to the member's death, and "child" includes a posthumously born child of the member.

The fee for such permits is five dollars (\$5) per year, except that a permit without fee may be issued: (a) authorizing only the banding of birds and the exhibition of live or dead wildlife specimens by public zoological gardens, scientific or educational institutions; (b) to students regularly enrolled in commercial fishing classes in a school operating under the jurisdiction of the State Board of Education or in such classes in a community college and to faculty members of such schools or a community college when conducting regularly enrolled classes in commercial fishing. The license year for permits issued pursuant to this section is the calendar year or any part thereof. It is not necessary for the possessor of such a permit to have a sport fishing or hunting license to pursue the scientific collecting of any fish, aquatic animal or plant, bird, or mammal in this state.

Nothing in this section authorizes any act which violates Section 597 of the Penal Code.

186.4. In selecting or revising the select system of county roads or city streets in accordance with Section 186.3, the county or city, and the department in making its review and modification, if any, shall give consideration to the following criteria:

(a) The total mileage of the select system for any county or city shall not exceed 50 percent of the sum of state highway and locally maintained road or street mileage in the county or city less the state highway mileage in the county or city; except that this limit may be exceeded in the case of unusual circumstances reported by the county or city and determined by the department to constitute sufficient cause for exceeding the limit.

(b) Any route included in the select system of county roads or city streets shall meet one or more of the following tests:

(1) It shall provide an important traffic connection to a route in the state highway system.

(2) It shall be an important traffic lateral between two or more routes in the state highway system.

(3) It shall afford substantial traffic relief to one or more routes in the state highway system.

Routes in the state highway system may be included in the select system for the purpose of providing for contributions to and processing of projects pursuant to cooperative agreements with the department. Any route so included shall, upon relinquishment as a state highway, remain in the select system.

Any route not qualifying, or only partially qualifying, under any one or more of the foregoing tests may be included in the select system for the county or city only upon a showing of cause by the county or city in its report and upon a determination by the department that sufficient cause exists for the inclusion of the route in the system.

(c) A showing shall be made by the county or city in its report that every route included in its select system is coordinated with route selections of contiguous local jurisdictions and with routes in the state highway system.

(d) Notwithstanding any other provisions of this section, each county shall be entitled to include within its select system as many miles of county road as were included in its approved system of primary roads pursuant to Chapter 1 (commencing with Section 2000) of Division 3 on January 1, 1963, and each city shall be entitled to include within its select system as many miles of city streets as were included in its approved system of major city streets pursuant to Chapter 2 (commencing with Section 2050) of Division 3 on January 1, 1963.

The board of supervisors shall endeavor to coordinate the routes in the general or master plan of county roads with route selections of contiguous local jurisdictions and with routes in the state highway system. If the board of supervisors makes the designation authorized by this subdivision, and any route in the general or master plan of county roads is not coordinated with the route selections of a contiguous local jurisdiction, such contiguous local jurisdiction shall not be required, under subdivision (c), to make a showing of coordination of its select system routes with such route.

CHAPTER 393

An act to add Section 3512.1 to the Elections Code, relating to elections.

[Approved by Governor July 13, 1970. Filed with
Secretary of State July 13, 1970.]

The people of the State of California do enact as follows:

SECTION 1. Section 3512.1 is added to the Elections Code, to read:

3512.1. Notwithstanding the provisions of Section 3512, any person having attained the age of 18 who would qualify as an elector except for his age shall be competent to solicit signatures within the county or city and county in which he resides for any initiative petition proposing that the Constitution of the State of California be amended to lower the minimum voting age to 18.

SEC. 2. The Legislature finds and declares that persons age 18 to 21 who would qualify as electors except for their age, in the interests of justice and equal representation of all citizens, should be allowed a voice on the question of lowering the minimum voting age to 18. The persons directly affected are denied any final voice on the question by the Constitution, as under the Constitution the determination of whether the voting age should be lowered will be made by those 21 years of age and over.

For these reasons, the Legislature enacts this act so that those persons who are under 21 years of age may participate in the process of placing this matter before the electorate for a vote.

The Legislature is also aware that the circulation of initiative petitions has long been limited to persons who are electors, with substantial justification. Since it is the people who have the final voice to declare who shall exercise the rights of electors, the provisions of this act have been limited to the circulation of petitions to lower the voting age to 18.
